## **A Message from Mayor Daniel J. Ursu**

Good news – several new or existing businesses in Richmond Heights are adding employees in our city. This is important, because most of the revenues used to pay for City services such as Police, Fire/Paramedic and Service Departments come from persons working during the day within the borders of Richmond Heights.

Moving soon into the Horizon Building on Curtiss Wright Parkway, will be Tranzonic Interior, a manufacturer of cleaning supplies and safety products. They will employ about 60-100 persons once they begin operations. Secondly, the Capital Senior Living Project, The Waterford, which has been under construction on the east side of Richmond Road at Merit Drive, should be open by the time you read this. They will provide a high quality living environment for seniors and will employ roughly 30-35 persons. Thirdly, it was with great excitement that University Hospital Richmond Medical Center relocated its Department of Psychiatry from its University Circle Campus to Richmond Heights. The hospital has recently remodeled an entire floor to accommodate its adult in-patient and geriatric services. This state-of-the-art renovation will result in employment of numerous persons in Richmond Heights.

Congratulations to University Hospital Richmond Medical Center on its January 8<sup>th</sup> Grand Opening of this facility.

Finally, I want to give you advance notice of a new initiative which will start in the near future – a Neighborhood Mediation Program. This will be sponsored by the Richmond Heights Cultural Commission which I began several years ago. Colonel Carl Carter, Commission Chairperson; Police Chief Gene Rowe and I have been busy interviewing volunteer mediators who will be undergoing their training in 2009. Once the program is established, resident neighbors who have differences of opinion over issues such as the color of a backyard fence can access the program to work towards a gratifying resolution for all parties involved. You will be hearing more about this as the program becomes a reality.

Spring time is right around the corner. See how you can be recognized for helping beautify our City in the months ahead on page 3 of this issue!

### NEIGHBOR PROFILE

Our neighbor profile this month is of Mr. Eddie Endres. Mr. Endres has lived in Richmond Heights for 28 years. His wife of 61 blissful years is June Endres. Together they have 6 children, 17 grandchildren and several great grandchildren. Three of their children still reside in the greater Cleveland area.

When asked about his greatest accomplishments in life, Eddie was quick to point out that raising 6 children with his lovely wife, June, was one of his biggest life accomplishments. All of his children are very successful. Together he and his wife have raised a company president, a nurse, a manufacturer, two teachers, and a sales manager.

His second biggest accomplishment was the 45 years of service that he was able to dedicate to Parker-Hannifin Corporation where he designed various valves and fittings for several models of Boeing commercial airplanes. Eddie truly loved designing products for Parker-Hannifin. He also enjoyed serving as President of the Parker-Hannifin PACO Federal Credit Union for 10 years. The love for his design work combined with the friendly work environment and multitude of travel opportunities at Parker-Hannifin motivated Eddie to dedicate 45 years of service to the company.

Eddie is also a military veteran. He served in the army for 2 years before a knee injury abruptly ended his army career. However, he was proud to serve his country over that brief period of time.

His favorite activity is celebrating holidays and special occasions with his huge family, especially with his grand and great grandchildren. His past hobbies included bowling and woodworking. Throughout the years, he has hand-carved custom wooden toys for many of his grandchildren and built many custom shelves.

Mr. Endres said that he enjoys living in Richmond Heights because the community is full of friendly neighbors and provides a safe, secure environment, thanks to the commitment and dedication of our fire and police departments. After residing in Cleveland Heights for 19 years and in South Euclid for 8 years, he certainly understands the recipe for a great community. He puts Richmond Heights at the top of the list.

## FROM THE LYNDHURST MUNICIPAL COURT

Judge Mary Kaye Bozza believes one of the most exciting parts of her job is her opportunity to educate the community:

“During a recent speaking engagement at Sherri Park apartments, a resident asked me my views about what I will call a “good Samaritan accident”. This type of accident occurs when a driver is trying to enter a four-lane roadway from a private drive or side street without a traffic light in order to make a left turn. A great example is when exiting Ferrara’s to go left onto Mayfield Road. Typically, as the exiting vehicle approaches the roadway, the driver of the nearest vehicle in the eastbound curb lane of the road stops and motions for the exiting vehicle to proceed. However, another vehicle traveling eastbound on Mayfield Road in the left lane does not stop. Often, neither the exiting driver nor the driver already on Mayfield Road sees each other, and serious accidents occur.

It is important to know that under Ohio law, despite being motioned by the good Samaritan driver to enter the roadway, the exiting driver is at fault for failure to yield. The law does not permit you to rely on another driver’s opinion as to whether the roadway is clear for you to enter. So make sure that you rely on your own observations and not someone else’s before entering a roadway. After all, while the good Samaritan is just trying to be nice, he or she won’t be paying your traffic ticket”.

In July, she addressed five scholarship recipients at the Richmond Heights Kiwanis Club Awards Night. Congratulations to Richmond Heights residents Mui D. Choi, Catherine Clampitt, Gabriel Gomes and Nathaniel Kinkoff, who graduated from Richmond Heights High School, and Megan T. Kelesian who graduated from Regina High School. These students achieved excellence throughout their high school years and were recognized with a college scholarship from the Kiwanis Club.

## Service Department - Winter News & Notes

### SENSIBLE SALTING PRACTICES FOR THIS WINTER SEASON

*Please note: all surrounding cities will be following similar guidelines*

1. **There will be no salting between the hours of 11:00 p.m. & 4:00 a.m. EXCEPT for hills, and MAIN intersections.**  
During these hours it is not feasible to salt main roads. Due to low traffic volumes, the salt is not effective and in some instances can create even worse conditions. The goal of the Service Department will be to provide a “passable roadway” which is defined as “a roadway surface that is free from drifts, snow ridges, and as much ice and snow pack as is practical and can be traveled safely at reasonable speeds.”
2. **Salting during snow events.**  
During periods of snowfall of 1” or more per hour, main roads will be plowed as frequently as possible but will only be salted at intersections, hills, curves, bridges, and school zones. “Spot salting” defined as “intermittent spreading of salt at 150’ intervals”, will also be utilized when practicable.
3. **Limited salting on secondary roads.**  
Secondary roads will be plowed as often as possible, but will not be salted except for 200’ at each intersection, and at hills, curves, bridges, & school zones. Spot salting will be utilized on secondary roads when practicable.

**Printed on behalf of the Richmond Heights School Board for those residents who are part of the Richmond Heights School District.**

Leroy Turner painted this image of St. Michael for Kyle Roth (an area military soldier) and his unit in Iraq. Kyle has recently been re-deployed to Iraq where we are shipping his symbolic work of St. Michael watching over soldiers represented throughout history. The district's Art Department at all levels has consistently developed the artistic talents of our students.

### ELEMENTARY SCHOOL ARTIST RECOGNIZED

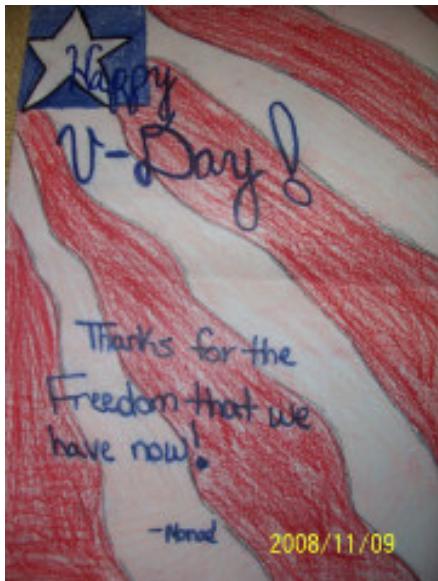

At the December 8 Board meeting, approximately 50 Elementary students were recognized for their exceptional artwork. During the months of October and November, the Richmond Town Square

Starbucks displayed the portraits drawn by our students for the entire community to enjoy. The Elementary School has a program called H.A.T.S. (Helping All To Succeed). Art Teacher, Carol Tizzano, instructed her students to create a portrait of themselves or others wearing their favorite hat.

### SECONDARY SCHOOL ART CLASSES SEND THEIR CREATIVE ARTWORK TO MILITARY VETERANS

The Seventh Grade art classes created Veterans Day cards with original artwork for veterans at the Department of Veterans' Affairs Outpatient Clinic in Painesville, Ohio. The art students have been sending well wishes and lovely artwork like this to veterans for the past seven years.

### Richmond Heights Key Club

The Richmond Heights Key Club was internationally recognized as a showcase club by Kiwanis International as a unique Club which overcame the local school financial limitations. The Key Club joined forces with the Richmond Heights Kiwanis Club and presently meets weekly at the Kiwanis Lodge during the same night as the local Kiwanis Club meeting. Presently, membership exceeds 25 students. The Richmond Heights Kiwanis Club is the sponsoring Club with David H. Roche as the Key Club advisor.

Key Club is the oldest and largest service program for high school students. What makes Key Club so successful is the fact that it is a student-led organization that teaches leadership through serving others. Members of the Kiwanis International family, Key Club members build themselves as they build their schools and communities. Showcased in December issue of Kiwanis International Magazine.

### SCHOOL IMPROVEMENT

On the Local Report Card, as determined by the Ohio Department of Education, the Elementary School fell into the category of "School Improvement". This means that for the past two years, we did not meet AYP (Adequate Yearly Progress) in one or more categories. As a result, we have to comply with four basic requirements of the State:

- inform the parents of students in the school of the categorization,
- offer school choice, (**not** a voucher system)
- provide professional development opportunities for teachers, and
- develop and implement a plan to improve.

Because we have only one elementary building in the district, we asked nearby districts if they would accept our students. This request was declined. In accordance with the federal and state guidelines, the only other choice we can offer is a charter school not in school improvement. There are two such charter schools in the area, one already has a waiting list of students for the current year, and the other is a virtual, cyber school.

Plans for professional development opportunities for our teachers are coming together, and the improvement plan is off to a good start with the Ohio Improvement Planning process. The district recently received federal funds to help finance some of these efforts.

### DISTRICT IMPROVEMENT PLAN

One advantage of our Elementary School's status as a school in "School Improvement" is our inclusion in the Ohio Improvement Planning process. At least once monthly, a team of teachers, administrators, counselors and community members led by representatives from the Ohio Department of Education meets to develop a plan to improve the delivery of instruction to our students. To date, the Team has identified areas in need of improvement and developed an action plan to be implemented by the entire staff.

### VARIETY SHOW

If you were fortunate enough to find a seat, you enjoyed the performances put on by the Richmond Heights High School and Seventh and Eighth Grade Choirs as well as a select group of very talented musical stars. The large groups sang a wide range of music from gospel to rock to holiday songs. Solos, duets, and small ensembles performed songs from the 60's through to current hits receiving a tremendous response from the audience. Mrs. Caswell's students performed before a standing-room-only crowd.

For a small school district, we are able to nurture the artistic talents of our students. Congratulations to all the talented performers and their gifted teacher!

### LUNCH WITH THE SUPERINTENDENT

Superintendent Jim Herrholtz hosts lunch with students periodically throughout the school year. In December, he dined with a delightful group of elementary students, one from each grade level K-6, selected by their teachers. The students were served pizza, salad and brownies and talked about current events, their pets, what they wanted to be when they grew up, their favorite subject, and vacations.

Seated at the Board table with Elementary Principal Pam Barovian, these children could be future members of the Board of Education.

### RICHMOND HEIGHTS SCHOOL BOARD ELECTS NEW OFFICERS

Linda Pliodzinskas filled the position of Board President effective November 18. At the same meeting, Charles Tyler, Sr. was elected to serve as the Board's Vice President. Mrs. Pliodzinskas is a long-time resident and senior member of the Board of Education. She and her husband have 2 sons who have already graduated from our schools, and their youngest son will graduate this spring. Mr. Tyler is relatively new to our community. He is an attorney, and he and his wife have two young sons.
