A Message from Mayor David H. Roche

After many years as a public official here, it has always been my honor to serve you and do my part to make Richmond Heights the best City it can be. Now that I am your mayor, my administration and I are doing what it takes to maintain your property values, keep you safe, help you grow your businesses, and encourage camaraderie among us. From reading the summaries below, I think you will agree that your team of City officials is doing a superb job of achieving the best outcomes for Richmond Heights.

For example, I brought back Phil Seyboldt as our Building Commissioner. Phil is bringing back his proven vision for keeping Richmond Heights beautiful. Seyboldt inspects progress on new construction, home repairs, and arranges for the removal of blighted structures. After almost ten years, we are slated to demolish the Amoco Gas Station at the corner of Chardon and Richmond Road. With help from the Cuyahoga County Land Bank, the old gas station should be gone by summer and lush green space will take its place.

We are actively marketing our City to newcomers because our City is an ideal place to live and work. Through our expanded and updated web site, which will "go live" in the weeks to come, we are showcasing the fresh face of Richmond Heights by featuring more in-depth information from each of our city's departments. We believe our new web site will draw interest from businesses and community members who may consider shopping, living, working and/or manufacturing in Richmond Heights.

We recently enhanced Police and Fire Departments with the acquisition of additional safety personnel and equipment. On Tuesday January 27, I gave the oath of office to Patrolman Donald Stocum; our first newly hired police officer since 2009. In November, 2014, the Division of Fire obtained a new Type I ambulance and a new "chase vehicle". These two new vehicles are already on our streets ready when you need them.

We have also seen promising expansion of our local industries. In particular, we appreciate and support Merit Brass' ongoing contribution to our community as demonstrated through the construction of its new 25,000 square foot warehouse. We plan to continue supporting our local industries while encouraging new industries to establish their businesses right here in Richmond Heights.

The task of uplifting Richmond Heights is one that I embrace. So I want to hear your thoughts and ideas as to what steps forward might work best. To get your perspective, we are increasing our community engagement with our ongoing "Community Conversations" series, and our upcoming E-Newsletters which are both explained in this issue of the City Edition. Similarly, we encourage you to register for **Ready Notify**—a County emergency notification system designed to provide City informational updates and guide and instruct you as to what to do in the event of a serious emergency.

As you will read, we are very busy here at City Hall because you deserve our very best and that's what we strive to provide for you every day.

POLICE DEPARTMENT CURRENTLY SEEKING VOLUNTEER AUXILIARY POLICE

The Richmond Heights Police Department has 14 auxiliary officers and is looking to expand the unit to ease the burden of our Police Department. Volunteer officers help to keep our community safe by providing services such as directing traffic, following an accident, and assisting other officers. Auxiliary officers do not carry firearms, are not expected to make arrests. However they do observe and report on safety issues.

Other than for emergencies, the scheduling is very flexible and can accommodate most lifestyles. These roles are non-dangerous and something that most citizens could perform. Previous related experience or exceptional physical strength are not necessary. Auxiliary officers come from all types of backgrounds, namely technology specialists, customer service representatives, and retirees.

Requirements for applicants include: at least 21 years old, a "clean" criminal background, volunteering a minimum of 12 hours per month, and a dedication to serving the community. Common sense is essential to being successful in this position. Our highest priority is that we keep you safe and out of harm's way. Training for new applicants consists of a total of 24 hours which is spread out over six training sessions. All uniforms and equipment are provided to you from the department at no cost. If you are interested or have any further questions, you can stop by the Richmond Heights Police Department to pick up an application or leave a message for the Auxiliary Commander.

RICHMOND HEIGHTS POLICE DEPARTMENT NEWS

Recognition

Patrolman Joseph Arbogast received a "Top Cop" Award from **Mother's Against Drunk Drivers (MADD)** for his enforcement efforts in removing impaired drivers from the streets of Richmond Heights. Ptl. Arbogast, his wife Carrie and Sgt. Denise DeBiase attended this event as Joe was presented with the award and the Richmond Heights Police Department was recognized for its commitment and service to **MADD**.

CITY HIRES AN ADDITIONAL POLICE OFFICER

On January 27, Mayor Roche gave the oath of office to Patrolman Donald Stocum. The Police Officer is the first of two officers that will be added to the full time staffing of the department since the passage of the income tax levy. Five officers were laid-off in 2009 due to the recession and the State's cuts in local government funds to municipalities.

PROGRAMS/INITIATIVES

The Police Department will bring the D.A.R.E. Program back to the elementary school in the spring of 2015. The program has not been offered since 2008 due to staffing and budgetary restrictions. The addition of two officers by spring and the awarding of a grant from the Ohio Attorney General's Office will make this comeback possible.

The Police Department provided the Richmond Heights City School System with 380 Child ID Kits in conjunction with the National Child Identification Program. Each kit contains an inkless fingerprint kit, a DNA Collection Swab and a wallet ID card. This is great information to retain for the safety of our children.

BLIGHTED AMOCO GAS STATION TO BE DEMOLISHED THIS YEAR

Since closing in 2006, the Amoco Gas Station located at 26102 Chardon Road has remained dormant. According to an Ohio Environmental Agency site assessment, the level of chemical contamination in the soil at the station is sufficiently high that the land has been identified as a "Brownfield".

To correct this Brownfield condition, the City of Richmond Heights, in collaboration with the Cuyahoga County Department of Development and the Cuyahoga County Land Bank, is in the final

planning stages of restoring the site to a useful green space. Through a generous \$200,000 Brownfield grant that the County Department of Development recently awarded Richmond Heights, the City has engaged the County Land Bank to facilitate the remediation of the site. Remediation will include removing any remaining underground storage tanks and materials and eliminating soil contamination. In addition, the Land Bank will demolish the structure on the site.

The Land Bank estimates that it will complete the demolition during spring, 2015. Richmond Heights Director of Economic Development Christel Best says that citizens are eager for the project to get underway. "People ask me all the time 'what is going to become of that gas station?' and they seem encouraged when I tell them that we are making steady progress toward the remediation." Explains Best.

The City/County collaboration on this project highlights how much can be accomplished when local and regional governments work resourcefully together. "After all these years, we are happy to have a plan forward for that corner thanks in large part to help from the Land Bank and the County Department of Development." says Mayor David Roche.

INFORMATION FROM YOUR SERVICE DEPARTMENT

Snow Season...The following information will help us get through this winter. . .

- a. Please be prepared for poor weather conditions at all times, if there are poor road conditions forecast make arrangements to leave earlier
- b. If we encounter continuous heavy snowfall, resident should not have "unrealistic expectations" of the Service Department
- c. The City is **NOT responsible** for removal of snow thrown into any driveway by City snow plows
- d. Residents or snowplowing contractors should avoid plowing, shoveling, or blowing any snow onto the road surface. Piles of snow in the road can create dangerous obstacles for motorists and the City snowplowing equipment. If a person is reported leaving snow in the roadway, he/she could be subject to a possible citation
- e. Residents should also stress to their children to stay out of the path of snow being thrown off the plows; there could be rocks or ice that could injure a child in its path. Also, children should **not** dig tunnels in the snow or build igloos near the roadway or roadside ditches.

Rural Mailboxes...Mailboxes should be kept in good condition so they can withstand being hit by the force of the snow being thrown off the plow trucks. If a mailbox is damaged or the post broken because of thrown snow, the City **will not** repair or replace it.

The City will only repair or replace a mailbox that has been hit directly by the snowplow equipment. If the City does have to replace a mailbox post it will be done with a post that is no larger than a 4"x4". All mailboxes & posts that have to be replaced because of a direct hit from a City plow will be replaced with a **conventional box & wood post only.**

NEW BUSINESS OPENS

People's Dollar Plus, located at 215 Richmond Road on the City's North side, opened its doors on July 16, 2014. Owner and Operator, Dave Ali a 40 year resident of Richmond Heights, is hopeful that People's Dollar is just one new businesses that will occupy the City's North end (an area targeted for revitalization by City of Richmond Heights' Economic Development Team). As an independent, People's Dollar Plus has a unique and eclectic product mix that separates it from other stores in the area. In the store you will find clothing, jewelry and pet supplies among the typical dollar store items. With the addition of fresh food items such as milk, eggs and bread, along with the many dry grocery items, Mr. Ali strives to make People's Dollar a one-stop shop for the community's needs. Named in honor of the business his parents began on 117th and St. Claire in 1959, Dave Ali is working to make People's Dollar more than just a place to get a few needed items; he is eager to make it a place where customers can stop by, get great deals, a friendly smile and the kind of community-friendly customer service that harkens back to the days of General Stores and Five and Dimes. Please stop by, say, "Hi." to Mr. Ali and check out the store's great deals and quality products.

A special thank you to the Richmond Heights Garden Club "Trim-A-Tree" Committee for decorating the holiday tree at City Hall. (L to R) Dorothy Smrtnik (kneeling) Committee Head Dolores Scialino and Susan Myers.
