## A Message from Mayor Daniel J. Ursu

As I write this, the recent heavy snows, sleet, rain, and severe weather conditions in December, coupled with the subsequent freezing, thawing, and refreezing have presented our Service, Police, and Fire Departments in Richmond Heights and the entire Hillcrest area with many unique challenges.

When severe winter weather occurs over many hours or days, the Service Department snow plow drivers work continually around the clock to clear the main roads, with only short breaks to sleep and eat. The Service Department's priority is to assure that main roads are traversable so that residents leaving subdivisions and/or side streets can safely reach their destinations. Please know that when severe weather hits, the Service Department plows are doing all that they can, within the above limitations, to keep the main streets clear. Once done, they then address the side streets as quickly as possible.

In severe winter weather, the frequency of traffic accidents and vehicular breakdowns increases dramatically. Under these circumstances, our Police Officers are crucially needed to assist disabled vehicles and to respond to accident scenes, in order to help the involved motorists safely on their way. Intuitively, sometimes a traffic accident site or disabled vehicle will hamper Service Department plow efforts to clear snow, slush and ice from our roads. Please know that our Police Officers are professionally trained for these situations and are doing everything possible to clear the scene safely for the motorists involved and for those traversing the area.

Severe winter weather also impacts the Fire Department's ability to make paramedic and fire runs. On such calls, the Fire Department encounters the same snow, slush, freezing temperatures and ice that we all do except that they must professionally work through it to accomplish their mission. Fire fighting and rescue under these conditions is a daunting task since moving parts on equipment lock up and the firefighters' water freezes underfoot, on equipment and on the bodies of our men, making an already challenging situation all the more difficult.

The men and women of our Police, Fire and Service Departments work hard for us all year round, but especially hard when responding in the winter elements. Let us recognize their superb efforts that are greatly appreciated and needed now more than ever!

Although we are in the midst of a uniquely difficult winter, let us count our blessings especially relative to the unfortunate citizens of Southeast Asia who are enduring the devastating effects of the December 26<sup>th</sup> Tsunami.

## POLICE PERSONNEL

Lieutenant Joseph Steffen retired from the Police Department on October 17. Joe joined the department in 1981, after serving with the Cuyahoga County Sheriff's Office. Joe was promoted to Sergeant in 1985 and to the rank of Lieutenant in 1988. He began teaching the DARE Program to Richmond Heights students in 1989 and continued to teach until 2000. In concert with his interest in the students, he was instrumental each year in determining the recipient of the Teen Citizen of the Year Award.

Lt. Steffen played a key role in the construction of the new police building, overseeing much of the building technology and the construction of the jail area. He became the "go to" person for computer and technology problems in the department.

The lieutenant and his wife and son will continue to reside in Richmond Heights. He also hopes to have more time to spend pursuing his interest in scuba diving.

## DARE PROGRAM

The Police Department was once again the recipient of a grant from the Ohio Attorney General's Office to

conduct the DARE Program in the Elementary School for the 2004-2005 school year. This grant helps to offset some of the costs to the department to administer this program. This year's grant was for \$ 2,362.00.

## AT YOUR SERVICE DEPARTMENT NEWS

### SLOW DOWN TO GET AROUND

The Service Department would like to remind everyone to be patient with the snowplow trucks; they are working to make the roads safer for you.

Also, please be careful when the road crews are working. It is very dangerous to work on the roads when drivers are not observing speed limits or safe driving when the roads are snow covered or icy.

The Service Department now has two bins for clothing and shoes provided by: **Planet Aid.**

Planet Aid is a non-profit organization. The clothes are either sold in Planet Aid stores or donated to People organizations in Latin America or Africa, as well as here in the United States. Proceeds from sales are used in Planet Aid's projects or donated to other programs.

The two bins are for clothing and shoes **only**. All items must be in plastic bags. You will find the bins located near the recycling area at the Service Department. The Service Department would like to wish everyone a Safe and Happy New Year!

### A Note from the Service Director: Don Lazar

I would like to wish the best of health and happiness to Fran Baldner who has retired after working 30 years for the Richmond Heights Service Department. He was the Department Foreman for over 25 years. Thank you for your many years of outstanding service.
