A Message from Mayor David H. Roche

Welcome Spring! 2019 is off to a great start here in the City as we are busy finalizing the budget to be submitted at the end of March. I am happy to report the State of the City is strong. The Kiwanis Lodge Phase 2 renovation is complete and we look forward to utilizing the space to its fullest potential. CubeSmart is tentatively scheduled to celebrate their grand opening on April 17. DealPoint Merrill has created a website for their proposed mixed use project on the former Sears Department store site. Visit <http://richmondheightstownsqa.com> for up-to-date information as well as a chance to participate in their contest to name the project. The \$2 million Richmond Road resurfacing project, which is 90% funded by the federal government, was awarded to Burton Scot Contractors. It is slated to begin mid to late April and will span from the Euclid border to the Lyndhurst border. As part of the 2019 County Road Preventative Maintenance Program, the City was awarded \$35,000 for improvements on Curtis-Wright Parkway, Harris Road, and Wilson Mills Road. The City continues to apply for, receive, and utilize grants, while collaborating with other government resources, to maximize the funding of City improvements and update equipment and facilities.

Residents are strongly encouraged to register *and* re-register for Cuyahoga County's newly upgraded platform of ReadyNotify which now includes the enhanced feature of CodeRED. You may have already received emails, text messages and phone calls from ReadyNotify requesting to re-register your information. Visit www.readynotify.us or download the CodeRED Mobile Alert App available at the iTunes Store or GooglePlay.

You are invited to attend the next "Community Conversations" event being held on Tuesday, April 30 at 7:00 p.m. at the Kiwanis Lodge. It is a fantastic opportunity to participate in informal roundtable discussions with some of our City's department directors and key members of the county, local businesses, and the community. As the agenda for the evening is finalized, we look forward to hosting you and members of DealPoint Merrill, the Cuyahoga County airport, Lyndhurst Municipal Court, and the local schools who will be available to assist residents in better understanding our challenges, bridge gaps, generate innovative solutions and inspire collaborative actions while reviewing plans and progress within the City. We also encourage residents to sign up for all our volunteer opportunities at our various upcoming events, programs and activities year round. Our volunteers and sponsors are the heart of the City and without them, the success of our recreation activities wouldn't be possible.

Save the Dates: Monday, June 3 the Community Outdoor Pool and spray ground will be opening; and on Sunday, July 7 we will be hosting a new twist on an old favorite event called "Family Day" starting with a community family picnic, free frozen dairy treats followed by a family friendly movie on three digital screens.

Please bookmark our website richmondheightsohio.org on your cell phone to get the latest City information wherever you are. I look forward to seeing you soon at our upcoming activities.

POLICE DEPARTMENT FACEBOOK PAGE

On December 26, 2018 the official Richmond Heights Police Department Facebook Page was created and launched. The page was created with the intention of being a community policing tool that the department can use for investigative purposes such as posting photos and/or videos of crime suspects, as a way to display how officers interact with the community, a way to get useful information out to the community quickly, and it will also serve as a recruitment tool to aid in attracting qualified applicants to the department during periods of hiring. Additionally, it is a way to show officer-friendly stories as well as offer glimpses into the history of the city and Police Department.

The page was created with the approval of Mayor David Roche and is run by five page administrators within the Police Department. The page administrators are Chief Tom Wetzal, Sgt. Denise DeBiase, Sgt. Rick Olexa, Detective Greg Patterson and Administrative Assistant Jennifer Schultz. The number of administrators and the variance of their schedules allows the page to be monitored around the clock so that necessary information can be posted to the page quickly, if needed. To this date, the page has received close to 1300 “Likes,” our posted videos have been viewed over 40,000 times, and all posts combined have been viewed by over 100,000 people. We are excited to have the page up and running and believe that it will be indispensable in bringing a higher level of service, and an improved partnership with the residents of Richmond Heights.

SYSTEM OFFERS EXPANDED EMERGENCY NOTICES

The ReadyNotify emergency notification system is in the process of upgrading to a new platform, called CodeRED. ReadyNotify is Cuyahoga County’s emergency notification system. The system is used by Richmond Heights to send messages concerning emergencies, weather events, and community news. As part of this transition, citizens currently subscribed to ReadyNotify are encouraged re-register in the upgraded system by visiting www.readynotify.us or downloading the CodeRED Mobile Alert App, available at the iTunes Store or GooglePlay.

“Technology is ever changing,” said County Executive Budish, “Even in the five years since we launched ReadyNotify, the advantages and features of the new ReadyNotify powered by CodeRED offer so much more. It is so important that our residents stay safe during emergencies and ReadyNotify is a powerful tool for that.”

Re-registering is vital for current users to ensure that the system has accurate contact information and to enable added functionality and features of the upgraded system, including targeted weather alerting for home, work or travel, safety alerts like Boil Alerts or other emergency notifications and community specific updates.

To help citizens re-register, over the next few weeks notifications will be sent via ReadyNotify to all current subscribers. The notifications will contain the following language:

Text: ACTION NEEDED: To continue receiving messages from the ReadyNotify system, please re-register at readynotify.us. For questions call: (216) 443-5700.

Email/ Phone Call: Cuyahoga County is in the process of upgrading the ReadyNotify System. To ensure you continue receiving notifications from the ReadyNotify system, you must RE-REGISTER at www.readynotify.us. If you have any questions, please email: readynotifysupport@cuyahogacounty.us. or call (216) 443-5700.

Re-registering is so important. It allows the information you receive to be customized to where you spend your time, and what you want alerts about. Also, preferences can be updated at any time, so the system is ready to meet your ever-changing needs.

SPECIAL KIND OF OFFICERS

On March 14, Richmond Heights Policeman Dave Jake visited a resident on Douglas to advise her about a complaint involved a tattered American flag. The resident was an elderly female who asked Officer Jake to simply remove the flag and dispose of it. Officer Jake removed the flag, and will properly and respectfully dispose of it. But the story doesn't stop there! His supervisor, Sergeant Denise DeBiase, then gave Officer Jake her own money to go and purchase a new flag for the resident. Officer Jake then put the flag up for the resident. These actions truly define the culture, mindset and professional class of the Richmond Heights Police Department which continually goes above and beyond for the residents of Richmond Heights.

FIRE DEPARTMENT RESIDENTIAL LOCK BOX PROGRAM

The Residential Lock Box Program is designed to expedite access to a resident's home during medical or other emergencies, when the resident is unable to answer the door. The Lock Box Program also reduces the likelihood of property damaged caused by first responders forcing entry into a home during an emergency.

Who installs the lock box? The resident is responsible for the installation of the lock box. The wall mounted box should be securely fastened to the home. The over the door model requires no special installation and just mounts over the top of the door.

Where do I have the lock box installed? For the wall mounted model, Richmond Heights Fire Department recommends the lock box be installed on or near the front door, approximately 5 feet high to the bottom of the box. The over the door model should be mounted near the hinge side of the entry door. This model should not be mounted on the screen or storm door. Other locations should be pre-approved by the Richmond Heights Fire Department.

What should you do when the box is installed? Call the Richmond Heights Fire Department at (216) 383-6325 to schedule a date and time. The firefighters will come to your residence and lock a copy of your house key in the lock box.

How do you get a lock box? The Roper Lock Box is available for residential use only. The cost of the Roper Box is \$36.58 which includes tax and shipping. To order a lock box call: Roper Lock Box; 7600 Olde Eight Road; Hudson, Ohio 44236; Call (800) 466-9312 Or www.roperlock.com

Wall Mount Model: CGLW-A

Use Key Code: Richmond Heights Fire Department

Over the Door Model: OTDCCL

Please feel free to contact the Richmond Heights Fire Department at (216) 383-6325 with any questions.
