EDITOR'S NOTE

The arrangement and numbering of the Codified Ordinances into component codes, titles, chapters and sections are based on an adaptation of the decimal numbering system which is similar to that used in the Ohio Revised Code, and in accord with the best accepted practice in instituting a codification. Each section is self-identifying as to code, chapter and section number. For example, 305.06 indicates that the code number is 3, the chapter number is 305 (or the 5th chapter within code 3), and the section number is .06. The code and chapter numbers appear left of the decimal, with the code number preceding the first two digits left of the decimal, and the chapter number being all digits left of the decimal. The section number appears right of the decimal. As another example, 113.10 indicates the code number is 1, the chapter number is 113 (or the 13th chapter within code 1), and the section number is .10.

This numbering system has the advantage of inherent flexibility in allowing for an almost endless amount of expansion. Codes, titles and chapters initially are odd-numbered, thus reserving the use of even numbers for future legislation. Sections within chapters are consecutively numbered, except that penalty provisions are usually assigned the number .99 as used in the Revised Code. Newly created sections subsequent to the original codification may be indicated by three digits right of the decimal in the event the law properly belongs between two consecutively numbered sections. For example, newly created 575.061, 575.062 and 575.063 follow 575.06 and precede 575.07 to be placed in their logical position.

Section histories enable a user to trace the origin of the law contained in the section. The history indicates the derivation by reference to either its passage date and the ordinance number originally assigned to it at that time, or to its inclusion in any prior code. Sections without histories indicate that the section contains new matter which was ordained by the Adopting Ordinance which enacts the Codified Ordinances.

The Comparative Section Table is included to show the disposition of every ordinance included in the Codified Ordinances. It indicates whether a given ordinance was consolidated with another into one section or split into two or more sections. Cross references direct the user to subject matter reasonably related to material contained within a given chapter.

EDITOR'S NOTE: Source material for the 1970 Codified Ordinances of Richmond Heights was ordinances or resolutions enacted by City Council or new matter ordained by the Adopting Ordinance. Sections of the 1970 Codified Ordinances without any history indicate that such sections contain new matter ordained by the Adopting Ordinance. In the following table the disposition of all source material in the 1970 Richmond Heights Codified Ordinances is indicated.

PREAMBLE

We, the people of Richmond Heights, in the County of Cuyahoga, State of Ohio, in order to secure the benefits of municipal home rule and local self-government under the Constitution and Laws of the State of Ohio, do hereby adopt this Charter.

ARTICLE I

NAME

The Municipality now existing in the County of Cuyahoga, State of Ohio, and known as Richmond Heights shall continue to be a body politic and corporate under the name of Village of Richmond Heights. If and when the Municipality of Richmond Heights shall, under the Constitution and the general laws of the State of Ohio, become a city, it shall be known as the City of Richmond Heights, and wherever in this Charter the word "Village" appears, it shall then be construed to read "City", and the provisions of this Charter shall apply whether this Municipality is a Village or a City.

ARTICLE II

BOUNDARIES

The Municipality of Richmond Heights shall have the same boundaries as now exist, but with power and authority to change its boundaries in the manner authorized by the laws of Ohio.

ARTICLE III

FORM OF GOVERNMENT AND POWERS

SECTION III-1. FORM.

The Municipal government provided by this Charter shall be known as the "Mayor-Council Form of Government".

SECTION III-2. POWERS.

Pursuant to the provisions and subject only to the limitations imposed by the State Constitution and this Charter, all powers of the Municipality shall be vested in an elective council, hereinafter referred to as "the Council", which shall enact local legislation, adopt budgets, determine policies, and work with the Mayor, who shall execute the laws and administer the government of the Municipality. The Municipality of Richmond Heights shall have all the powers, general or special, governmental or proprietary, which may now or hereafter lawfully be possessed or exercised by municipalities under the laws of Ohio. All such powers may be exercised in the manner prescribed in this Charter, or, if not prescribed herein, in such manner as the Council may determine, or, unless a contrary intent or implication appears in this Charter or in the enactments of the Council, in such manner as may now or hereafter be provided by the Laws of Ohio.

ARTICLE IV

THE COUNCIL

SECTION IV-1. COMPOSITION AND TERM.

(a) Composition. The legislative powers of the Municipality, except as otherwise provided for by this Charter and by the Constitution of the State of Ohio, shall be vested in a Council of seven (7) members; one of whom shall be elected by the people at large as the President of Council, two (2) of whom shall be elected by the people at large as Councilperson at Large, and four (4) of whom shall be elected by the people from wards, one from each of the four (4) wards.

The four (4) members of Council to be elected by ward shall be elected to serve a two (2) year term at the election in the year 1989 and shall be elected to serve four (4) year terms at the elections to be held in the year 1991 and thereafter.

Notwithstanding the aforesaid time periods for adjustment of the boundaries of the four (4) wards in the Municipality, Council shall review and consider adjusting the boundaries of the four (4) wards every ten (10) years following Council's previous adjustment of the boundaries so that the substantial equality in population of the four (4) wards shall be maintained. Each ward shall be composed of contiguous and compact territory bounded by natural boundaries and street lines to the end that the population of each ward will have representation equal to that of each of the other three (3) wards in the government of the Municipality.

(Amended 11-4-03.)

(ORC 1.15)

(5) In all cases where the law shall require any act to be done in a reasonable time or reasonable notice to be given, such reasonable time or notice shall mean such time only as may be necessary for the prompt

performance of such duty or compliance with such notice.

(d) Authority. When the law requires an act to be done which may by law as well be done by an agent as by the principal, such requirement shall be construed to include all such acts when done by an authorized agent.

(e) Joint Authority. All words purporting to give joint authority to three or more municipal officers or other persons shall be construed as giving such authority to a majority of such officers or other persons, unless it shall be otherwise expressly declared in the law giving the authority or inconsistent with State statute or Charter provisions.

(f) Exceptions. The rules of construction shall not apply to any law which shall contain any express provision excluding such construction, or when the subject matter or context of such law may be repugnant thereto.

101.04 REVIVOR; EFFECT OF AMENDMENT OR REPEAL.

(a) The repeal of a repealing ordinance does not revive the ordinance originally repealed nor impair the effect of any saving clause therein.

(ORC 1.57)

(b) An ordinance which is re-enacted or amended is intended to be a continuation of the prior ordinance and not a new enactment, so far as it is the same as the prior ordinance.

(ORC 1.54)

(c) The re-enactment, amendment or repeal of an ordinance does not, except as provided in subsection (d) hereof:

(1) Affect the prior operation of the ordinance or any prior action taken thereunder;

(2) Affect any validation, cure, right, privilege, obligation or liability previously acquired, accrued, accorded or incurred thereunder;

(3) Affect any violation thereof or penalty, forfeiture or punishment incurred in respect thereto, prior to the amendment or repeal;

(4) Affect any investigation, proceeding or remedy in respect of any such privilege, obligation, liability, penalty, forfeiture or punishment; and the investigation, proceeding or remedy may be instituted, continued or enforced, and the penalty, forfeiture or punishment imposed, as if the ordinance had not been repealed or amended.

(ORC 1.55)

(b) If a section refers to a series of numbers or letters, the first and the last numbers or letters are included.

(ORC 1.46)

(b) If a general provision conflicts with a special or local provision, they shall be construed, if possible, so that effect is given to both. If the conflict between the provisions is irreconcilable, the special or local provision prevails as an exception to the general provision, unless the general provision is the later adoption and the manifest intent is that the general provision prevail.

(ORC 1.51)

(c) (1) If ordinances enacted at different meetings of Council are irreconcilable, the ordinance latest in date of enactment prevails.

(2) If amendments to the same ordinance are enacted at different meetings of Council, one amendment without reference to another, the amendments are to be harmonized, if possible, so that effect may be given to each. If the amendments are substantively irreconcilable, the latest in date of enactment prevails. The fact that a later amendment restates language deleted by an earlier amendment, or fails to include language inserted by an earlier amendment, does not of itself make the amendments irreconcilable. Amendments are irreconcilable only when changes made by each cannot reasonably be put into simultaneous operation.

(ORC 1.52)

- (ORC 1.49)

101.08 SEVERABILITY.

If any provision of a section of the Codified Ordinances or the application thereof to any person or circumstance is held invalid, the invalidity does not affect the other provisions or applications of the section or related sections which can be given effect without the invalid provision or application, and to this end the provisions are severable.

(ORC 1.50; ORC 1.13; Ord. 30-61. Passed 11-21-61.)

CHAPTER 103

Official Standards

EDITOR'S NOTE: The State of Ohio operates on Eastern Daylight Savings Time from 2:00 a.m., of the last Sunday in April until 2:00 a.m., of the last Sunday in October. Congress on March 22, 1966, passed the Uniform Time Act requiring uniform observance throughout the nation of Daylight Savings Time starting in 1967, except that a state legislature could exempt the entire state from Daylight Savings Time or divide a state into not more than two parts, each with a different time standard. The Ohio legislature through inaction has elected to observe Eastern Daylight Savings Time throughout the State of Ohio.

There are no sections in Chapter 103 . This chapter has been established to provide a place for cross references and any future legislation.

The Audit Committee is established for the purpose of acting in an advisory capacity to the Council regarding the City's financial statement audits, monitoring of the audit process, presentation of the audited financial statements, and responding to audit findings. The Audit Committee, however, shall not pre-empt the responsibilities of the City's executive branch with respect to the City financial statement audits.

(2) Functions. The Audit Committee shall perform the following functions:

- A. Review the annual unaudited financial report submitted to the Auditor of State;
- B. Periodically review the process used to prepare interim financial information submitted to the Council;
- C. Review audit results;

Such procedures should specifically provide for the confidential, anonymous submission by employees of the City of concerns regarding questionable accounting or auditing matters.

(3) General. The Audit Committee shall act independently from the City's executive branch but may seek assistance from the Director of Finance or other administrative personnel of the executive branch. To the extent possible under the circumstances, the members of the Audit Committee shall possess some familiarity with governmental accounting, auditing and financial reporting needed to understand and resolve issues raised by the independent audit of the City's financial statements, and the Committee shall have the authority to hire professionals in such fields to assist the Committee.

(Ord. 74-2008. Passed 9-9-08.)

121.21 CLAIMS AGAINST CITY.

No claim or other demand against the City for which it is not legally liable shall be allowed until the same has been considered and reported upon by the Committee of the Whole.

(Ord. 105- 75. Passed 11-11-75.)

121.22 ORDINANCES, RESOLUTIONS, MOTIONS AND CONTRACTS.

(a) Approval. A legal opinion on all ordinances, resolutions and contract documents shall have been rendered as to form and legality by the Director of Law or his authorized representative, before passage by Council.

(b) Introduction and Passage of Ordinances and Resolutions.

(1) Ordinances and resolutions shall be introduced and sponsored by a member of Council or the Mayor; otherwise they shall not be entertained by Council. However, upon the unanimous vote of Council, a resolution may be sponsored by the entire Council and the Mayor.

(Ord. 105-75. Passed 11-11-75.)

(2) No ordinance or resolution requiring more than one reading shall be put on its final passage on the same day on which it was introduced, except emergency legislation. Consistent with the provisions of the Municipal Charter at Article X, Section X-2, an emergency measure is an ordinance or resolution necessary for the immediate preservation of the public peace, health, or safety, or providing for the usual daily operation of a Municipal department, and in in which the emergency is set forth and defined in a preamble and/or section to the ordinance or resolution. Each emergency measure shall contain a statement of the necessity for such emergency action and in addition shall state in precise terms exactly what the emergency is, and shall require the affirmative vote of five (5) members of Council for its enactment as an emergency measure. No action of the Council authorizing any change in the boundaries of the Municipality or the surrender or joint exercise of any of its powers, or granting, renewing or extending any franchise or other special privilege, or contracting for the supply to the Municipality or its inhabitants of the products or service of any utility, whether municipality owned or not, or regulating the rate to be charged for its services, shall be enacted as an emergency measure. A legislative measure, as opposed to an administrative measure, that is not an emergency shall go into effect thirty (30) days after its passage by the Council and signature by the Mayor, or upon its passage after disapproval by the Mayor, as the case may be and as provided by the Municipal Charter.

(3) All ordinances and resolutions, except emergency legislation, shall have three separate readings on three separate days. When the committee to which an ordinance or resolution has been referred reports such ordinance or resolution to Council, the ordinance or resolution shall stand for final action in accordance with the report of the committee, notwithstanding that such committee reports may report an amended or a substituted ordinance or resolution, provided that such amendment or substitution is germane to the ordinance or resolution originally referred to such committee.

(4) No ordinance or resolution shall relate to more than one subject, which shall be clearly expressed in its title, and no ordinance or resolution, or section thereof shall be amended or repealed unless the new ordinance or resolution contains the title of the ordinance or resolution, or section amended or repealed. When practicable, ordinances or resolutions shall be introduced as amendments to existing ordinances or resolutions, or sections thereof.

(5) An ordinance or resolution, after reference to a committee and report thereon received, may be re-referred to the committee at any time previous to its final passage.

(6) The rule requiring that an ordinance or resolution shall be read on three different days, in subsection (b)(3) of this section, may be dispensed with upon the affirmative vote of five of the members of Council and the legislation may be read by title only prior to its passage.

(7) The Presiding Officer may, on his own initiative, refer proposed legislation to a Standing Committee of Council for their report and recommendation, except that Council, upon the affirmative vote of five members, may suspend the rules and call for a vote on the proposed legislation. 139.01 CITY SAFETY POLICY; PURPOSE.

- (a) The City of Richmond Heights has a sincere concern for the welfare and safety of its employees and the public it serves. With the goal of eliminating the suffering and cost of avoidable personal injury and vehicle accidents, the department heads are responsible for implementing a Safety Program of the City of Richmond Heights.
- (b) It is the City's policy to provide safe working conditions for all employees, to provide complete instructions covering safe working methods and to provide special equipment to protect employees against particular hazards. The City will give safety precedence over operational expediency or short cuts.
- (c) Most common accidents are preventable. It is the policy of the City that all employees promote accident prevention by actively supporting the Safety Program, by observing the safety regulations and by working safely.
- (d) The purpose of the Safety Program of the City is to alleviate human suffering and conserve resources as a result of the City employees serving Richmond Heights in a safe manner.
- (e) The City places responsibility for safe worksite practices on department heads, first line supervisors and on-line employees. It is the responsibility of all employees to exercise maximum care and best judgment in preventing accidents. Proper on-the-job behavior requires that each employee follows every precaution and safety rule for self-protection as well as that of fellow employees.
- (f) The Director of Public Safety shall prepare and disseminate a City Safety Program detailing objectives and organization of a City Safety Committee and responsibilities.

(Ord. 28-89. Passed 6-27-89.)

139.02 EMPHASIS ON PREVENTION.

- (a) The Director of Public Safety shall be responsible for the preparation of checklists. Checklists, developed for use by department personnel, seek to determine potential sources of occupational injuries and accidents. Through cooperative discussion, the department heads and the Director of Safety set schedules for regular, required completion of Department Core checklists. Each department head shall designate an employee to complete core checklists. Departments shall include Divisions, such as the Division of Police and Division of Fire with the head or chief of each division having the same responsibility as a department head.
- (b) Upon completion of core check procedures, each department head will review the checklists to determine if any safety-related precautions need improvement or implementation. Each department head will initiate efforts to rectify the current deficiency and record in writing the actions taken to effect compliance with the City's Core Safety checklists. Within one week of the completion date of the core checks, the department head will forward original checklists and written corrective action reports to the Director of Safety.
- (c) The Director of Safety shall maintain files which contain completed core checklists forwarded from department heads according to predetermined schedules. Additionally, the Director of Safety shall require reports on efforts to comply with safety precaution deficiencies exposed by core check procedures until a deficiency has been rectified.
- (d) Each department head shall develop the written means for employees to report potential worksite or work practice hazards. This additional source of input shall be used to revise each Department Core checklist periodically. Revision of core checklists shall be the responsibility of Department Safety Committees and shall be accomplished annually from input resulting from bi-annual safety checks.

(Ord. 28-89. Passed 6-27-89.)

139.03 ADHERENCE TO SAFETY PRACTICES; ENFORCEMENT.

Adherence to safety precautions and rules is ideally a matter of voluntary compliance for all employees. In the absence of adherence to established standards, it is the obligation of an employee who is the initial observer of another employee who is working in an unsafe manner to inform his or her immediate supervisor of the unsafe work behavior.

(Ord. 28-89. Passed 6-27-89.)

139.04 FIRST VERBAL WARNING.

Supervisors, once informed of an unsafe work behavior, shall attempt to observe the behavior first-hand. If the unsafe behavior is observable, then the supervisor shall warn the employee verbally by detailing the behavior and elaborating upon its consequences. In every instance, the supervisor shall make a written notation of the warning. In the case of a verbal warning, the date, employee name and general nature of the infraction shall be noted. If the work behavior is not observable, the supervisor shall make a general statement or caution to the employee regarding the nature of the work behavior and watch for similar behavior in the future without recording the incident. The supervisor may be the initial observer of unsafe work behaviors. In such an instance, the supervisor shall issue the standard verbal warning and place a written notation of such warning in the employee's personnel file.

(Ord. 28-89. Passed 6-27-89.)

139.05 SECOND VERBAL WARNING.

All supervisors may issue a second verbal warning which follows the procedures outlined for First Verbal Warnings above. The supervisor is not required to make a second verbal warning and is reminded that its use is discretionary. If a second verbal warning is given, the supervisor shall detail the date and nature of the infraction in writing and place a written notation of such warning in the employee's personnel file.

(Ord. 28-89. Passed 6-27-89.)

139.06 WRITTEN WARNING.

In the event that a supervisor witnesses or is informed of an unsafe work behavior for the second time, the supervisor shall detail the behavior, elaborate upon the consequences and inform the employee of his or her intent to issue a written warning. The written warning shall include the employee's name, the date, the nature of the unsafe work behavior, the date of previous verbal warnings and any other pertinent information and shall be placed in the employee's personnel file.

(Ord. 28-89. Passed 6-27-89.)

139.07 WRITTEN REPRIMAND.

A written reprimand is issued after the employee receives both a verbal and written warning which relates to the same or similar unsafe work behavior. The conditions which apply to both verbal and written warnings must apply: that the supervisor witness or be informed of the unsafe work behavior; that the supervisor verbally details the unsafe work behavior to the employee; that the supervisor elaborates upon the consequences of such behavior; that the supervisor intends to write a reprimand. The written reprimand shall be forwarded to the Director of Safety for inclusion in the employee's employment record.

(Ord. 28-89. Passed 6-27-89.)

139.08 SUSPENSION WITHOUT PAY.

(a) Although the intent of any safe work behavior compliance policy is not to remove the employee from partial or full employment, the interest in creating a safe work environment and eliciting safe work behavior from employees is paramount.

- (b) The following procedure represents the final attempt of the City to notify an employee that an unsafe work behavior must be changed:
 - (1) Any employee observed committing an unsafe work behavior and who has previously received verbal and written warnings for other unsafe work behavior shall be recommended for suspension without pay for a minimum of one work day.
 - (2) The supervisor who witnessed or was informed of the unsafe work behavior shall document the behavior after notifying the employee of the unsafe behavior, its consequences and the intent to notify a superior of the infraction.
 - (3) Once notified, the department head shall notify the Director of Safety of the infraction in writing.
 - (4) The Director of Safety shall document the dates of and reasons for prior warnings and the preconditional reprimand. The Director of Personnel shall determine if the complaint merits suspension of the employee without pay.
 - (5) If the investigation shows that the employee knowingly committed unsafe work behaviors, the Director of Safety shall notify the Mayor and request that the employee be suspended in accordance with Civil Service Rules and Regulations.
 - (6) Record of such a suspension is detailed in the employee's work record and represents the final stage in the City's safety compliance process.

(Ord. 28- 89. Passed 6-27-89.)

139.09 EMPLOYEE'S APPEAL.

An employee who wishes to appeal a suspension without pay may follow procedures outlined as such by the Civil Service Commission.

(Ord. 28-89. Passed 6-27-89.)

139.10 TERMINATION.

- (a) Any employee who has received verbal warning, written reprimand and suspension without pay and who continues to work unsafely, shall be considered for further disciplinary action up to and including employment termination.
- (b) The steps detailed above relate only to infractions prior to the occurrence of an injury.

(Ord. 28-89. Passed 6-27-89.)

139.11 REPORTING OF INJURIES AND ACCIDENTS.

- (a) Every employee, regardless of level, shall promptly report all work-related injuries and vehicle accidents to an immediate supervisor. That supervisor shall promptly report the injury or accident to his or her superior. It is the responsibility of each department head to submit all injury or accident reports to the Director of Safety.
- (b) Failure to report an occupational injury or vehicular accident to an immediate superior is grounds for issuance of a written reprimand, loss of job time and compensation or termination of employment.
- (c) The City's Accident Investigation Procedure delineates those immediate responsibilities of both employees and superiors when reporting an accident.

(Ord. 28-89. Passed 6-27-89.)

(Ord. 5-2005. Passed 2-22-05.)

181.11 WHEN RETURN REQUIRED TO BE MADE.

Each taxpayer shall, whether or not a tax is due thereon, make and file a return on or before April 15 of the year following the effective date of this chapter and on or before April 15 of each year thereafter. When the return is made for a fiscal year or other period different from the calendar year, the return shall be filed within four months from the end of such fiscal year or period. (Ord. 5-2005. Passed 2-22-05.)

181.12 FORM AND CONTENT.

The return shall be filed with the Administrator on a form or forms furnished by or obtainable upon request from such Administrator, or on a generic form, setting forth:

The Administrator may extend the time for filing of the annual return upon the request of the taxpayer for a period of not more than six months, or one month beyond any extension requested of or granted by the Internal Revenue Service for the filing of the Federal Income Tax Return. The Administrator may require a tentative return, accompanied by payment of the amount of tax shown to be due thereon by the date the return is normally due. No penalty or interest shall be assessed in those cases in which the return is filed and the final tax paid within the period as extended. The extension request may be made by filing a copy of the taxpayer's request for a federal filing extension, or by filing a written request. (Ord. 5-2005. Passed 2-22-05.)

181.14 CONSOLIDATED RETURNS.

(a) An affiliated group which files a consolidated return for federal income tax purposes pursuant to Section 1501 of the Internal Revenue Code may file a consolidated return with the City. However, once the affiliated group has elected to file a consolidated return or a separate return with the City, the affiliated group may not change their method of filing in any subsequent tax year without written approval from the City.

(b) Filing of consolidated returns may be permitted or required in accordance with rules and regulations prescribed by the Administrator.

(c) In the case of a corporation that carried on transactions with its stockholders or with other corporations related by stock ownership, interlocking directorates or some other method, or in case any person operates a division, branch, factory, office, laboratory or activity within the City constituting a portion only of its total business, the Administrator shall require such additional information as he may deem necessary to ascertain whether net profits are properly allocated to the City. If the Administrator finds that net profits are not properly allocated to the City by reason of transactions with stockholders or with other corporations related by stock ownership, interlocking directorates or transactions with such division, branch, factory, office, laboratory or activity or by some other method, he shall make such allocation as he deems appropriate to produce a fair and proper allocation of net profits to the City.

(Ord. 5-2005. Passed 2-22-05.)

181.15 AMENDED RETURNS.

(a) Where necessary, an amended return must be filed in order to report additional income and pay any additional tax due, or claim a refund of tax overpaid, subject to the requirements, limitations or both, contained in Sections 181.30 to 181.33 and 181.35 hereof. Such amended return shall be on a form obtainable on request from the Administrator or on a generic form. A taxpayer may not change the method of accounting or apportionment of net profits after the due date for filing the original return.

(b) Within three months from the final determination of any Federal tax liability affecting the taxpayer's City tax liability, such taxpayer shall make and file an amended City return showing income subject to the City tax based upon such final determination of Federal tax liability, and pay any additional tax shown due thereon or make claim for refund of any overpayment.

(Ord. 5-2005. Passed 2-22-05.)

181.16 PAYMENT OF TAX ON FILING OF RETURN.

(a) The taxpayer making a return shall, at the time of filing thereof, pay to the Administrator the amount of taxes shown as due thereon; provided that:

(1) Where any portion of the tax so due has been deducted at the source pursuant to the provisions of Section 181.17 ;

(2) Where any portion of such tax has been paid by the taxpayer pursuant to the provisions of Section 181.18 hereof;

(3) Where an income tax has been paid on the same income to another Municipality,

credit for the amount so deducted, or paid or credit to the extent provided for in Section 181.34 , shall be deducted from the amount shown to be due and only the balance, if any, shall be due and payable at the time of filing the return.

(b) A taxpayer who has overpaid the amount of tax to which the City is entitled under the provisions of this chapter may have such overpayment applied against any subsequent liability hereunder or, at his election, indicated on the return, such overpayment, or part thereof, shall be refunded, provided that no additional taxes or refunds of less than one dollar (\$1.00) shall be collected or refunded.

(Ord. 80-71. Passed 12-13-71.)

181.17 COLLECTION AT SOURCE.

(a) In accordance with rules and regulations prescribed by the Administrator, each employer within or doing business within the Municipality shall deduct, at the time of the payment of the salary, wages, commission or other compensation, the tax of two percent (2%) per annum of the gross salaries, wages, commissions or other compensation due by the employer to the employee, and shall, on or before the last day of each month, make a return and pay to the Administrator the amount of taxes so deducted during the previous month. However, if the amount of the tax so deducted by any employer in any one month is less than one hundred dollars (\$100.00), the employer may defer the filing of a return and payment of the amount deducted until the last day of the month following the end of the calendar quarter in which that month occurred.

(Ord. 67-92. Passed 8-11-92.)

(b) The officer or employee having control or supervision or charged with the responsibility of filing the return and making the payment, shall be personally liable for failure to file the return or pay the tax due as required herein. The dissolution, bankruptcy, or reorganization of any such employer does not discharge an officer's or employee's liability for a prior failure of such business to file a return or pay taxes due.

(Ord. 48-85. Passed 5-28-85.)

(c) Returns shall be on a form or forms prescribed or acceptable to the Administrator, or on a generic form, and shall be subject to the rules and regulations prescribed therefor by the Administrator. The employer shall be liable for the payment of the tax required to be deducted and withheld whether or not such taxes have, in fact, been withheld.

(Ord. 5-2005. Passed 2-22-05.)

(d) Such employer in collecting such tax shall be deemed to hold the same, until payment is made by such employer to the City, as a trustee for the benefit of the City, and any such tax collected by such employer from his employees, shall, until the same is paid to the City, be deemed a trust fund in the hands of such employer.

(e) No person shall be required to withhold the tax on wages or other compensation paid domestic servants employed by him exclusively in or about such person's residence, even though such residence is in the City, but such employee shall be subject to all the requirements of this chapter.

(Ord. 80-71. Passed 12-13-71.)

(f) A non-resident individual who works in the City twelve (12) or fewer days per year shall be considered an occasional entrant, and shall not be subject to the City's municipal income tax for those twelve (12) days. For purposes of the 12-day calculation, any portion of a day worked in the City shall be counted as one day worked in the City.

(g) Beginning with the thirteenth day, the employer of said individual shall begin withholding the City's income tax from remuneration paid by the employer to the individual, and shall remit the withheld income tax to

the City in accordance with the requirements of this chapter. Since the individual can no longer be considered to have been an occasional entrant, the employer is further required to remit taxes on income earned in the City by the individual for the first twelve (12) days.

(h) If the individual is self-employed, it shall be the responsibility of the individual to remit the appropriate tax to the City.

(i) The 12-day occasional entry rule does not apply to entertainers or professional athletes, their employers or individuals who perform services on their behalf, or to promoters and booking agents of such entertainment events and sporting events.

(Ord. 5-2005. Passed 2-22-05.)

181.18 DECLARATION OF INCOME.

(a) Except as provided in this section, every person shall file a declaration setting forth taxable income, including distributive shares of net profits of unincorporated business entities, estimated to be earned by the taxpayer during the current tax year, together with the estimated tax due thereon, less the tax withheld within the City and less the tax credit allowed in Section 181.03 hereof, unless such taxpayer anticipates that such tax will be fully withheld within the City, and any income earned outside of the City will be fully taxed at the same rate or higher rate of tax in another municipality. If the estimated tax for the current year, less the tax to be withheld and less such tax credit, amounts to not more than one hundred dollars (\$100.00), no declaration or payment of estimated tax is required. No penalties or interest shall be assessed on estimated payments if the taxpayer has remitted an amount equal to one hundred percent of the previous year's tax liability, provided that the previous year reflected a twelve-month period or if ninety percent (90%) of the actual tax liability has been received.

(b) Effective January 1, 2003, the Declaration of Estimated Tax to be paid to the City by taxpayers who are individuals shall be accompanied by a payment of at least one-fourth (1/4) of the Declaration amount and at least a similar amount shall be paid on or before July 31st and October 31st of the taxable year, and January 31st of the following year.

(c) Effective January 1, 2003, such declaration of estimated tax to be paid to the City by corporations and associations shall be accompanied by a payment of at least one-fourth (1/4) of the Declaration amount and at least a similar amount shall be paid on or before June 15th, September 15th and December 15th. In the case of a fiscal year taxpayer, the second, third and fourth quarterly estimated payments shall be due on the fifteenth day of the sixth, ninth and twelfth months of the taxpayer year, respectively.

(Ord. 5-2005. Passed 2-22-05.)

181.19 FILING OF DECLARATION.

(a) The declaration required by Section 181.18 above shall be filed on or before April 15 of each year during the effective period set forth in Section 181.04 or within four months of the date the taxpayer becomes subject to tax for the first time.

(Ord. 5-2005. Passed 2-22-05.)

181.20 FORM OF DECLARATION.

(a) The declaration required by Section 181.18 shall be filed upon a form furnished by or obtainable from the Administrator, or on a generic form, provided, however, credit shall be taken for City tax to be withheld from any portion of such income. In accordance with the provisions of Section 181.34 hereof, credit shall be taken for tax to be paid or to be withheld and remitted to another taxing municipality.

(b) The original declaration (or any subsequent amendment thereof) may be increased or decreased on or before any subsequent quarterly payment date as provided for therein.

(Ord. 5-2005. Passed 2-22-05.)

181.21 PAYMENT TO ACCOMPANY DECLARATION.

Such declaration of estimated tax to be paid to the City shall be accompanied by a payment of at least one-fourth of the estimated annual tax and at least a similar amount shall be paid on or before the last day of the seventh and tenth months after the beginning of the taxable year and on or before the last day of the first month of the succeeding year following the taxable year. However, in case an amended declaration has been filed, the unpaid balance shown due thereon shall be paid in equal installments on or before the remaining payment dates.

(Ord. 96-73. Passed 11-13-73.)

181.22 ANNUAL RETURN.

On or before the last day of the fourth month of the year following that for which such declaration or amended declaration was filed, an annual return shall be filed and any balance which may be due the City shall be paid therewith in accordance with the provisions of Section 181.16 hereof. However, any taxpayer may file, on or before the last day of the first month of the year following that for which such declaration or amended declaration was filed, an annual return and pay any balance due at such time, in lieu of filing a declaration or an amended declaration, and in lieu of paying the final quarterly installment based upon a declaration or amended declaration of estimated tax.

(Ord. 80-71. Passed 12-13-71.)

181.23 INTEREST ON UNPAID TAX.

All taxes imposed and all moneys withheld or required to be withheld by employers and all installments of estimated taxes required to be paid under the provisions of this chapter and remaining unpaid after they become due, shall bear interest at the rate of twelve percent (12%) per year.

(Ord. 50-80. Passed 4-22-80.)

181.24 PENALTIES ON UNPAID TAX AND UNFILED RETURNS FOR DECLARATIONS.

In addition to interest as provided in Section 181.23 hereof, penalties based on the unpaid tax and for unfiled returns or declarations are hereby imposed as follows:

(Ord. 18-91. Passed 1-22-91.)

181.25 EXCEPTIONS.

A penalty shall not be assessed on an additional tax assessment made by the Administrator when a return has been filed in good faith and the tax paid thereon within the time prescribed by the Administrator. Further, in the absence of fraud, neither penalty nor interest shall be assessed on any additional tax assessment resulting from a Federal audit, provided an amended return is filed and the additional tax is paid within three months after a final determination of the Federal tax liability.

(Ord. 36-67. Passed 6-13-67.)

(Ord. 36-67. Passed 6-13-67.)

183.04 COLLECTION PROCEDURE.

Every person receiving any payment on which a tax is levied under this chapter shall collect the amount of the tax imposed from the person making the admission payment. The tax required to be collected under this chapter shall be deemed to be held in trust by the person required to collect the same until paid to the Director of Finance as herein provided. Any person required to collect the tax imposed under this chapter who fails to collect the same, or having collected the same, fails to remit the same to the Director of Finance in the manner prescribed by this chapter, whether such failure be the result of his own act or the result of acts or conditions beyond his control, shall nevertheless be personally liable to the City for the amount of such tax, and shall, unless the remittance be made as herein required, be guilty of a violation of this chapter. The tax imposed hereunder shall be collected at the time the admission charge is paid by the person seeking admission to any place and shall be reported and remitted by the person receiving the tax to the Director of Finance in monthly installments and remittances therefor on or before the thirtieth day of the month next succeeding the end of the monthly period in which the tax is collected or received. Payment or remittance of the tax collected may be made by check, unless payment or remittance is otherwise required by the Director of Finance, but payment by check shall not relieve the person collecting the tax from liability for payment and remittance of the tax to the Director of Finance unless the check is honored and is in the full and correct amount. The person receiving any payment for admissions shall make out a return upon such forms and setting forth such information as the Director of Finance may require, showing the amount of the tax upon admissions for which he is liable for the preceding monthly period, and shall sign and transmit the same to the Director of Finance with a remittance for such amount. The Director of Finance may, at his discretion, require verified annual returns from any person receiving admission payments setting forth such additional information as he may deem necessary to determine correctly the amount of tax collected and payable. Whenever any theater, circus, bowling alley, show, exhibition, entertainment or amusement makes an admission charge which is subject to the tax herein levied, and the same is of a temporary or transitory nature, of which the Director of Finance shall be the judge, the Director of Finance may require the report and remittance of the admission tax immediately upon the collection of the same, at the conclusion of the performance or exhibition, or at the conclusion of the series of performances or exhibitions or at such other times as the Director of Finance shall determine. Failure to comply with any requirement of the Director of Finance as to report and remittance of the tax as required shall be a violation of this chapter. The books, records and accounts of any person collecting a tax herein levied shall, as to admission charges and tax collections, be at all reasonable times subject to examination and audit by the Director of Finance. If the tax imposed by this chapter is not paid when due there shall be added, as part of the tax, interest at the rate of one percent per month from the time when the tax became due until paid.

(Ord. 5-66. Passed 5-10-66.)

183.05 CERTIFICATE OF REGISTRATION.

Any person conducting or operating any place for entrance to which an admission charge is made, shall, on the form prescribed by the Director of Finance, make application to and procure from the Director of Finance a certificate of registration, the fee for which shall be one dollar (\$1.00), which certificate shall continue valid until December 31 of the year in which the same is issued. Such certificate of registration or duplicate original copies thereof to be issued by the Director of Finance without additional charge, shall be posted in a conspicuous place in each ticket or box office where tickets of admission are sold.

(Ord. 5-66. Passed 5-10-66.)

Whenever a certificate of registration is obtained for the purpose of operating or conducting a temporary or transitory amusement, entertainment or exhibition by persons who are not the owners, lessees or custodians of the building, lots or place where the amusement is to be conducted, the tax imposed by this chapter shall be reported and remitted as provided in Section 183.04 hereof by such owner, lessee or custodian, unless paid by the person conducting the place. The applicant for a certificate of registration for such purpose shall furnish with the application therefor the name and address of the owner, lessee or custodian of the premises upon which the amusement is to be conducted, and such owner, lessee or custodian shall be notified by the Director of Finance of the issuance of such certificate and the joint liability for collection and remittance of such tax.

(Ord. 5-66. Passed 5-10-66.)

183.07 RULES AND REGULATIONS.

The Director of Finance shall have power to adopt rules and regulations not inconsistent with the terms of this chapter for carrying out and enforcing the payment, collection and remittance of the tax herein levied. A copy of such rules and regulations shall be published as ordinances of the City are published before they become effective, and copies shall be made available in the office of the Director of Finance. Failure or refusal to comply with any such rules and regulations shall be deemed a violation of this chapter.

Until such time as rules and regulations are promulgated under this section, the rules and regulations of the Department of Taxation, State of Ohio, relating to admission taxes in effect on March 31, 1966, except as the same may conflict with the provisions of this chapter, shall be deemed to be the rules and regulations hereunder.

(Ord. 5-66. Passed 5-10-66.)

183.08 APPEALS.

Appeals from any ruling of any official hereunder shall be made to Council, and Council shall have authority to annul, modify or affirm any such ruling appealed from, in conformity with the intent and purpose of this chapter.

(Ord. 5-66. Passed 5-10-66.)

183.09 CONFIDENTIAL INFORMATION.

(Ord. 5-66. Passed 5-10-66.)

183.10 SEVERABILITY.

The sections of Chapter 183 and each part of a section are hereby declared to be independent sections or parts of sections. Notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any provision of such sections, or the application thereof to any person or circumstances, is held invalid, the remaining sections or parts of sections, and the application of such provision to any persons or circumstances, other than those as to which it is held invalid, shall not be affected thereby, and it is hereby declared that this chapter would have been passed independently of such section, sections or parts of a section so held to be invalid.

(Ord. 5-66. Passed 5-10-66.)

183.99 PENALTY.

- (a) Whoever, being a person charged by this chapter with the duty of collecting or paying the taxes imposed by this chapter, willfully fails or refuses to charge and collect or to pay such taxes, or to make return to the Director of Finance as required by this chapter, or to permit the Director of Finance, or his duly authorized agent, to examine his books and other records, in or upon any premises where the same are kept, to the extent necessary to verify any return made or to ascertain and assess the tax imposed by this chapter if no return was made, or to maintain and keep for three years or such lesser or greater time as may be permitted or required by the Director of Finance, shall be fined not more than one hundred dollars (\$100.00), and upon conviction for a second or other subsequent offense shall, if a corporation, be fined not more than five hundred dollars

(Ord. 90-2015. Passed 11-24-15.)

184.02 DEFINITIONS.

(A) Any term used in this Chapter that is not otherwise defined in this Chapter has the same meaning as when used in a comparable context in laws of the United States relating to federal income taxation or in Title LVII of the ORC, unless a different meaning is clearly required. If a term used in this Chapter that is not otherwise defined in this Chapter is used in a comparable context in both the laws of the United States relating to federal income tax and in Title LVII of the ORC and the use is not consistent, then the use of the term in the laws of the United States relating to federal income tax shall control over the use of the term in Title LVII of the ORC.

(B) The singular shall include the plural, and the masculine shall include the feminine and the gender-neutral.

(C) As used in this Chapter:

(1) **"Adjusted federal taxable income,"** for a person required to file as a C corporation, or for a person that has elected to be taxed as a C corporation under (C)(24)(e) of this division, means a C corporation's federal taxable income before net operating losses and special deductions as determined under the Internal Revenue Code, adjusted as follows:

(a) Deduct intangible income to the extent included in federal taxable income. The deduction shall be allowed regardless of whether the intangible income relates to assets used in a trade or business or assets held for the production of income.

(b) Add an amount equal to five percent (5%) of intangible income deducted under division (C)(1)(a) of this section, but excluding that portion of intangible income directly related to the sale, exchange, or other disposition of property described in Section 1221 of the Internal Revenue Code;

(c) Add any losses allowed as a deduction in the computation of federal taxable income if the losses directly relate to the sale, exchange, or other disposition of an asset described in Section 1221 or 1231 of the Internal Revenue Code;

(d) (i) Except as provided in (C)(1)(d)(ii) of this section, deduct income and gain included in federal taxable income to the extent the income and gain directly relate to the sale, exchange, or other disposition of an asset described in Section 1221 or 1231 of the Internal Revenue Code;

(ii) Division (C)(1)(d)(i) of this section does not apply to the extent the income or gain is income or gain described in Section 1245 or 1250 of the Internal Revenue Code.

(e) Add taxes on or measured by net income allowed as a deduction in the computation of federal taxable income;

(f) In the case of a real estate investment trust or regulated investment company, add all amounts with respect to dividends to, distributions to, or amounts set aside for or credited to the benefit of investors and allowed as a deduction in the computation of federal taxable income;

(g) Deduct, to the extent not otherwise deducted or excluded in computing federal taxable income, any income derived from a transfer agreement or from the enterprise transferred under that agreement under Section 4313.02 of the ORC;

(h) Deduct exempt income to the extent not otherwise deducted or excluded in computing adjusted federal taxable income.

(i) Deduct any net profit of a pass-through entity owned directly or indirectly by the taxpayer and included in the taxpayer's federal taxable income unless an affiliated group of corporations includes that net profit in the group's federal taxable income in accordance with division (V)(3)(b) of Section 184.05.

(j) Add any loss incurred by a pass-through entity owned directly or indirectly by the taxpayer and included in the taxpayer's federal taxable income unless an affiliated group of corporations includes that loss in the group's federal taxable income in accordance with division (V)(3)(b) of Section 184.05.

If the taxpayer is not a C corporation, is not a disregarded entity that has made an election described in division (C)(48)(b) of this section, is not a publicly traded partnership that has made the election described in division (C)(24)(e) of this section, and is not an individual, the taxpayer shall compute adjusted federal taxable income under this section as if the taxpayer were a C corporation, except guaranteed payments and other similar amounts paid or accrued to a partner, former partner, shareholder, former shareholder, member, or former member shall not be allowed as a deductible expense unless such payments are in consideration for the use of capital and treated as payment of interest under Section 469 of the Internal Revenue Code or United States treasury regulations. Amounts paid or accrued to a qualified self-employed retirement plan with respect to a partner, former partner, shareholder, former shareholder, member, or former member of the taxpayer, amounts paid or accrued to or for health insurance for a partner, former partner, shareholder, former shareholder, member, or former member, and amounts paid or accrued to or for life insurance for a partner, former partner, shareholder, former shareholder, member, or former member shall not be allowed as a deduction.

Nothing in division (C)(1) of this section shall be construed as allowing the taxpayer to add or deduct any amount more than once or shall be construed as allowing any taxpayer to deduct any amount paid to or accrued for purposes of federal self-employment tax.

(2) (a) **"Assessment"** means a written finding by the Tax Administrator that a person has underpaid municipal income tax, or owes penalty and interest, or any combination of tax, penalty, or interest, to the municipal corporation that commences the person's time limitation for making an appeal to the Board of Tax Review pursuant to Section 184.21, and has "ASSESSMENT" written in all capital letters at the top of such finding.

This is further detailed in the definition of income (Section 184.02 (C)(16)).
- (B) For nonresidents, all income, salaries, qualifying wages, commissions, and other compensation from whatever source earned or received by the nonresident for work done, services performed or rendered, or activities conducted in the municipal corporation, including any net profit of the nonresident, but excluding the nonresident's distributive share of the net profit or loss of only pass-through entities owned directly or indirectly by the nonresident.
- (C) For residents and nonresidents, income can be reduced to "Municipal Taxable Income" as defined in Section 184.02 (C)(21). Exemptions which may apply are specified in Section 184.02 (C)(12).

Refundable credit for Nonqualified Deferred Compensation Plan.

- (D) (1) As used in this division:
- (a) "Nonqualified deferred compensation plan" means a compensation plan described in Section 3121(v)(2)(C) of the Internal Revenue Code.
 - (b) "Qualifying loss" means the amount of compensation attributable to a taxpayer's nonqualified deferred compensation plan, less the receipt of money and property attributable to distributions from the nonqualified deferred compensation plan. Full loss is sustained if no distribution of money and property is made by the nonqualified deferred compensation plan. The taxpayer sustains a qualifying loss only in the taxable year in which the taxpayer receives the final distribution of money and property pursuant to that nonqualified deferred compensation plan.
 - (c) (i) "Qualifying tax rate" means the applicable tax rate for the taxable year for which the taxpayer paid income tax to the City with respect to any portion of the total amount of compensation the payment of which is deferred pursuant to a nonqualified deferred compensation plan.
 - (ii) If different tax rates applied for different taxable years, then the "qualifying tax rate" is a weighted average of those different tax rates. The weighted average shall be based upon the tax paid to the City each year with respect to the nonqualified deferred compensation plan.
 - (d) "Refundable credit" means the amount of Municipal income tax that was paid on the non-distributed portion, if any, of a nonqualified deferred compensation plan.
- (2) If, in addition to the City, a taxpayer has paid tax to other municipal corporations with respect to the nonqualified deferred compensation plan, the amount of the credit that a taxpayer may claim from each municipal corporation shall be calculated on the basis of each municipal corporation's proportionate share of the total municipal corporation income tax paid by the taxpayer to all municipal corporations with respect to the nonqualified deferred compensation plan.
- (3) In no case shall the amount of the credit allowed under this section exceed the cumulative income tax that a taxpayer has paid to the City for all taxable years with respect to the nonqualified deferred compensation plan.
- (4) The credit allowed under this division is allowed only to the extent the taxpayer's qualifying loss is attributable to:
- (a) The insolvency or bankruptcy of the employer who had established the nonqualified deferred compensation plan; or
 - (b) The employee's failure or inability to satisfy all of the employer's terms and conditions necessary to receive the nonqualified deferred compensation.

Domicile.

- (E) (1) (a) An individual is presumed to be domiciled in the City for all or part of a taxable year if the individual was domiciled in the City on the last day of the immediately preceding taxable year or if the Tax Administrator reasonably concludes that the individual is domiciled in the City for all or part of the taxable year.
- (b) An individual may rebut the presumption of domicile described in division (E)(1)(a) of this section if the individual establishes by a preponderance of the evidence that the individual was not domiciled in the City for all or part of the taxable year.
- (2) For the purpose of determining whether an individual is domiciled in the City for all or part of a taxable year, factors that may be considered include, but are not limited to, the following:
- (a) The individual's domicile in other taxable years;
 - (b) The location at which the individual is registered to vote;
 - (c) The address on the individual's driver's license;
 - (d) The location of real estate for which the individual claimed a property tax exemption or reduction allowed on the basis of the individual's residence or domicile;
 - (e) The location and value of abodes owned or leased by the individual;
 - (f) Declarations, written or oral, made by the individual regarding the individual's residency;
 - (g) The primary location at which the individual is employed.
 - (h) The location of educational institutions attended by the individual's dependents as defined in Section 152 of the Internal Revenue Code, to the extent that tuition paid to such educational institution is based on the residency of the individual or the individual's spouse in the municipal corporation where the educational institution is located;
 - (i) The number of contact periods the individual has with the City. For the purposes of this division, an individual has one "contact period" with the City if the individual is away overnight from the individual's abode located outside of the City and while away overnight from that abode spends at least some portion, however minimal, of each of two consecutive days in the City.
- (3) All additional applicable factors are provided in the Rules and Regulations.

Businesses.

- (F) This division applies to any taxpayer engaged in a business or profession in the City, unless the taxpayer is an individual who resides in the City or the taxpayer is an electric company, combined company, or telephone company that is subject to and required to file reports under Chapter 5745 of the ORC.
- (1) Except as otherwise provided in division (F)(2) of this section, net profit from a business or profession conducted both within and without the boundaries of the City shall be considered as having a taxable situs in the City for purposes of municipal income taxation in the same proportion as the average ratio of the following:
- (a) The average original cost of the real property and tangible personal property owned or used by the taxpayer in the business or profession in the City during the taxable period to the average original cost of all of the real and tangible personal property owned or used by the taxpayer in the business or profession during the same period, wherever situated.
As used in the preceding paragraph, tangible personal or real property shall include property rented or leased by the taxpayer and the value of such property shall be determined by multiplying the annual rental thereon by eight;
 - (b) Wages, salaries, and other compensation paid during the taxable period to individuals employed in the business or profession for services performed in the City to wages, salaries, and other compensation paid during the same period to individuals employed in the business or profession, wherever the individual's services are performed, excluding compensation from which taxes are not required to be withheld under Section 184.04 (C);
 - (c) Total gross receipts of the business or profession from sales and rentals made and services performed during the taxable period in the City to total gross receipts of the business or profession during the same period from sales, rentals, and services, wherever made or performed.
- (2) (a) If the apportionment factors described in division (F)(1) of this section do not fairly represent the extent of a taxpayer's business activity in the City, the taxpayer may request, or the Tax Administrator of the City may require, that the taxpayer use, with respect to all or any portion of the income of the taxpayer, an alternative apportionment method involving one or more of the following:
- (i) Separate accounting;
 - (ii) The exclusion of one or more of the factors;
 - (iii) The inclusion of one or more additional factors that would provide for a more fair apportionment of the income of the taxpayer to the municipal corporation;
 - (iv) A modification of one or more of the factors.
- (b) A taxpayer request to use an alternative apportionment method shall be in writing and shall accompany a tax return, timely filed appeal of an assessment, or timely filed amended tax return. The taxpayer may use the requested alternative method unless the Tax Administrator denies the request in an assessment issued within the period prescribed by Section 184.12 (A).
- (c) The Tax Administrator may require a taxpayer to use an alternative apportionment method as described in division (F)(2)(a) of this section, but only by issuing an assessment to the taxpayer within the period prescribed by Section 184.12 (A).
- (d) Nothing in division (F)(2) of this section nullifies or otherwise affects any alternative apportionment arrangement approved by the Tax Administrator or otherwise agreed upon by both the Tax Administrator and taxpayer before January 1, 2016.
- (3) As used in division (F)(1)(b) of this section, "wages, salaries, and other compensation" includes only wages, salaries, or other compensation paid to an employee for services performed at any of the following locations:
- (a) A location that is owned, controlled, or used by, rented to, or under the possession of one of the following:
 - (i) The employer;
 - (ii) A vendor, customer, client, or patient of the employer, or a related member of such a vendor, customer, client, or patient;
 - (iii) A vendor, customer, client, or patient of a person described in (F)(3)(a)(ii) of this section, or a related member of such a vendor, customer, client, or patient.
 - (b) Any location at which a trial, appeal, hearing, investigation, inquiry, review, court-martial, or similar administrative, judicial, or legislative matter or proceeding is being conducted, provided that the compensation is paid for services performed for, or on behalf of, the employer or that the employee's presence at the location directly or indirectly benefits the employer;
 - (c) Any other location, if the Tax Administrator determines that the employer directed the employee to perform the services at the other location in lieu of a location described in division (F) (3)(a) or (b) of this section solely in order to avoid or reduce the employer's municipal income tax liability. If the Tax Administrator makes such a determination, the employer may dispute the determination by establishing, by a preponderance of the evidence, that the Tax Administrator's determination was unreasonable.
- (4) For the purposes of division (F)(1)(c) of this section, receipts from sales and rentals made and services performed shall be situated to a municipal corporation as follows:
- (a) Gross receipts from the sale of tangible personal property shall be situated to the municipal corporation only if, regardless of where title passes, the property meets either of the following criteria:
 - (i) The property is shipped to or delivered within the City from a stock of goods located within the City.
 - (ii) The property is delivered within the City from a location outside the City, provided the taxpayer is regularly engaged through its own employees in the solicitation or promotion of sales within the City and the sales result from such solicitation or promotion.
 - (b) Gross receipts from the sale of services shall be situated to the City to the extent that such services are performed in the City.
 - (c) To the extent included in income, gross receipts from the sale of real property located in the City shall be situated to the City.
 - (d) To the extent included in income, gross receipts from rents and royalties from real property located in the City shall be situated to the City.
 - (e) Gross receipts from rents and royalties from tangible personal property shall be situated to the City based upon the extent to which the tangible personal property is used in the City.
- (5) The net profit received by an individual taxpayer from the rental of real estate owned directly by the individual, or by a disregarded entity owned by the individual, shall be subject to the City's tax only if the property generating the net profit is located in the City or if the individual taxpayer that receives the net profit is a resident of the City. The City shall allow such taxpayers to elect to use separate accounting for the purpose of calculating net profit situated under this division to the municipal corporation in which the property is located.
- (6) (a) Commissions received by a real estate agent or broker relating to the sale, purchase, or lease of real estate shall be situated to the municipal corporation in which the real estate is located. Net profit reported by the real estate agent or broker shall be allocated to the City, if applicable, based upon the ratio of the commissions the agent or broker received from the sale, purchase, or lease of real estate located in the City to the commissions received from the sale, purchase, or lease of real estate everywhere in the taxable year.
- (b) An individual who is a resident of the City shall report the individual's net profit from all real estate activity on the individual's annual tax return for the City. The individual may claim a credit for taxes the individual paid on such net profit to another municipal corporation to the extent that such a credit is allowed under the City's income tax ordinance.
- (7) When calculating the ratios described in division (F)(1) of this section for the purposes of that division or division (F)(2) of this section, the owner of a disregarded entity shall include in the owner's ratios the property, payroll, and gross receipts of such disregarded entity.
- (8) Intentionally left blank.
- (9) Intentionally left blank. (Ord. 42-2018. Passed 3-27-18.)

184.04 COLLECTION AT SOURCE.**Withholding provisions.**

- (A) Each employer, agent of an employer, or other payer located or doing business in the City shall withhold an income tax from the qualifying wages earned and/or received by each employee in the City. Except for qualifying wages for which withholding is not required under Section 184.03 or division (B)(4) or (6) of this section, the tax shall be withheld at the rate, specified in Section 184.01 of this Chapter, of two and one-quarter percent (2.25%). An employer, agent of an employer, or other payer shall deduct and withhold the tax from qualifying wages on the date that the employer, agent, or other payer directly, indirectly, or constructively pays the qualifying wages to, or credits the qualifying wages to the benefit of, the employee.
(Ord. 90-2015. Passed 11-24-15.)
- (B) (1) Except as provided in division (B)(2) of this section, an employer, agent of an employer, or other payer shall remit to the Tax Administrator of the City the greater of the income taxes deducted and withheld or the income taxes required to be deducted and withheld by the employer, agent, or other payer according to the following schedule:
- (a) Taxes required to be deducted and withheld shall be remitted monthly to the Tax Administrator if the total taxes deducted and withheld or required to be deducted and withheld by the employer, agent, or other payer on behalf of the City in the preceding calendar year exceeded \$2,399, or if the total amount of taxes deducted and withheld or required to be deducted and withheld on behalf of the City in any month of the preceding calendar quarter exceeded \$200.
Payments under division (B)(1)(a) of this section shall be made to the Tax Administrator not later than fifteen (15) days after the last day of each month for which the tax was withheld.

- (b) Any employer, agent of an employer, or other payer not required to make payments under division (B)(1)(a) of this section of taxes required to be deducted and withheld shall make quarterly payments to the Tax Administrator not later than the last day of the month following the last day of each calendar quarter.
(Ord. 85-2016. Passed 9-13-16.)
- (c) Intentionally left blank.
- (2) If the employer, agent of an employer, or other payer is required to make payments electronically for the purpose of paying federal taxes withheld on payments to employees under Section 6302 of the Internal Revenue Code, 26 C.F.R. 31.6302-1, or any other federal statute or regulation, the payment shall be made by electronic funds transfer to the Tax Administrator of all taxes deducted and withheld on behalf of the City. The payment of tax by electronic funds transfer under this division does not affect an employer's, agent's, or other payer's obligation to file any return as required under this section.
- (3) An employer, agent of an employer, or other payer shall make and file a return showing the amount of tax withheld by the employer, agent, or other payer from the qualifying wages of each employee and remitted to the Tax Administrator. A return filed by an employer, agent, or other payer under this division shall be accepted by Tax Administrator and the City as the return required of a non-resident employee whose sole income subject to the tax under this Chapter is the qualifying wages reported by the employee's employer, agent of an employer, or other payer.
- (4) An employer, agent of an employer, or other payer is not required to withhold City income tax with respect to an individual's disqualifying disposition of an incentive stock option if, at the time of the disqualifying disposition, the individual is not an employee of either the corporation with respect to whose stock the option has been issued or of such corporation's successor entity.
- (5) (a) An employee is not relieved from liability for a tax by the failure of the employer, agent of an employer, or other payer to withhold the tax as required under this Chapter or by the employer's, agent's, or other payer's exemption from the requirement to withhold the tax.
(b) The failure of an employer, agent of an employer, or other payer to remit to the City the tax withheld relieves the employee from liability for that tax unless the employee colluded with the employer, agent, or other payer in connection with the failure to remit the tax withheld.
- (6) Compensation deferred before June 26, 2003, is not subject to City income tax or income tax withholding requirement to the extent the deferred compensation does not constitute qualifying wages at the time the deferred compensation is paid or distributed.
- (7) Each employer, agent of an employer, or other payer required to withhold taxes is liable for the payment of that amount required to be withheld, whether or not such taxes have been withheld, and such amount shall be deemed to be held in trust for the City until such time as the withheld amount is remitted to the Tax Administrator.
- (8) On or before the last day of February of each year, an employer shall file a withholding reconciliation return with the Tax Administrator listing:
(a) The names, addresses, and social security numbers of all employees from whose qualifying wages tax was withheld or should have been withheld for the City during the preceding calendar year;
(b) The amount of tax withheld, if any, from each such employee, the total amount of qualifying wages paid to such employee during the preceding calendar year;
(c) The name of every other municipal corporation for which tax was withheld or should have been withheld from such employee during the preceding calendar year;
(d) Any other information required for federal income tax reporting purposes on Internal Revenue Service form W-2 or its equivalent form with respect to such employee;
(e) Other information as may be required by the Tax Administrator.
- (9) The officer or the employee of the employer, agent of an employer, or other payer with control or direct supervision of or charged with the responsibility for withholding the tax or filing the reports and making payments as required by this section, shall be personally liable for a failure to file a report or pay the tax due as required by this section. The dissolution of an employer, agent of an employer, or other payer does not discharge the officer's or employee's liability for a failure of the employer, agent of an employer, or other payer to file returns or pay any tax due.
- (10) An employer is required to deduct and withhold City income tax on tips and gratuities received by the employer's employees and constituting qualifying wages, but only to the extent that the tips and gratuities are under the employer's control. For the purposes of this division, a tip or gratuity is under the employer's control if the tip or gratuity is paid by the customer to the employer for subsequent remittance to the employee, or if the customer pays the tip or gratuity by credit card, debit card, or other electronic means.
- (11) The Tax Administrator shall consider any tax withheld by an employer at the request of an employee, when such tax is not otherwise required to be withheld by this Chapter, to be tax required to be withheld and remitted for the purposes of this section.

Occasional Entrant - Withholding.

- (C) (1) As used in this division:
(a) "Employer" includes a person that is a related member to or of an employer.
(b) "Fixed location" means a permanent place of doing business in this state, such as an office, warehouse, storefront, or similar location owned or controlled by an employer.
(c) "Principal place of work" means the fixed location to which an employee is required to report for employment duties on a regular and ordinary basis. If the employee is not required to report for employment duties on a regular and ordinary basis to a fixed location, "principal place of work" means the worksite location in this state to which the employee is required to report for employment duties on a regular and ordinary basis. If the employee is not required to report for employment duties on a regular and ordinary basis to a fixed location or worksite location, "principal place of work" means the location in this state at which the employee spends the greatest number of days in a calendar year performing services for or on behalf of the employee's employer.
If there is not a single municipal corporation in which the employee spent the "greatest number of days in a calendar year" performing services for or on behalf of the employer, but instead there are two or more municipal corporations in which the employee spent an identical number of days that is greater than the number of days the employee spent in any other municipal corporation, the employer shall allocate any of the employee's qualifying wages subject to division (C)(2)(a)(i) of this section among those two or more municipal corporations. The allocation shall be made using any fair and reasonable method, including, but not limited to, an equal allocation among such municipal corporations or an allocation based upon the time spent or sales made by the employee in each such municipal corporation. A municipal corporation to which qualifying wages are allocated under this division shall be the employee's "principal place of work" with respect to those qualifying wages for the purposes of this section.
For the purposes of this division, the location at which an employee spends a particular day shall be determined in accordance with division (C)(2)(b) of this section, except that "location" shall be substituted for "municipal corporation" wherever "municipal corporation" appears in that division.
(d) "Professional athlete" means an athlete who performs services in a professional athletic event for wages or other remuneration.
(e) "Professional entertainer" means a person who performs services in the professional performing arts for wages or other remuneration on a per-event basis.
(f) "Public figure" means a person of prominence who performs services at discrete events, such as speeches, public appearances, or similar events, for wages or other remuneration on a per-event basis.
(g) "Worksite location" means a construction site or other temporary worksite in this state at which the employer provides services for more than twenty (20) days during the calendar year. "Worksite location" does not include the home of an employee.
- (2) (a) Subject to divisions (C)(3), (5), (6), and (7) of this section, an employer is not required to withhold City income tax on qualifying wages paid to an employee for the performance of personal services in the City if the employee performed such services in the City on twenty (20) or fewer days in a calendar year, unless one of the following conditions applies:
(i) The employee's principal place of work is located in the City.
(ii) The employee performed services at one or more presumed worksite locations in the City. For the purposes of this division, "presumed worksite location" means a construction site or other temporary worksite in the City at which the employer provides or provided services that can reasonably be, or would have been, expected by the employer to last more than twenty (20) days in a calendar year. Services can "reasonably be expected by the employer to last more than twenty (20) days" if either of the following applies at the time the services commence:
(a) The nature of the services is such that it will require more than twenty (20) days of the services to complete the services;
(b) The agreement between the employer and its customer to perform services at a location requires the employer to perform the services at the location for more than twenty (20) days.
(iii) The employee is a resident of the City and has requested that the employer withhold tax from the employee's qualifying wages as provided in Section 184.04.
(iv) The employee is a professional athlete, professional entertainer, or public figure, and the qualifying wages are paid for the performance of services in the employee's capacity as a professional athlete, professional entertainer, or public figure.
- (b) For the purposes of division (C)(2)(a) of this section, an employee shall be considered to have spent a day performing services in the City only if the employee spent more time performing services for or on behalf of the employer in the City than in any other municipal corporation on that day. For the purposes of determining the amount of time an employee spent in a particular location, the time spent performing one or more of the following activities shall be considered to have been spent at the employee's principal place of work:
(i) Traveling to the location at which the employee will first perform services for the employer for the day;
(ii) Traveling from a location at which the employee was performing services for the employer to any other location;
(iii) Traveling from any location to another location in order to pick up or load, for the purpose of transportation or delivery, property that has been purchased, sold, assembled, fabricated, repaired, refurbished, processed, remanufactured, or improved by the employee's employer;
(iv) Transporting or delivering property described in division (C)(2)(b)(iii) of this section, provided that, upon delivery of the property, the employee does not temporarily or permanently affix the property to real estate owned, used, or controlled by a person other than the employee's employer;
(v) Traveling from the location at which the employee makes the employee's final delivery or pick-up for the day to either the employee's principal place of work or a location at which the employee will not perform services for the employer.
- (3) If the principal place of work of an employee is located in another Ohio municipal corporation that imposes an income tax, the exception from withholding requirements described in division (C)(2)(a) of this section shall apply only if, with respect to the employee's qualifying wages described in that division, the employer withholds and remits tax on such qualifying wages to that municipal corporation.
- (4) (a) Except as provided in division (C)(4)(b) of this section, if, during a calendar year, the number of days an employee spends performing personal services in the City exceeds the twenty (20) day threshold, the employer shall withhold and remit tax to the City for any subsequent days in that calendar year on which the employer pays qualifying wages to the employee for personal services performed in the City.
(b) An employer required to begin withholding tax for the City under division (C)(4)(a) of this section may elect to withhold tax for the City for the first twenty (20) days on which the employer paid qualifying wages to the employee for personal services performed in the City.
- (5) If an employer's fixed location is the City and the employer qualifies as a small employer as defined in Section 184.02, the employer shall withhold City income tax on all of the employee's qualifying wages for a taxable year and remit that tax only to the City, regardless of the number of days which the employee worked outside the corporate boundaries of the City.
To determine whether an employer qualifies as a small employer for a taxable year, the employer will be required to provide the Tax Administrator with the employer's federal income tax return for the preceding taxable year.
- (6) Divisions (C)(2)(a) and (4) of this section shall not apply to the extent that a Tax Administrator and an employer enter into an agreement regarding the manner in which the employer shall comply with the requirements of Section 184.04.
(Ord. 90-2015. Passed 11-24-15.)

184.05 ANNUAL RETURN; FILING.

- (A) An annual City income tax return shall be completed and filed by every individual taxpayer and any taxpayer that is not an individual for each taxable year for which the taxpayer is subject to the tax, whether or not a tax is due thereon.
- (1) The Tax Administrator may accept on behalf of all nonresident individual taxpayers a return filed by an employer, agent of an employer, or other payer under Section 184.05 of this Chapter when the nonresident individual taxpayer's sole income subject to the tax is the qualifying wages reported by the employer, agent of an employer, or other payer, and no additional tax is due the City.
- (2) Retirees having no Municipal Taxable Income for City income tax purposes may file with the Tax Administrator a written exemption from these filing requirements on a form prescribed by the Tax Administrator. The written exemption shall indicate the date of retirement and the entity from which retired. The exemption shall be in effect until such time as the retiree receives Municipal Taxable Income taxable to the City, at which time the retiree shall be required to comply with all applicable provisions of this Chapter.
- (B) If an individual is deceased, any return or notice required of that individual shall be completed and filed by that decedent's executor, administrator, or other person charged with the property of that decedent.
- (C) If an individual is unable to complete and file a return or notice required by the City, the return or notice required of that individual shall be completed and filed by the individual's duly authorized agent, guardian, conservator, fiduciary, or other person charged with the care of the person or property of that individual.
- (D) Returns or notices required of an estate or a trust shall be completed and filed by the fiduciary of the estate or trust.
- (E) The City shall permit spouses to file a joint return.
- (F) (1) Each return required to be filed under this division shall contain the signature of the taxpayer or the taxpayer's duly authorized agent and of the person who prepared the return for the taxpayer. The return shall include the taxpayer's social security number or taxpayer identification number. Each return shall be verified by a declaration under penalty of perjury.
(2) The Tax Administrator shall require a taxpayer who is an individual to include, with each annual return and amended return, copies of the following documents: all of the taxpayer's Internal Revenue Service form W-2, "Wage and Tax Statements," including all information reported on the taxpayer's federal W-2, as well as taxable wages reported or withheld for any municipal corporation; the taxpayer's Internal Revenue Service form 1040 or, in the case of a return or request required by a qualified municipal corporation, Ohio form IT-1040; and, with respect to an amended tax return, any other

documentation necessary to support the adjustments made in the amended return. An individual taxpayer who files the annual return required by this section electronically is not required to provide paper copies of any of the foregoing to the Tax Administrator unless the Tax Administrator requests such copies after the return has been filed.

- (3) The Tax Administrator may require a taxpayer that is not an individual to include, with each annual net profit return, amended net profit return, or request for refund required under this section, copies of only the following documents: the taxpayer's Internal Revenue Service form 1041, form 1065, form 1120, form 1120-REIT, form 1120F, or form 1120S, and, with respect to an amended tax return or refund request, any other documentation necessary to support the refund request or the adjustments made in the amended return.

A taxpayer that is not an individual and that files an annual net profit return electronically through the Ohio Business Gateway or in some other manner shall either mail the documents required under this division to the Tax Administrator at the time of filing or, if electronic submission is available, submit the documents electronically through the Ohio Business Gateway.

- (4) After a taxpayer files a tax return, the Tax Administrator may request, and the taxpayer shall provide, any information, statements, or documents required by the City to determine and verify the taxpayer's municipal income tax liability. The requirements imposed under division (F) of this section apply regardless of whether the taxpayer files on a generic form or on a form prescribed by the Tax Administrator.
- (G) (1) (a) Except as otherwise provided in this Chapter, each individual income tax return required to be filed under this section shall be completed and filed as required by the Tax Administrator on or before the date prescribed for the filing of state individual income tax returns under division (G) of Section 5747.08 of the ORC. The taxpayer shall complete and file the return or notice on forms prescribed by the Tax Administrator or on generic forms, together with remittance made payable to the City. No remittance is required if the net amount due is ten dollars (\$10.00) or less.
- (b) Except as otherwise provided in this Chapter, each annual net profit return required to be filed under this section by a taxpayer that is not an individual shall be completed and filed as required by the Tax Administrator on or before the fifteenth (15th) day of the fourth (4th) month following the end of the taxpayer's taxable year. The taxpayer shall complete and file the return or notice on forms prescribed by the Tax Administrator or on generic forms, together with remittance made payable to the City. No remittance is required if the net amount due is ten dollars (\$10.00) or less.
- (2) Any taxpayer that has duly requested an automatic six-month extension for filing the taxpayer's federal income tax return shall automatically receive an extension for the filing of the City's income tax return. The extended due date of the City's income tax return shall be the fifteenth (15th) day of the tenth (10th) month after the last day of the taxable year to which the return relates. An extension of time to file under this division is not an extension of the time to pay any tax due unless the Tax Administrator grants an extension of that date.
- (a) A copy of the federal extension request shall be included with the filing of the City's income tax return.
- (b) A taxpayer that has not requested or received a six-month extension for filing the taxpayer's federal income tax return may submit a written request that the Tax Administrator grant the taxpayer a six-month extension of the date for filing the taxpayer's Municipal income tax return. If the request is received by the Tax Administrator on or before the date the Municipal income tax return is due, the Tax Administrator shall grant the taxpayer's requested extension.
- (3) If the tax commissioner extends for all taxpayers the date for filing state income tax returns under division (G) of Section 5747.08 of the ORC, a taxpayer shall automatically receive an extension for the filing of the City's income tax return. The extended due date of the City's income tax return shall be the same as the extended due date of the state income tax return.
- (4) If the Tax Administrator considers it necessary in order to ensure the payment of the tax imposed by the City, the Tax Administrator may require taxpayers to file returns and make payments otherwise than as provided in this division, including taxpayers not otherwise required to file annual returns.
- (5) To the extent that any provision in this division (G) of this section conflicts with any provision in divisions (N), (O), (P), or (Q) of this section, the provisions in divisions (N), (O), (P), or (Q) prevail.

- (3) (a) A person may notify the Tax Administrator that the person does not expect to be a taxpayer subject to City income tax ordinance for a taxable year if both the following apply:

- (ii) The person no longer provides services in the City and does not expect to be subject to City income tax for the taxable year.
- (b) The person shall provide the notice in a signed affidavit that briefly explains the person's circumstances, including the location of the previous worksite location and the last date on which the person performed services or made any sales within the City. The affidavit shall also include the following statement: "The affiant has no plans to perform any services within the City, make any sales in the City, or otherwise become subject to the tax levied by the City during the taxable year. If the affiant does become subject to the tax levied by the City for the taxable year, the affiant agrees to be considered a taxpayer and to properly comply as a taxpayer with the City income tax ordinance and rules and regulations." The person shall sign the affidavit under penalty of perjury.

- (J) Taxes withheld for the City by an employer, the agent of an employer, or other payer as described in Section 184.04 shall be allowed to the taxpayer as credits against payment of the tax imposed on the taxpayer by the City, unless the amounts withheld were not remitted to the City and the recipient colluded with the employer, agent, or other payer in connection with the failure to remit the amounts withheld.
- (K) Each return required by the City to be filed in accordance with this division shall include a box that the taxpayer may check to authorize another person, including a tax return preparer who prepared the return, to communicate with the Tax Administrator about matters pertaining to the return.
- (L) The Tax Administrator shall accept for filing a generic form of any income tax return, report, or document required by the City, provided that the generic form, once completed and filed, contains all of the information required by ordinance, resolution, or rules and regulations adopted by the City or the Tax Administrator, and provided that the taxpayer or tax return preparer filing the generic form otherwise complies with the provisions of this Chapter and any of the City's ordinances, resolutions, or rules and regulations governing the filing of returns, reports, or documents.

Extension for service in or for the armed forces.

(N) Each member of the national guard of any state and each member of a reserve component of the armed forces of the United States called to active duty pursuant to an executive order issued by the president of the United States or an act of the congress of the United States, and each civilian serving as support personnel in a combat zone or contingency operation in support of the armed forces, may apply to the Tax Administrator of the City for both an extension of time for filing of the return and an extension of time for payment of taxes required by the City during the period of the member's or civilian's duty service, and for one hundred eighty (180) days thereafter. The application shall be filed on or before the one hundred eightieth (180th) day after the member's or civilian's duty terminates. An applicant shall provide such evidence as the Tax Administrator considers necessary to demonstrate eligibility for the extension.

- (O) (1) If the Tax Administrator ascertains that an applicant is qualified for an extension under this section, the Tax Administrator shall enter into a contract with the applicant for the payment of the tax in installments that begin on the one hundred eighty-first (181st) day after the applicant's active duty or service terminates. The Tax Administrator may prescribe such contract terms as the Tax Administrator considers appropriate. However, taxes pursuant to a contract entered into under this division are not delinquent, and the Tax Administrator shall not require any payments of penalties or interest in connection with those taxes for the extension period.
- (2) If the Tax Administrator determines that an applicant is qualified for an extension under this section, the applicant shall neither be required to file any return, report, or other tax document nor be required to pay any tax otherwise due to the municipal corporation before the one hundred eighty-first (181st) day after the applicant's active duty or service terminates.
- (3) Taxes paid pursuant to a contract entered into under (O)(1) of this division are not delinquent. The Tax Administrator shall not require any payments of penalties or interest in connection with those taxes for the extension period.
- (P) (1) Nothing in this division denies to any person described in this division the application of divisions (N) and (O) of this section.
- (2) (a) A qualifying taxpayer who is eligible for an extension under the Internal Revenue Code shall receive both an extension of time in which to file any return, report, or other tax document and an extension of time in which to make any payment of taxes required by a municipal corporation in accordance with this Chapter. The length of any extension granted under division (P)(2)(a) of this section shall be equal to the length of the corresponding extension that the taxpayer receives under the Internal Revenue Code. As used in this division, "qualifying taxpayer" means a member of the national guard or a member of a reserve component of the armed forces of the United States called to active duty pursuant to either an executive order issued by the president of the United States or an act of the congress of the United States, or a civilian serving as support personnel in a combat zone or contingency operation in support of the armed forces.
- (b) Taxes whose payment is extended in accordance with division (P)(2)(a) of this section are not delinquent during the extension period. Such taxes become delinquent on the first day after the expiration of the extension period if the taxes are not paid prior to that date. The Tax Administrator shall not require any payment of penalties or interest in connection with those taxes for the extension period. The Tax Administrator shall not include any period of extension granted under division (P)(2)(a) of this section in calculating the penalty or interest due on any unpaid tax.

- (R) As used in this section:
- (1) "Affiliated group of corporations" means an affiliated group as defined in Section 1504 of the Internal Revenue Code, except that, if such a group includes at least one incumbent local exchange carrier that is primarily engaged in the business of providing local exchange telephone service in this state, the affiliated group shall not include any incumbent local exchange carrier that would otherwise be included in the group.
- (2) "Consolidated federal income tax return" means a consolidated return filed for federal income tax purposes pursuant to Section 1501 of the Internal Revenue Code.
- (3) "Consolidated federal taxable income" means the consolidated taxable income of an affiliated group of corporations, as computed for the purposes of filing a consolidated federal income tax return, before consideration of net operating losses or special deductions. "Consolidated federal taxable income" does not include income or loss of an incumbent local exchange carrier that is excluded from the affiliated group under division (R)(1) of this section.
- (4) "Incumbent local exchange carrier" has the same meaning as in Section 4927.01 of the ORC.
- (5) "Local exchange telephone service" has the same meaning as in Section 5727.01 of the ORC.
- (S) (1) For taxable years beginning on or after January 1, 2016, a taxpayer that is a member of an affiliated group of corporations may elect to file a consolidated municipal income tax return for a taxable year if at least one member of the affiliated group of corporations is subject to the City's income tax in that taxable year, and if the affiliated group of corporations filed a consolidated federal income tax return with respect to that taxable year. The election is binding for a five (5) year period beginning with the first taxable year of the initial election unless a change in the reporting method is required under federal law. The election continues to be binding for each subsequent five (5) year period unless the taxpayer elects to discontinue filing consolidated municipal income tax returns under division (S) (2) of this section or a taxpayer receives permission from the Tax Administrator. The Tax Administrator shall approve such a request for good cause shown.
- (2) An election to discontinue filing consolidated municipal income tax returns under this section must be made in the first year following the last year of a five (5) year consolidated municipal income tax return election period in effect under division (S)(1) of this section. The election to discontinue filing a consolidated municipal income tax return is binding for a five (5) year period beginning with the first taxable year of the election.
- (3) An election made under division (S)(1) or (2) of this section is binding on all members of the affiliated group of corporations subject to a municipal income tax.
- (4) When a taxpayer makes the election allowed under section 718.80 of the Revised Code, a valid election made by a taxpayer under division (S)(1) or (2) of this section is binding upon the tax commissioner for the remainder of the five-year period.
- (5) When an election is made under section 718.80 of the Revised Code is terminated, a valid election made under section 718.86 of the Revised Code is binding upon the tax administrator for the remainder of the five-year period.
- (T) A taxpayer that is a member of an affiliated group of corporations that filed a consolidated federal income tax return for a taxable year shall file a consolidated City income tax return for that taxable year if the Tax Administrator determines, by a preponderance of the evidence, that intercompany transactions have not been conducted at arm's length and that there has been a distortive shifting of income or expenses with regard to allocation of net profits to the City. A taxpayer that is required to file a consolidated City income tax return for a taxable year shall file a consolidated City income tax return for all subsequent taxable years, unless the taxpayer requests and receives written permission from the Tax Administrator to file a separate return or a taxpayer has experienced a change in circumstances.

- (U) A taxpayer shall prepare a consolidated City income tax return in the same manner as is required under the United States department of treasury regulations that prescribe procedures for the preparation of the consolidated federal income tax return required to be filed by the common parent of the affiliated group of which the taxpayer is a member.
- (V) (1) Except as otherwise provided in divisions (V)(2), (3), and (4) of this section, corporations that file a consolidated municipal income tax return shall compute adjusted federal taxable income, as defined in Section 184.02, by substituting "consolidated federal taxable income" for "federal taxable income" wherever "federal taxable income" appears in that division and by substituting "an affiliated group of corporations" for "a C corporation's" wherever "a C corporation's" appears in that division.
- (2) No corporation filing a consolidated City income tax return shall make any adjustment otherwise required under Section 184.02(C)(1) to the extent that the item of income or deduction otherwise subject to the adjustment has been eliminated or consolidated in the computation of consolidated federal taxable income.
- (3) If the net profit or loss of a pass-through entity having at least eighty percent (80%) of the value of its ownership interest owned or controlled, directly or indirectly, by an affiliated group of corporations is included in that affiliated group's consolidated federal taxable income for a taxable year, the corporation filing a consolidated City income tax return shall do one of the following with respect to that pass-through entity's net profit or loss for that taxable year:
- (a) Exclude the pass-through entity's net profit or loss from the consolidated federal taxable income of the affiliated group and, for the purpose of making the computations required in divisions (R) through (Y) of Section 184.05, exclude the property, payroll, and gross receipts of the pass-through entity in the computation of the affiliated group's net profit situated to the City. If the entity's net profit or loss is so excluded, the entity shall be subject to taxation as a separate taxpayer on the basis of the entity's net profits that would otherwise be included in the consolidated federal taxable income of the affiliated group.
- (b) Include the pass-through entity's net profit or loss in the consolidated federal taxable income of the affiliated group and, for the purpose of making the computations required in divisions (R) through (Y) of Section 184.05, include the property, payroll, and gross receipts of the pass-through entity in the computation of the affiliated group's net profit situated to the City. If the entity's net profit or loss is so included, the entity shall not be subject to taxation as a separate taxpayer on the basis of the entity's net profits that are included in the consolidated federal taxable income of the affiliated group.
- (4) If the net profit or loss of a pass-through entity having less than eighty percent of the value of its ownership interest owned or controlled, directly or indirectly, by an affiliated group of corporations is included in that affiliated group's consolidated federal taxable income for a taxable year, all of the following shall apply:
- (a) The corporation filing the consolidated municipal income tax return shall exclude the pass-through entity's net profit or loss from the consolidated federal taxable income of the affiliated group and, for the purposes of making the computations required in divisions (R) through (Y) of Section 184.05, exclude the property, payroll, and gross receipts of the pass-through entity in the computation of the affiliated group's net profit situated to the City;
- (b) The pass-through entity shall be subject to City income taxation as a separate taxpayer in accordance with this Chapter on the basis of the entity's net profits that would otherwise be included in the consolidated federal taxable income of the affiliated group.
- (W) Corporations filing a consolidated City income tax return shall make the computations required under divisions (R) through (Y) of Section 184.05 by substituting "consolidated federal taxable income attributable to" for "net profit from" wherever "net profit from" appears in that section and by substituting "affiliated group of corporations" for "taxpayer" wherever "taxpayer" appears in that section.
- (X) Each corporation filing a consolidated City income tax return is jointly and severally liable for any tax, interest, penalties, fines, charges, or other amounts imposed by the City in accordance with this Chapter on the corporation, an affiliated group of which the corporation is a member for any portion of the taxable year, or any one or more members of such an affiliated group.
- (Y) Corporations and their affiliates that made an election or entered into an agreement with the City before January 1, 2016, to file a consolidated or combined tax return with the City may continue to file consolidated or combined tax returns in accordance with such election or agreement for taxable years beginning on and after January 1, 2016.

Subject to division (C) of this section, the credit shall not exceed the tax due the City under this Chapter.
- (B) The City shall grant a credit against its tax on income to a resident of the City who works in a joint economic development zone created under Section 715.691 or a joint economic development district created under Section 715.70, 715.71, or 715.72 of the ORC to the same extent that it grants a credit against its tax on income to its residents who are employed in another municipal corporation.
- (C) If the amount of tax withheld or paid to the other municipality is less than the amount of tax required to be withheld or paid to the other municipality, then for purposes of division (A) of this section, "the income, qualifying wages, commissions, net profits or other compensation" subject to tax in the other municipality shall be limited to the amount computed by dividing the tax withheld or paid to the other municipality by the tax rate for that municipality.
- (D) Intentionally left blank.
- (Ord. 90-2015. Passed 11-24-15.)

184.07 ESTIMATED TAXES.

- (A) As used in this section:
- (1) "Estimated taxes" means the amount that the taxpayer reasonably estimates to be the taxpayer's tax liability for the City's income tax for the current taxable year.
- (2) "Tax liability" means the total taxes due to the City for the taxable year, after allowing any credit to which the taxpayer is entitled, and after applying any estimated tax payment, withholding payment, or credit from another taxable year.
- (B) (1) Every taxpayer shall make a declaration of estimated taxes for the current taxable year, on the form prescribed by the Tax Administrator, if the amount payable as estimated taxes is at least \$200. For the purposes of this section:
- (a) Taxes withheld for the City from qualifying wages shall be considered as paid to the City in equal amounts on each payment date unless the taxpayer establishes the dates on which all amounts were actually withheld, in which case they shall be considered as paid on the dates on which the amounts were actually withheld.
- (b) An overpayment of tax applied as a credit to a subsequent taxable year is deemed to be paid on the date of the postmark stamped on the cover in which the payment is mailed or, if the payment is made by electronic funds transfer, the date the payment is submitted. As used in this division, "date of the postmark" means, in the event there is more than one date on the cover, the earliest date imprinted on the cover by the postal service.
- (2) Taxpayers filing joint returns shall file joint declarations of estimated taxes. A taxpayer may amend a declaration under rules prescribed by the Tax Administrator. A taxpayer having a taxable year of less than twelve months shall make a declaration under rules prescribed by the Tax Administrator.
- (3) The declaration of estimated taxes shall be filed on or before the date prescribed for the filing of municipal income tax returns under division (G) of Section 184.05 or on or before the fifteenth (15th) day of the fourth month after the taxpayer becomes subject to tax for the first time.
- (4) Taxpayers reporting on a fiscal year basis shall file a declaration on or before the fifteenth (15th) day of the fourth (4th) month after the beginning of each fiscal year or period.
- (5) The original declaration or any subsequent amendment may be increased or decreased on or before any subsequent quarterly payment day as provided in this section.

- (a) On or before the fifteenth (15th) day of the fourth month after the beginning of the taxable year, twenty-two and one-half (22.5%) percent of the tax liability for the taxable year;
- (b) On or before the fifteenth (15th) day of the sixth (6th) month after the beginning of the taxable year, forty-five (45%) percent of the tax liability for the taxable year;
- (c) On or before the fifteenth (15th) day of the ninth (9th) month after the beginning of the taxable year, sixty-seven and one-half (67.5) percent of the tax liability for the taxable year;
- (d) For an individual, on or before the fifteenth (15th) day of the first of the month of the following taxable year, ninety percent (90%) of the tax liability for the taxable year. For a person other than an individual, on or before the fifteenth (15th) day of the twelfth month of the taxable year, ninety percent (90%) of the tax liability for the taxable year.
- (2) When an amended declaration has been filed, the unpaid balance shown due on the amended declaration shall be paid in equal installments on or before the remaining payment dates.
- (3) On or before the fifteenth (15th) day of the fourth (4th) month of the year following that for which the declaration or amended declaration was filed, an annual return shall be filed and any balance which may be due shall be paid with the return in accordance with Section 184.05.
- (D) (1) In the case of any underpayment of any portion of a tax liability, penalty and interest may be imposed pursuant to Section 184.18 upon the amount of underpayment for the period of underpayment, unless the underpayment is due to reasonable cause as described in division (E) of this section. The amount of the underpayment shall be determined as follows:
- (a) For the first payment of estimated taxes each year, twenty-two and one-half percent (22.5%) of the tax liability, less the amount of taxes paid by the date prescribed for that payment;
- (b) For the second payment of estimated taxes each year, forty-five percent (45%) of the tax liability, less the amount of taxes paid by the date prescribed for that payment;
- (c) For the third payment of estimated taxes each year, sixty-seven and one-half percent (67.5%) of the tax liability, less the amount of taxes paid by the date prescribed for that payment;
- (d) For the fourth payment of estimated taxes each year, ninety percent (90%) of the tax liability, less the amount of taxes paid by the date prescribed for that payment.
- (2) The period of the underpayment shall run from the day the estimated payment was required to be made to the date on which the payment is made. For purposes of this section, a payment of estimated taxes on or before any payment date shall be considered a payment of any previous underpayment only to the extent the payment of estimated taxes exceeds the amount of the payment presently required to be paid to avoid any penalty.
- (E) An underpayment of any portion of tax liability determined under division (D) of this section shall be due to reasonable cause and the penalty imposed by this section shall not be added to the taxes for the taxable year if any of the following apply:
- (1) The amount of estimated taxes that were paid equals at least ninety percent (90%) of the tax liability for the current taxable year, determined by annualizing the income received during the year up to the end of the month immediately preceding the month in which the payment is due.
- (2) The amount of estimated taxes that were paid equals at least one hundred percent of the tax liability shown on the return of the taxpayer for the preceding taxable year, provided that the immediately preceding taxable year reflected a period of twelve months and the taxpayer filed a return with the City under Section 184.05 for that year.
- (3) The taxpayer is an individual who resides in the City but was not domiciled there on the first (1st) day of January of the calendar year that includes the first (1st) day of the taxable year.

- (1) Overpayments of ten dollars (\$10.00) or more;
- (2) Amounts paid erroneously if the refund requested is ten dollars (\$10.00) or more.
- (C) (1) Except as otherwise provided in this Chapter, requests for refund shall be filed with the Tax Administrator, on the form prescribed by the Tax Administrator within three (3) years after the tax was due or paid, whichever is later. The Tax Administrator may require the requestor to file with the request any documentation that substantiates the requestor's claim for a refund.
- (2) On filing of the refund request, the Tax Administrator shall determine the amount of refund due and certify such amount to the appropriate municipal corporation official for payment. Except as provided in division (C)(3) of this section, the Tax Administrator shall issue an assessment to any taxpayer whose request for refund is fully or partially denied. The assessment shall state the amount of the refund that was denied, the reasons for the denial, and instructions for appealing the assessment.
- (3) If a Tax Administrator denies in whole or in part a refund request included within the taxpayer's originally filed annual income tax return, the Tax Administrator shall notify the taxpayer, in writing, of the amount of the refund that was denied, the reasons for the denial, and instructions for requesting an assessment that may be appealed under Section 184.21.
- (D) A request for a refund that is received after the last day for filing specified in division (C) of this section shall be considered to have been filed in a timely manner if any of the following situations exist:
- (1) The request is delivered by the postal service, and the earliest postal service postmark on the cover in which the request is enclosed is not later than the last day for filing the request.
- (2) The request is delivered by the postal service, the only postmark on the cover in which the request is enclosed was affixed by a private postal meter, the date of that postmark is not later than the last day for filing

the request, and the request is received within seven (7) days of such last day.

- (3) The request is delivered by the postal service, no postmark date was affixed to the cover in which the request is enclosed or the date of the postmark so affixed is not legible, and the request is received within seven (7) days of the last day for making the request.

(E) Interest shall be allowed and paid on any overpayment by a taxpayer of any municipal income tax obligation from the date of the overpayment until the date of the refund of the overpayment, except that if any overpayment is refunded within ninety (90) days after the final filing date of the annual return or ninety (90) days after the completed return is filed, whichever is later, no interest shall be allowed on the refund. For the purpose of computing the payment of interest on amounts overpaid, no amount of tax for any taxable year shall be considered to have been paid before the date on which the return on which the tax is reported is due, without regard to any extension of time for filing that return. Interest shall be paid at the interest rate described in Section 184.18 (A)(4).

- (B) Income tax that was deposited with another municipality but should have been deposited with the City is subject to recovery by City. If the City's tax on that income is imposed after the time period allowed for a refund of the tax or withholding paid to the other municipality, the City shall allow a nonrefundable credit against the tax or withholding the City claims is due with respect to such income or wages, equal to the tax or withholding paid to the first municipality with respect to such income or wages.
- (C) If the City's tax rate is less than the tax rate in the other municipality, then the nonrefundable credit shall be calculated using the City's tax rate. However, if the City's tax rate is greater than the tax rate in the other municipality, the tax due in excess of the nonrefundable credit is to be paid to the City, along with any penalty and interest that accrued during the period of nonpayment.
- (D) Nothing in this section permits any credit carryforward.

(Ord. 90-2015. Passed 11-24-15.)

184.11 AMENDED RETURNS.

- (A) (1) If a taxpayer's tax liability shown on the annual tax return for the City changes as a result of an adjustment to the taxpayer's federal or state income tax return, the taxpayer shall file an amended return with the City. The amended return shall be filed on a form required by the Tax Administrator.
- (2) If a taxpayer intends to file an amended consolidated municipal income tax return, or to amend its type of return from a separate return to a consolidated return, based on the taxpayer's consolidated federal income tax return, the taxpayer shall notify the Tax Administrator before filing the amended return.
- (B) (1) In the case of an underpayment, the amended return shall be accompanied by payment of any combined additional tax due, together with any penalty and interest thereon. If the combined tax shown to be due is ten dollars or less, no payment need be made. The amended return shall reopen those facts, figures, computations, or attachments from a previously filed return that are not affected, either directly or indirectly, by the adjustment to the taxpayer's federal or state income tax return only:
- (i) To determine the amount of tax that would be due if all facts, figures, computations, and attachments were reopened; or,
- (ii) If the applicable statute of limitations for civil actions or prosecutions under Section 184.12 has not expired for a previously filed return.
- (2) The additional tax to be paid shall not exceed the amount of tax that would be due if all facts, figures, computations, and attachments were reopened; i.e., the payment shall be the lesser of the two amounts.
- (C) (1) In the case of an overpayment, a request for refund may be filed under this division within the period prescribed by division (D) of this section for filing the amended return, even if it is filed beyond the period prescribed in that division if it otherwise conforms to the requirements of that division. If the amount of the refund is less than ten dollars, no refund need be paid by the City. A request filed under this division shall claim refund of overpayments resulting from alterations only to those facts, figures, computations, or attachments required in the taxpayer's annual return that are affected, either directly or indirectly, by the adjustment to the taxpayer's federal or state income tax return, unless it is also filed within the time prescribed in Section 184.09.
- (2) The amount to be refunded shall not exceed the amount of refund that would be due if all facts, figures, computations, and attachments were reopened. All facts, figures, computations, and attachments may be reopened to determine the refund amount due by inclusion of all facts, figures, computations, and attachments.
- (D) Within sixty (60) days after the final determination of any federal or state tax liability affecting the taxpayer's City income tax liability, that taxpayer shall make and file an amended City income tax return showing income subject to City income tax based upon such final determination of federal or state tax liability. The taxpayer shall pay any additional City income tax shown due thereon or make a claim for refund of any overpayment, unless the tax or overpayment is less than ten (\$10.00) dollars.

- (ii) One (1) year after the conclusion of the qualifying deferral period, if any.
- (b) The time limit described in division (A)(1)(a) of this section may be extended at any time if both the Tax Administrator and the employer, agent of the employer, other payer, or taxpayer consent in writing to the extension. Any extension shall also extend for the same period of time the time limit described in division (C) of this section.
- (2) As used in this section, "qualifying deferral period" means a period of time beginning and ending as follows:
- (a) Beginning on the date a person who is aggrieved by an assessment files with the Board of Tax Review the request described in Section 184.21. That date shall not be affected by any subsequent decision, finding, or holding by any administrative body or court that the Board of Tax Review did not have jurisdiction to affirm, reverse, or modify the assessment or any part of that assessment.
- (b) Ending the later of the sixtieth (60th) day after the date on which the final determination of the Board of Tax Review becomes final or, if any party appeals from the determination of the Board of Tax Review, the sixtieth (60th) day after the date on which the final determination of the Board of Tax Review is either ultimately affirmed in whole or in part or ultimately reversed and no further appeal of either that affirmation, in whole or in part, or that reversal is available or taken.
- (B) Prosecutions for an offense made punishable under a resolution or ordinance imposing an income tax shall be commenced within three (3) years after the commission of the offense, provided that in the case of fraud, failure to file a return, or the omission of twenty-five percent (25%) or more of income required to be reported, prosecutions may be commenced within six (6) years after the commission of the offense.
- (C) A claim for a refund of municipal income taxes shall be brought within the time limitation provided in Section 184.09.
- (D) (1) Notwithstanding the fact that an appeal is pending, the petitioner may pay all or a portion of the assessment that is the subject of the appeal. The acceptance of a payment by the City does not prejudice any claim for refund upon final determination of the appeal.
- (2) If upon final determination of the appeal an error in the assessment is corrected by the Tax Administrator, upon an appeal so filed or pursuant to a final determination of the Board of Tax Review, of the Ohio board of tax appeals, or any court to which the decision of the Ohio board of tax appeals has been appealed, so that the resultant amount due is less than the amount paid, a refund will be paid in the amount of the overpayment as provided by Section 184.09, with interest on that amount as provided by division (E) of Section 184.09.
- (E) No civil action to recover City income tax or related penalties or interest shall be brought during either of the following time periods:
- (1) The period during which a taxpayer has a right to appeal the imposition of that tax or interest or those penalties;
- (2) The period during which an appeal related to the imposition of that tax or interest or those penalties is pending.

(Ord. 90-2015. Passed 11-24-15.)

184.13 AUDITS.

- (A) At or before the commencement of an audit, the Tax Administrator shall provide to the taxpayer a written description of the roles of the Tax Administrator and of the taxpayer during the audit and a statement of the taxpayer's rights, including any right to obtain a refund of an overpayment of a tax. At or before the commencement of an audit, the Tax Administrator shall inform the taxpayer when the audit is considered to have commenced.
- (B) Except in cases involving suspected criminal activity, the Tax Administrator shall conduct an audit of a taxpayer during regular business hours and after providing reasonable notice to the taxpayer. A taxpayer who is unable to comply with a proposed time for an audit on the grounds that the proposed time would cause inconvenience or hardship must offer reasonable alternative dates for the audit.
- (C) At all stages of an audit by the Tax Administrator, a taxpayer is entitled to be assisted or represented by an attorney, accountant, bookkeeper, or other tax practitioner. The Tax Administrator shall prescribe a form by which a taxpayer may designate such a person to assist or represent the taxpayer in the conduct of any proceedings resulting from actions by the Tax Administrator. If a taxpayer has not submitted such a form, the Tax Administrator may accept other evidence, as the Tax Administrator considers appropriate, that a person is the authorized representative of a taxpayer.
- A taxpayer may refuse to answer any questions asked by the person conducting an audit until the taxpayer has an opportunity to consult with the taxpayer's attorney, accountant, bookkeeper, or other tax practitioner. This division does not authorize the practice of law by a person who is not an attorney.
- (D) A taxpayer may record, electronically or otherwise, the audit examination.
- (E) The failure of the Tax Administrator to comply with a provision of this section shall neither excuse a taxpayer from payment of any taxes owed by the taxpayer nor cure any procedural defect in a taxpayer's case.
- (F) If the Tax Administrator fails to substantially comply with the provisions of this section, the Tax Administrator, upon application by the taxpayer, shall excuse the taxpayer from penalties and interest. (Ord. 90-2015. Passed 11-24-15.)

184.14 SERVICE OF ASSESSMENT.

- (A) As used in this section:
- (1) "Last known address" means the address the Tax Administrator has at the time a document is originally sent by certified mail, or any address the Tax Administrator can ascertain using reasonable means such as the use of a change of address service offered by the postal service or an authorized delivery service under Section 5703.056 of the ORC.
- (2) "Undeliverable address" means an address to which the postal service or an authorized delivery service under Section 5703.056 of the ORC is not able to deliver an assessment of the Tax Administrator, except when the reason for non-delivery is because the addressee fails to acknowledge or accept the assessment.
- (B) Subject to division (C) of this section, a copy of each assessment shall be served upon the person affected thereby either by personal service, by certified mail, or by a delivery service authorized under Section 5703.056 of the ORC. With the permission of the person affected by an assessment, the Tax Administrator may deliver the assessment through alternative means as provided in this section, including, but not limited to, delivery by secure electronic mail.
- (C) (1) (a) If certified mail is returned because of an undeliverable address, a Tax Administrator shall utilize reasonable means to ascertain a new last known address, including the use of a change of address service offered by the postal service or an authorized delivery service under Section 5703.056 of the ORC. If the Tax Administrator is unable to ascertain a new last known address, the assessment shall be sent by ordinary mail and considered served. If the ordinary mail is subsequently returned because of an undeliverable address, the assessment remains appealable within sixty (60) days after the assessment's postmark.
- (b) Once the Tax Administrator or other City official, or the designee of either, serves an assessment on the person to whom the assessment is directed, the person may protest the ruling of that assessment by filing an appeal with the Board of Tax Review within sixty (60) days after the receipt of service. The delivery of an assessment of the Tax Administrator under division (C)(1)(a) of this section is prima facie evidence that delivery is complete and that the assessment is served.
- (2) If mailing of an assessment by a Tax Administrator by certified mail is returned for some cause other than an undeliverable address, the Tax Administrator shall resend the assessment by ordinary mail. The assessment shall show the date the Tax Administrator sends the assessment and include the following statement:
- "This assessment is deemed to be served on the addressee under applicable law ten (10) days from the date this assessment was mailed by the Tax Administrator as shown on the assessment, and all periods within which an appeal may be filed apply from and after that date."
- Unless the mailing is returned because of an undeliverable address, the mailing of that information is prima facie evidence that delivery of the assessment was completed ten (10) days after the Tax Administrator sent the assessment by ordinary mail and that the assessment was served.
- If the ordinary mail is subsequently returned because of an undeliverable address, the Tax Administrator shall proceed under division (C)(1)(a) of this section. A person may challenge the presumption of delivery and service under this division in accordance with division (D) of this section.
- (D) (1) A person disputing the presumption of delivery and service under division (C) of this section bears the burden of proving by a preponderance of the evidence that the address to which the assessment was sent by certified mail was not an address with which the person was associated at the time the Tax Administrator originally mailed the assessment. For the purposes of this section, a person is associated with an address at the time the Tax Administrator originally mailed the assessment if, at that time, the person was residing, receiving legal documents, or conducting business at the address; or if, before that time, the person had conducted business at the address and, when the assessment was mailed, the person's agent or the person's affiliate was conducting business at the address. For the purposes of this section, a person's affiliate is any other person that, at the time the assessment was mailed, owned or controlled at least twenty (20%) percent, as determined by voting rights, of the addressee's business.
- (2) If a person elects to appeal an assessment on the basis described in division (D)(1) of this section, and if that assessment is subject to collection and is not otherwise appealable, the person must do so within sixty

(60) days after the initial contact by the Tax Administrator or other City official, or the designee of either, with the person. Nothing in this division prevents the Tax Administrator or other official from entering into a compromise with the person if the person does not actually file such an appeal with the local Board of Tax Review.

(E) Nothing in this section prohibits the Tax Administrator or the Tax Administrator's designee from delivering an assessment by a Tax Administrator by personal service.

(F) Collection actions taken upon any assessment being appealed under division (C)(1)(b) of this section, including those on which a claim has been delivered for collection, shall be stayed upon the pendency of an appeal under this section.

(G) Additional regulations as detailed in the Rules and Regulations shall apply.

(Ord. 90-2015. Passed 11-24-15.)

184.15 ADMINISTRATION OF CLAIMS.

(A) As used in this section, "claim" means a claim for an amount payable to the City that arises pursuant to the City's income tax imposed in accordance with this Chapter.

(B) Nothing in this Chapter prohibits a Tax Administrator from doing either of the following if such action is in the best interests of the City:

(1) Compromise a claim;

(2) Extend for a reasonable period the time for payment of a claim by agreeing to accept monthly or other periodic payments.

(C) The Tax Administrator's rejection of a compromise or payment-over-time agreement proposed by a person with respect to a claim shall not be appealable.

(D) A compromise or payment-over-time agreement with respect to a claim shall be binding upon and shall be to the benefit of only the parties to the compromise or agreement, and shall not eliminate or otherwise affect the liability of any other person.

(E) A compromise or payment-over-time agreement with respect to a claim shall be void if the taxpayer defaults under the compromise or agreement or if the compromise or agreement was obtained by fraud or by misrepresentation of a material fact. Any amount that was due before the compromise or agreement and that is unpaid shall remain due, and any penalties or interest that would have accrued in the absence of the compromise or agreement shall continue to accrue and be due.

(Ord. 90-2015. Passed 11-24-15.)

184.16 TAX INFORMATION CONFIDENTIAL.

(A) Any information gained as a result of returns, investigations, hearings, or verifications required or authorized by this Chapter is confidential, and no person shall access or disclose such information except in accordance with a proper judicial order or in connection with the performance of that person's official duties or the official business of the City as authorized by this Chapter. The Tax Administrator or a designee thereof may furnish copies of returns filed or otherwise received under this Chapter and other related tax information to the internal revenue service, the tax commissioner, and tax administrators of other municipal corporations.

(B) This section does not prohibit the City from publishing or disclosing statistics in a form that does not disclose information with respect to particular taxpayers.

(Ord. 90-2015. Passed 11-24-15.)

184.17 FRAUD.

No person shall knowingly make, present, aid, or assist in the preparation or presentation of a false or fraudulent report, return, schedule, statement, claim, or document authorized or required by City ordinance or state law to be filed with the Tax Administrator, or knowingly procure, counsel, or advise the preparation or presentation of such report, return, schedule, statement, claim, or document, or knowingly change, alter, or amend, or knowingly procure, counsel or advise such change, alteration, or amendment of the records upon which such report, return, schedule, statement, claim, or document is based with intent to defraud the City or the Tax Administrator.

(Ord. 90-2015. Passed 11-24-15.)

184.18 INTEREST AND PENALTIES.

(A) As used in this section:

(1) "Applicable law" means this Chapter, the resolutions, ordinances, codes, directives, instructions, and rules adopted by the City provided they impose or directly or indirectly address the levy, payment, remittance, or filing requirements of the City.

(2) "Federal short-term rate" means the rate of the average market yield on outstanding marketable obligations of the United States with remaining periods to maturity of three (3) years or less, as determined under Section 1274 of the Internal Revenue Code, for July of the current year.

(3) "Income tax," "estimated income tax," and "withholding tax" means any income tax, estimated income tax, and withholding tax imposed by the City pursuant to applicable law, including at any time before January 1, 2016.

(4) "Interest rate as described in division (A) of this section" means the federal short-term rate, rounded to the nearest whole number percent, plus five percent. The rate shall apply for the calendar year next following the July of the year in which the federal short-term rate is determined in accordance with division (A)(2) of this section.

(5) "Return" includes any tax return, report, reconciliation, schedule, and other document required to be filed with the Tax Administrator or the City by a taxpayer, employer, any agent of the employer, or any other payer pursuant to applicable law, including at any time before January 1, 2016.

(6) "Unpaid estimated income tax" means estimated income tax due but not paid by the date the tax is required to be paid under applicable law.

(7) "Unpaid income tax" means income tax due but not paid by the date the income tax is required to be paid under applicable law.

(8) "Unpaid withholding tax" means withholding tax due but not paid by the date the withholding tax is required to be paid under applicable law.

(9) "Withholding tax" includes amounts an employer, any agent of an employer, or any other payer did not withhold in whole or in part from an employee's qualifying wages, but that, under applicable law, the employer, agent, or other payer is required to withhold from an employee's qualifying wages.

(B) (1) This section applies to the following:

(a) Any return required to be filed under applicable law for taxable years beginning on or after January 1, 2016;

(b) Income tax, estimated income tax, and withholding tax required to be paid or remitted to the City on or after January 1, 2016.

(2) This section does not apply to returns required to be filed or payments required to be made before January 1, 2016, regardless of the filing or payment date. Returns required to be filed or payments required to be made before January 1, 2016, but filed or paid after that date shall be subject to the ordinances or rules and regulations, as adopted before January 1, 2016, of the City to which the return is to be filed or the payment is to be made.

(C) Should any taxpayer, employer, agent of the employer, or other payer for any reason fail, in whole or in part, to make timely and full payment or remittance of income tax, estimated income tax, or withholding tax or to file timely with the City any return required to be filed, the following penalties and interest shall apply:

(1) Interest shall be imposed at the rate described in division (A) of this section, per annum, on all unpaid income tax, unpaid estimated income tax, and unpaid withholding tax.

(2) (a) With respect to unpaid income tax and unpaid estimated income tax, the City may impose a penalty equal to fifteen percent (15%) of the amount not timely paid.

(b) With respect to any unpaid withholding tax, the City may impose a penalty not exceeding fifty percent (50%) of the amount not timely paid.

(3) With respect to returns other than estimated income tax returns, the City may impose a penalty of twenty-five dollars (\$25.00) for each failure to timely file each return, regardless of the liability shown thereon for each month, or any fraction thereof, during which the return remains unfiled regardless of the liability shown thereon. The penalty shall not exceed one hundred and fifty dollars (\$150.00) for each failure.

(D) Nothing in this section requires the City to refund or credit any penalty, amount of interest, charges, or additional fees that the City has properly imposed or collected before January 1, 2016.

(E) Nothing in this section limits the authority of the City to abate or partially abate penalties or interest imposed under this section when the Tax Administrator determines, in the Tax Administrator's sole discretion, that such abatement is appropriate.

(F) By the 31st day of October of each year the City shall publish the rate described in division (A) of this section applicable to the next succeeding calendar year.

(G) The City may impose on the taxpayer, employer, any agent of the employer, or any other payer the City's post-judgment collection costs and fees, including attorney's fees.

(Ord. 42-2018. Passed 3-27-18.)

184.19 AUTHORITY OF TAX ADMINISTRATOR; VERIFICATION OF INFORMATION.

Authority.

(A) Nothing in this Chapter shall limit the authority of the Tax Administrator to perform any of the following duties or functions, unless the performance of such duties or functions is expressly limited by a provision of the ORC:

(1) (a) Exercise all powers whatsoever of an inquiry nature as provided by law, including, the right to inspect books, accounts, records, memorandums, and federal and state income tax returns, to examine persons under oath, to issue orders or subpoenas for the production of books, accounts, papers, records, documents, and testimony, to take depositions, to apply to a court for attachment proceedings as for contempt, to approve vouchers for the fees of officers and witnesses, and to administer oaths.

(b) The powers referred to in this division of this section shall be exercised by the Tax Administrator only in connection with the performance of the duties respectively assigned to the Tax Administrator under the City's income tax ordinance;

(2) Appoint agents and prescribe their powers and duties;

(3) Confer and meet with officers of other municipal corporations and states and officers of the United States on any matters pertaining to their respective official duties as provided by law;

(4) Exercise the authority provided by law, including orders from bankruptcy courts, relative to remitting or refunding taxes, including penalties and interest thereon, for any reason overpaid. In addition, the Tax Administrator may investigate any claim of overpayment and, if the Tax Administrator finds that there has been an overpayment, make a written statement of the Tax Administrator's findings, and approve and issue a refund payable to the taxpayer, the taxpayer's assigns, or legal representative as provided in this Chapter;

(5) Exercise the authority provided by law relative to consenting to the compromise and settlement of tax claims;

(6) Exercise the authority provided by law relative to the use of alternative apportionment methods by taxpayers in accordance with Section 184.03;

(7) (a) Make all tax findings, determinations, computations, and orders the Tax Administrator is by law authorized and required to make and, pursuant to time limitations provided by law, on the Tax Administrator's own motion, review, re-determine, or correct any tax findings, determinations, computations, and orders the Tax Administrator has made.

(b) If an appeal has been filed with the Board of Tax Review or other appropriate tribunal, the Tax Administrator shall not review, re-determine, or correct any tax finding, determination, computation, or order which the Tax Administrator has made, unless such appeal or application is withdrawn by the appellant or applicant, is dismissed, or is otherwise final;

(8) Destroy any or all returns or other tax documents in the manner authorized by law;

(9) Enter into an agreement with a taxpayer to simplify the withholding obligations described in Section 184.04.

Verification of accuracy of returns and determination of liability.

(B) (1) A Tax Administrator, or any authorized agent or employee thereof may examine the books, papers, records, and federal and state income tax returns of any employer, taxpayer, or other person that is subject to, or that the Tax Administrator believes is subject to, the provisions of this Chapter for the purpose of verifying the accuracy of any return made or, if no return was filed, to ascertain the tax due under this Chapter. Upon written request by the Tax Administrator or a duly authorized agent or employee thereof, every employer, taxpayer, or other person subject to this section is required to furnish the opportunity for the Tax Administrator, authorized agent, or employee to investigate and examine such books, papers, records, and federal and state income tax returns at a reasonable time and place designated in the request.

(2) The records and other documents of any taxpayer, employer, or other person that is subject to, or that a Tax Administrator believes is subject to, the provisions of this Chapter shall be open to the Tax Administrator's inspection during business hours and shall be preserved for a period of six (6) years following the end of the taxable year to which the records or documents relate, unless the Tax Administrator, in writing, consents to their destruction within that period, or by order requires that they be kept longer. The Tax Administrator may require any person, by notice served on that person, to keep such records as the Tax Administrator determines necessary to show whether or not that person is liable, and the extent of such liability, for the income tax levied by the City or for the withholding of such tax.

(3) The Tax Administrator may examine under oath any person that the Tax Administrator reasonably believes has knowledge concerning any income that was or would have been returned for taxation or any transaction tending to affect such income. The Tax Administrator may, for this purpose, compel any such person to attend a hearing or examination and to produce any books, papers, records, and federal and state income tax returns in such person's possession or control. The person may be assisted or represented by an attorney, accountant, bookkeeper, or other tax practitioner at any such hearing or examination. This division does not authorize the practice of law by a person who is not an attorney.

(4) No person issued written notice by the Tax Administrator compelling attendance at a hearing or examination or the production of books, papers, records, or federal or state income tax returns under this section shall fail to comply.

Identification information.

- (C) (1) Nothing in this Chapter prohibits the Tax Administrator from requiring any person filing a tax document with the Tax Administrator to provide identifying information, which may include the person's social security number, federal employer identification number, or other identification number requested by the Tax Administrator. A person required by the Tax Administrator to provide identifying information that has experienced any change with respect to that information shall notify the Tax Administrator of the change before, or upon, filing the next tax document requiring the identifying information.
- (2) (a) If the Tax Administrator makes a request for identifying information and the Tax Administrator does not receive valid identifying information within thirty (30) days of making the request, nothing in this Chapter prohibits the Tax Administrator from imposing a penalty upon the person to whom the request was directed pursuant to Section 184.18, in addition to any applicable penalty described in Section 184.99.
- (b) If a person required by the Tax Administrator to provide identifying information does not notify the Tax Administrator of a change with respect to that information as required under division (C) of Section 184.19 within thirty (30) days after filing the next tax document requiring such identifying information, nothing in this Chapter prohibits the Tax Administrator from imposing a penalty pursuant to Section 184.18.
- (c) The penalties provided for under divisions (C)(2)(a) and (b) of this section may be billed and imposed in the same manner as the tax or fee with respect to which the identifying information is sought and are in addition to any applicable criminal penalties described in Section 184.99 for a violation of Section 184.17 and any other penalties that may be imposed by the Tax Administrator by law. (Ord. 90-2015. Passed 11-24-15.)

184.20 REQUEST FOR OPINION OF THE TAX ADMINISTRATOR.

- (A) An "opinion of the Tax Administrator" means an opinion issued under this section with respect to prospective municipal income tax liability. It does not include ordinary correspondence of the Tax Administrator.
- (B) A taxpayer may submit a written request for an opinion of the Tax Administrator in accordance with the Rules and Regulations.
- (C) A taxpayer is not relieved of tax liability for any activity or transaction related to a request for an opinion that contained any misrepresentation or omission of one or more material facts.
- (D) A Tax Administrator may refuse to offer an opinion on any request received under this section. Such refusal is not subject to appeal.
- (E) An opinion of the Tax Administrator binds the Tax Administrator only with respect to the taxpayer for whom the opinion was prepared and does not bind the Tax Administrator of any other municipal corporation.
- (F) An opinion of the Tax Administrator issued under this section is not subject to appeal. (Ord. 90-2015. Passed 11-24-15.)

184.21 BOARD OF TAX REVIEW.

- (A) (1) The Board of Tax Review shall consist of three (3) members. Two (2) members shall be appointed by the legislative authority of the City, but such appointees may not be employees, elected officials, or contractors with the City at any time during their term or in the five (5) years immediately preceding the date of appointment. One (1) member shall be appointed by the Mayor of the City. This member may be an employee of the City, but may not be the director of finance or equivalent officer, or the Tax Administrator or other similar official or an employee directly involved in municipal tax matters, or any direct subordinate thereof.
- (2) The term for members of the Board of Tax Review appointed by the legislative authority of the City shall be two (2) years. There is no limit on the number of terms that a member may serve if the member is reappointed by the legislative authority. The board member appointed by the Mayor of the City shall serve at the discretion of the Mayor.
- (3) Members of the Board of Tax Review appointed by the legislative authority may be removed by the legislative authority by majority vote for malfeasance, misfeasance, or nonfeasance in office. To remove such a member, the legislative authority must give the member a copy of the charges against the member and afford the member an opportunity to be publicly heard in person or by counsel in the member's own defense upon not less than ten (10) days' notice. The decision by the legislative authority on the charges is final and not appealable.
- (4) A member of the Board of Tax Review who, for any reason, ceases to meet the qualifications for the position prescribed by this section shall resign immediately by operation of law.
- (5) A vacancy in an unexpired term shall be filled in the same manner as the original appointment within sixty (60) days of when the vacancy was created. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which the member's predecessor was appointed shall hold office for the remainder of such term. No vacancy on the Board of Tax Review shall impair the power and authority of the remaining members to exercise all the powers of the Board of Tax Review.
- (6) If a member is temporarily unable to serve on the Board of Tax Review due to a conflict of interest, illness, absence, or similar reason, the legislative authority or top administrative official that appointed the member shall appoint another individual to temporarily serve on the Board of Tax Review in the member's place. The appointment of such an individual shall be subject to the same requirements and limitations as are applicable to the appointment of the member temporarily unable to serve.
- (B) Whenever a Tax Administrator issues an assessment, the Tax Administrator shall notify the taxpayer in writing at the same time of the taxpayer's right to appeal the assessment, the manner in which the taxpayer may appeal the assessment, and the address to which the appeal should be directed.
- (C) Any person who has been issued an assessment may appeal the assessment to the Board of Tax Review by filing a request with the Board of Tax Review. The request shall be in writing, shall specify the reason or reasons why the assessment should be deemed incorrect or unlawful, and shall be filed within sixty (60) days after the taxpayer receives the assessment.
- (D) The Board of Tax Review shall schedule a hearing to be held within sixty (60) days after receiving an appeal of an assessment under division (C) of this section, unless the taxpayer requests additional time to prepare or waives a hearing. If the taxpayer does not waive the hearing, the taxpayer may appear before the Board of Tax Review and may be represented by an attorney at law, certified public accountant, or other representative. The Board of Tax Review may allow a hearing to be continued as jointly agreed to by the parties. In such a case, the hearing must be completed within one hundred twenty (120) days after the first (1st) day of the hearing unless the parties agree otherwise.
- (E) The Board of Tax Review may affirm, reverse, or modify the Tax Administrator's assessment or any part of that assessment. The Board of Tax Review shall issue a final determination on the appeal within ninety (90) days after the Board of Tax Review's final hearing on the appeal, and send a copy of its final determination by ordinary mail to all of the parties to the appeal within fifteen (15) days after issuing the final determination. The taxpayer or the Tax Administrator may appeal the Board of Tax Review's final determination as provided in Section 5717.011 of the ORC.
- (F) The Board of Tax Review created pursuant to this section shall adopt rules governing its procedures and shall keep a record of its transactions. Such records are not public records available for inspection under Section 149.43 of the ORC. Hearings requested by a taxpayer before a Board of Tax Review created pursuant to this section are not meetings of a public body subject to Section 121.22 of the ORC. (Ord. 90-2015. Passed 11-24-15.)

184.22 AUTHORITY TO CREATE RULES AND REGULATIONS.

- (A) Nothing in this Chapter prohibits the legislative authority of the City, or a Tax Administrator pursuant to authority granted to the administrator by resolution or ordinance, to adopt rules to administer an income tax imposed by the City in accordance with this Chapter. Such rules shall not conflict with or be inconsistent with any provision of this Chapter. Taxpayers are hereby required to comply not only with the requirements of this Chapter, but also to comply with the Rules and Regulations.
- (B) All rules adopted under this section shall be published and posted on the internet. (Ord. 90-2015. Passed 11-24-15.)

184.23 RENTAL AND LEASED PROPERTY.

- (A) All property owners of real property located in the City, who rent or otherwise lease the same, or any part thereof, to any person for residential dwelling purposes, including apartments, rooms and other rental accommodations, during any calendar year, or part thereof, commencing with the effective date of this section, shall file with the Tax Administrator on or before July 31st of each calendar year and the January 31st following such calendar year a written report disclosing the name, address and also telephone number, if available, of each tenant known to have occupied on June 31st and December 31 during such calendar year such apartment, room or other residential dwelling rental property. In addition to the above, property managers and owners who rent or otherwise lease real property located in the City, or any part thereof, to any person for residential dwelling purposes, including apartment, rooms and other rental accommodations, during any calendar year, or part thereof, having 4 or more units or tenants, during any calendar year, or part thereof, commencing with the effective date of this section, shall file with the Tax Administrator on a monthly basis, on or before the 15th day following the end of the previous calendar month, a written report disclosing the name, address and also telephone number, if available, and length of the contemplated tenancy of each tenant known to have occupied on the first day of the proceeding month such apartment, room or other residential dwelling rental property.
- (B) The Tax Administrator may order the appearance before him, or his duly authorized agent, of any person whom he believes to have any knowledge of the name, address and telephone number of any tenant of residential rental real property in the City. The Tax Administrator, or his duly authorized agent, is authorized to examine any person, under oath, concerning the name, address and telephone number of any tenant of residential real property located in the City. The Tax Administrator, or his duly authorized agent, may compel the production of papers and records and the attendance of all persons before him, whether as parties or witnesses, whenever he believes such person has knowledge of the name, address and telephone number of any tenant of residential real property in the City.
- (C) Any property owner or person that violates one or more of the following shall be subject to Section 184.99 of this Chapter:
- (1) Fails, refuses or neglects to timely file a written report required by subsection (a) hereof; or
 - (2) Makes an incomplete or intentionally false written report required by subsection (a) hereof; or
 - (3) Fails to appear before the Tax Administrator or any duly authorized agent and to produce and disclose any tenant information pursuant to any order or subpoena of the Tax Administrator as authorized in this section; or
 - (4) Fails to comply with the provisions of this section or any order or subpoena of the Tax Administrator.
- (Ord. 90-2015. Passed 11-24-15.)

184.24 SAVINGS CLAUSE.

This Chapter shall not apply to any person, firm or corporation, or to any property as to whom or which it is beyond the power of Council to impose the tax herein provided for. However, a towing service or storage facility may charge an after-hours retrieval fee established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25 if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under division (B)(3) of Ohio R.C. 4513.69, if applicable. The owner of a motor vehicle shall not do either of the following:
 - A. Retrieve any personal item that has been determined by the chief to be necessary to a criminal investigation;

 - (1) The owner of the private property posts on the property a sign, that is at least eighteen inches by twenty-four inches in size, that is visible from all entrances to the property, and that includes all of the following information:
 - A. A statement that the property is a tow-away zone;
 - B. A description of persons authorized to park on the property. If the property is a residential property, the owner of the private property may include on the sign a statement that only tenants and guests may park in the private tow-away zone, subject to the terms of the property owner. If the property is a commercial property, the owner of the private property may include on the sign a statement that only customers may park in the private tow-away zone. In all cases, if it is not apparent which persons may park in the private tow-away zone, the owner of the private property shall include on the sign the address of the property on which the private tow-away zone is located, or the name of the business that is located on the property designated as a private tow-away zone.
 - C. If the private tow-away zone is not enforceable at all times, the times during which the parking restrictions are enforced;
 - D. The telephone number and the address of the place from which a towed vehicle may be recovered at any time during the day or night;
 - E. A statement that the failure to recover a towed vehicle may result in the loss of title to the vehicle as provided in division (B) of Ohio R.C. 4505.101.
 - In order to comply with the requirements of subsection (a)(1) of this section, the owner of a private property may modify an existing sign by affixing to the existing sign stickers or an addendum in lieu of replacing the sign.
- (2) A towing service ensures that a vehicle towed under this section is taken to a location from which it may be recovered that complies with all of the following:
 - A. It is located within twenty-five linear miles of the location of the private tow-away zone, unless it is not practicable to take the vehicle to a place of storage within twenty-five linear miles.
 - B. It is well-lighted.
 - C. It is on or within a reasonable distance of a regularly scheduled route of one or more modes of public transportation, if any public transportation is available in the municipal corporation or township in which the private tow-away zone is located.
- (b) (1) If a vehicle is parked on private property that is established as a private tow-away zone in accordance with subsection (a) of this section, without the consent of the owner of the private property or in violation of any posted parking condition or regulation, the owner of the private property may cause the removal of the vehicle by a towing service. The towing service shall remove the vehicle in accordance with this section. The vehicle owner and the operator of the vehicle are considered to have consented to the removal and storage of the vehicle, to the payment of the applicable fees established by the Public Service Commission in rules adopted under Ohio R.C. 4921.25, and to the right of a towing service to obtain title to the vehicle if it remains unclaimed as provided in Ohio R.C. 4505.101. The owner or lienholder of a vehicle that has been removed under this section, subject to subsection (c) of this section, may recover the vehicle in accordance with subsection (g) of this section.
- (2) If a municipal corporation requires tow trucks and tow truck operators to be licensed, no owner of a private property located within the municipal corporation shall cause the removal and storage of any vehicle pursuant to subsection (b) of this section by an unlicensed tow truck or unlicensed tow truck operator.
- (3) No towing service shall remove a vehicle from a private tow-away zone except pursuant to a written contract for the removal of vehicles entered into with the owner of the private property on which the private tow-away zone is located.
- (c) If the owner or operator of a vehicle that is being removed under authority of subsection (b) of this section, arrives after the vehicle has been prepared for removal, but prior to the actual removal from the property, the towing service shall give the vehicle owner or operator oral or written notification at the time of such arrival that the vehicle owner or operator may pay a fee of not more than one-half of the fee for the removal of the vehicle established by the Public Service Commission in rules adopted under Ohio R.C. 4921.25, in order to obtain release of the vehicle. That fee may be paid by use of a major credit card unless the towing service uses a mobile credit card processor and mobile service is not available at the time of the transaction. Upon payment of that fee, the towing service shall give the vehicle owner or operator a receipt showing both the full amount normally assessed and the actual amount received and shall release the vehicle to the owner or operator. Upon its release the owner or operator immediately shall move the vehicle so that the vehicle is not parked on the private property established as a private tow-away zone without the consent of the owner of the private property or in violation of any posted parking condition or regulation.
- (d) (1) Prior to towing a vehicle under subsection (b) of this section, a towing service shall make all reasonable efforts to take as many photographs as necessary to evidence that the vehicle is clearly parked on private property in violation of a private tow-away zone established under subsection (a) of this section.

The towing service shall record the time and date of the photographs taken under this section. The towing service shall retain the photographs and the record of the time and date, in electronic or printed form, for at least thirty days after the date on which the vehicle is recovered by the owner or lienholder or at least two years after the date on which the vehicle was towed, whichever is earlier.
- (2) A towing service shall deliver a vehicle towed under subsection (b) of this section to the location from which it may be recovered not more than two hours after the time it was removed from the private tow-away zone, unless the towing service is unable to deliver the motor vehicle within two hours due to an uncontrollable force, natural disaster, or other event that is not within the power of the towing service.

- (e) (1) If an owner of a private property that is established as a private tow-away zone in accordance with subsection (a) of this section causes the removal of a vehicle from that property by a towing service under subsection (b) of this section, the towing service, within two hours of removing the vehicle, shall provide notice to the law enforcement agency of the municipal corporation concerning all of the following:
- The vehicle's license number, make, model and color;
 - The location from which the vehicle was removed;
 - The date and time the vehicle was removed;
 - The telephone number of the person from whom the vehicle may be recovered;
 - The address of the place from which the vehicle may be recovered.
- (2) The chief of a law enforcement agency of the municipal corporation shall maintain a record of any vehicle removed from private property in the chief's jurisdiction that is established as a private tow-away zone of which the chief has received notice under this section. The record shall include all information submitted by the towing service. The chief shall provide any information in the record that pertains to a particular vehicle to a person who, either in person or pursuant to a telephone call, identifies self as the owner, operator or lienholder of the vehicle, and requests information pertaining to the vehicle.
- (f) (1) When a vehicle is removed from private property in accordance with this section, within three business days of the removal, the towing service or storage facility from which the vehicle may be recovered shall cause a search to be made of either of the following to ascertain the identity of the owner and any lienholder of the vehicle:
- The records of the Bureau of Motor Vehicles;
 - The records of any vendor or vendors, approved by the Registrar of Motor Vehicles, that are capable of providing real-time access to owner and lienholder information.
- (2) The towing service or storage facility may search the National Motor Vehicle Title Information System in order to determine the state in which the vehicle is titled. The entity that provides the record of the owner and any lienholder under this division shall ensure that such information is provided in a timely manner.
- (3) Subject to subsection (f)(6) of this section, the towing service or storage facility shall send notice to the vehicle owner and any known lienholder as follows:
- Within five business days after the applicable entity provides the identity of the owner and any lienholder of the motor vehicle, if the vehicle remains unclaimed, to the owner's and lienholder's last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt.
 - If the vehicle remains unclaimed thirty days after the first notice is sent, in the manner required under subsection (f)(3)A. of this section.
- (4) Sixty days after any notice sent pursuant to subsection (f)(3) of this section is received, as evidenced by a receipt signed by any person, or the towing service or storage facility has been notified that delivery was not possible, the towing service or storage facility, if authorized under Ohio R.C. 4505.101(B), may initiate the process for obtaining a certificate of title to the motor vehicle as provided in that section.
- (5) A towing service or storage facility that does not receive a signed receipt of notice, or a notification that delivery was not possible, shall not obtain, and shall not attempt to obtain, a certificate of title to the motor vehicle under Ohio R.C. 4505.101(B).
- (6) With respect to a vehicle concerning which a towing service or storage facility is not eligible to obtain title under Ohio R.C. 4505.101, the towing service or storage facility need only comply with the initial notice required under subsection (f)(3)A. of this section.
- (g) (1) The owner or lienholder of a vehicle that is removed under subsection (b) of this section may reclaim it upon both of the following:
- Presentation of proof of ownership, which may be evidenced by a certificate of title to the vehicle, a certificate of registration for the motor vehicle or a lease agreement;
 - Payment of the following fees:
 - All applicable fees established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25, except that the lienholder of a vehicle may retrieve the vehicle without paying any storage fee for the period of time that the vehicle was in the possession of the towing service or storage facility prior to the date the lienholder received the notice sent under subsection (f)(1)A. of this section;
 - If notice has been sent to the owner and lienholder as described in subsection (f) of this section, a processing fee of twenty-five dollars (\$25.00).
- (2) A towing service or storage facility in possession of a vehicle that is removed under authority of subsection (b) of this section shall show the vehicle owner, operator or lienholder who contests the removal of the vehicle all photographs taken under subsection (d) of this section. Upon request, the towing service or storage facility shall provide a copy of all photographs in the medium in which the photographs are stored, whether paper, electronic, or otherwise.
- (3) When the owner of a vehicle towed under this section retrieves the vehicle, the towing service or storage facility in possession of the vehicle shall give the owner written notice that if the owner disputes that the motor vehicle was lawfully towed, the owner may be able to file a civil action under Ohio R.C. 4513.611.
- (4) Upon presentation of proof of ownership, which may be evidenced by a certificate of title to the vehicle, a certificate of registration for the motor vehicle or a lease agreement, the owner of a vehicle that is removed under authority of subsection (b) of this section may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. The owner of the vehicle shall not retrieve any personal items from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability. For purposes of subsection (g)(4) of this section, "personal items" do not include any items that are attached to the vehicle.
- (h) No person shall remove, or cause the removal of any vehicle from private property that is established as a private tow-away zone under this section, or store such a vehicle other than in accordance with this section, or otherwise fail to comply with any applicable requirement of this section.
- (i) This section does not affect or limit the operation of Ohio R.C. 4513.60 or Ohio R.C. 4513.61 to 4613.65 as they relate to property other than private property that is established as a private tow-away zone under subsection (a) of this section.
- (j) Whoever violates subsection (h) of this section is guilty of a minor misdemeanor.
- (k) As used in this section, "owner of a private property" or "owner of the private property" includes, with respect to a private property, any of the following:

 - Any person who is a lessee or sublessee with respect to a lease or sublease agreement for the property;

303.083 IMPOUNDING VEHICLES ON PUBLIC PROPERTY.

- (a) The chief of a law enforcement agency of the municipal corporation, within the chief's respective territorial jurisdiction, or a state highway patrol trooper, upon notification to the chief of such action and of the location of the place of storage, may order into storage any motor vehicle, including an abandoned junk motor vehicle as defined in Ohio R.C. 4513.63, that:
- Has come into the possession of the chief, or state highway patrol trooper as a result of the performance of the chief's or trooper's duties; or
 - Has been left on a public street or other property open to the public for purposes of vehicular travel, or upon or within the right-of-way of any road or highway, for forty-eight hours or longer without notification to the chief of the reasons for leaving the motor vehicle in such place. However, when such a motor vehicle constitutes an obstruction to traffic it may be ordered into storage immediately unless either of the following applies:
 - The vehicle was involved in an accident and is subject to Ohio R.C. 4513.66, or any substantially equivalent municipal ordinance;
 - The vehicle is a commercial motor vehicle. If the vehicle is a commercial motor vehicle, the chief, or state highway patrol trooper shall allow the owner or operator of the vehicle the opportunity to arrange for the removal of the motor vehicle within a period of time specified by the chief, or state highway patrol trooper. If the chief, or state highway patrol trooper determines that the vehicle cannot be removed within the specified period of time, the chief, or state highway patrol trooper shall order the removal of the vehicle.
- (3) Subject to subsection (c) of this section, the chief shall designate the place of storage of any motor vehicle so ordered removed.
- (b) If the chief, or a state highway patrol trooper issues an order under subsection (a) of this section and arranges for the removal of a motor vehicle by a towing service, the towing service shall deliver the motor vehicle to the location designated by the chief not more than two hours after the time it is removed.
- (c) (1) The chief shall cause a search to be made of the records of an applicable entity listed in Ohio R.C. 4513.601(F)(1) to ascertain the identity of the owner and any lienholder of a motor vehicle ordered into storage by the chief, or by a state highway patrol trooper within five business days of the removal of the vehicle. Upon obtaining such identity, the chief shall send or cause to be sent to the owner or lienholder at the owner's or lienholder's last known address by certified or express mail with return receipt requested, by certified mail with electronic tracking, or by a commercial carrier service utilizing any form of delivery requiring a signed receipt. The notice shall inform the owner or lienholder that the motor vehicle will be declared a nuisance and disposed of if not claimed within ten days of the date of the sending of the notice.
- (2) A. The owner or lienholder of the motor vehicle may reclaim the motor vehicle upon payment of any expenses or charges incurred in its removal and storage, and presentation of proof of ownership, which may be evidenced by a certificate of title or memorandum certificate of title to the motor vehicle, a certificate of registration for the motor vehicle, or a lease agreement. Upon presentation of proof of ownership evidenced as provided above, the owner of the motor vehicle also may retrieve any personal items from the vehicle without retrieving the vehicle and without paying any fee. However, a towing service or storage facility may charge an after-hours retrieval fee established by the Public Utilities Commission in rules adopted under Ohio R.C. 4921.25 if the owner retrieves the personal items after hours, unless the towing service or storage facility fails to provide the notice required under Ohio R.C. 4513.69(B)(3), if applicable. However, the owner shall not do either of the following:
- Retrieve any personal item that has been determined by the chief, or a state highway patrol trooper, as applicable, to be necessary to a criminal investigation;
 - Retrieve any personal item from a vehicle if it would endanger the safety of the owner, unless the owner agrees to sign a waiver of liability.
- B. For purposes of subsection (c)(2) of this section, "personal items" do not include any items that are attached to the vehicle.
- (3) If the owner or lienholder of the motor vehicle reclaims it after a search of the applicable records has been conducted and after notice has been sent to the owner or lienholder as described in this section, and the search was conducted by the place of storage, and the notice was sent to the motor vehicle owner by the place of storage, the owner or lienholder shall pay to the place of storage a processing fee of twenty-five dollars (\$25.00), in addition to any expenses or charges incurred in the removal and storage of the vehicle.
- (d) If the owner or lienholder makes no claim to the motor vehicle within ten days of the date of sending the notice, and if the vehicle is to be disposed of at a public auction as provided in Ohio R.C. 4513.62 or any substantially equivalent municipal ordinance, the chief, without charge to any party, shall file with the Clerk of Courts of the county in which the place of storage is located an affidavit showing compliance with the requirements of this section. Upon presentation of the affidavit, the Clerk, without charge, shall issue a salvage certificate of title, free and clear of all liens and encumbrances, to the chief. If the vehicle is to be disposed of to a motor vehicle salvage dealer or other facility as provided in Ohio R.C. 4513.62 or any substantially equivalent municipal ordinance, the chief shall execute in triplicate an affidavit, as prescribed by the Registrar of Motor Vehicles, describing the motor vehicle and the manner in which it was disposed of, and that all requirements of this section have been complied with. The chief shall retain the original of the affidavit for the chief's records, and shall furnish two copies to the motor vehicle salvage dealer or other facility. Upon presentation of a copy of the affidavit by the motor vehicle salvage dealer, the Clerk of Courts, within thirty days of the presentation, shall issue a salvage certificate of title, free and clear of all liens and encumbrances.
- (e) Whenever a motor vehicle salvage dealer or other facility receives an affidavit for the disposal of a motor vehicle as provided in this section, the dealer or facility shall not be required to obtain an Ohio certificate of title to the motor vehicle in the dealer's or facility's own name if the vehicle is dismantled or destroyed and both copies of the affidavit are delivered to the Clerk of Courts.
- (f) No towing service or storage facility shall fail to comply with this section.
- (ORC 4513.61)

303.09 LEAVING JUNK AND OTHER VEHICLES ON PRIVATE OR PUBLIC PROPERTY WITHOUT PERMISSION OR NOTIFICATION.

No person shall willfully leave any vehicle or an "abandoned junk motor vehicle" as defined in Ohio R.C. 4513.63 on private property for more than seventy-two hours without the permission of the person having the right to the possession of the property or on a public street or other property open to the public for purposes of vehicular travel or parking, or upon or within the right of way of any road or highway, for forty-eight hours or longer, without notification to the chief of the law enforcement agency of the municipal corporation of the reason for leaving the motor vehicle in such place.

For purposes of this section, the fact that a vehicle has been so left without permission or notification is prima-facie evidence of abandonment. Nothing contained in this section shall invalidate the provisions of other ordinances regulating or prohibiting the abandonment of motor vehicles on streets, highways, public property or private property within the Municipality.

(ORC 4513.64)

(b) Whoever violates this section is guilty of a minor misdemeanor, and shall also be assessed any costs incurred by the Municipality in disposing of such junk motor vehicle, including any storage and towing charges assessed pursuant to Section 303.11, less any money accruing to the Municipality from such disposal.

(Ord. 57-79. Passed 5-22-79.)

303.10 LEAVING JUNK VEHICLES ON PRIVATE PROPERTY WITH PERMISSION OF OWNER.

(a) For the purposes of this section, "junk motor vehicle" means any motor vehicle meeting the requirements of Ohio R.C. 4513.63(B) to (E) that is left uncovered in the open on private property for more than seventy-two hours with the permission of the person having the right to the possession of the property, except if the person is operating a junk yard or scrap metal processing facility licensed under authority of Ohio R.C. 4737.05 to 4737.12; or regulated under authority of the Municipality; or if the property on which the motor vehicle is left is not subject to licensure or regulation by any governmental authority, unless the person having the right to the possession of the property can establish that the motor vehicle is part of a bona fide commercial operation, or if the motor vehicle is a collector's vehicle.

Persons may store or keep by unrestricted method any collector's vehicle as defined in Ohio R.C. 4501.01(F) on private property with the permission of the person having the right to the possession of the property; except that such person having such permission shall conceal, by means of buildings, fences, vegetation, terrain or other suitable obstruction, any unlicensed collector's vehicle stored in the open.

Council, the chief of a law enforcement agency, a state highway patrol trooper or the Municipal Zoning Authority, may send notice by certified mail with return receipt requested, to the person having the right to the possession of the property on which a junk motor vehicle is left, that within ten days of receipt of the notice, the junk motor vehicle either shall be covered by being housed in a garage or other suitable structure or shall be removed from the property.

No person shall willfully leave a junk motor vehicle uncovered in the open for more than ten days after receipt of a notice as provided in this section. The fact that a junk motor vehicle is so left is prima-facie evidence of willful failure to comply with the notice. Each subsequent period of thirty days that a junk motor vehicle continues to be so left constitutes a separate offense.

(b) Whoever violates this section is guilty of a minor misdemeanor.
(ORC 4513.65)

303.11 STORAGE AND TOWING CHARGES.

(a) Any police officer may impound any property, including motor vehicles, in connection with the protection of the public peace, health, safety and welfare of the City in the enforcement of its ordinances and the laws of the State. Any person desiring to redeem such impounded property shall pay storage of two dollars (\$2.00) per day for the time the impounded property is held in storage by the City.

(Ord. 7-64. Passed 3-3-64.)

(b) The Mayor is authorized to contract with operators of towing services to be responsible for providing towing services within the City at a reasonable rate for each towing service. Any person desiring to redeem a towed vehicle shall appear at the Police Division to furnish satisfactory evidence of identity and ownership or right to possession. Such person shall obtain from the Division the release form required by Section 303.08. The pound operator shall release such vehicle upon the receipt of the release form and payment of all towage and storage charges accruing. In any event, the City shall not be responsible for any towing charges to the designated towing service operators.

(Ord. 105-78. Passed 9-26-78.)

303.12 VEHICLE TRESPASS.

(a) No person shall enter into or upon any vehicle, motorcycle or motor vehicle, the property of another person, without the consent of the owner or operator thereof.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

303.13 PRESENTING FALSE NAME OR INFORMATION TO LAW ENFORCEMENT OFFICER ISSUING A TRAFFIC TICKET OR COMPLAINT.

(a) No person shall knowingly present, display or orally communicate a false name, social security number or date of birth to a law enforcement officer who is in the process of issuing to the person a traffic ticket or complaint.

(b) Whoever violates this section is guilty of a misdemeanor of the first degree.

(Ord. 183-91. Passed 12-23-91.)

303.991 COMMITTING AN OFFENSE WHILE DISTRACTED PENALTY.

(a) As used in this section and each section of the Traffic Code where specified, all of the following apply:

(1) "Distracted" means doing either of the following while operating a vehicle:

A. Using an electronic wireless communications device, as defined in Ohio R.C. 4511.204, in violation of that section.

B. Engaging in any activity that is not necessary to the operation of a vehicle and impairs, or reasonably would be expected to impair, the ability of the operator to drive the vehicle safely.

(2) "Distracted" does not include operating a motor vehicle while wearing an earphone or earplug over or in both ears at the same time. A person who so wears earphones or earplugs may be charged with a violation of Section 331.43.

(3) "Distracted" does not include conducting any activity while operating a utility service vehicle or a vehicle for or on behalf of a utility, provided that the driver of the vehicle is acting in response to an emergency, power outage or a circumstance affecting the health or safety of individuals.

As used in subsection (a)(3) of this section:

A. "Utility" means an entity specified in division (A), (C), (D), (E) or (G) of Ohio R.C. 4905.03.

B. "Utility service vehicle" means a vehicle owned or operated by a utility.

(b) If an offender violates any section of this Traffic Code which provides for an enhanced penalty for an offense committed while distracted and the distracting activity is a contributing factor to the commission of the violation, the offender is subject to the applicable penalty for the violation and, notwithstanding Ohio R.C. 2929.28, is subject to an additional fine of not more than one hundred dollars (\$100.00) as follows:

(1) Subject to Traffic Rule 13, if a law enforcement officer issues an offender a ticket, citation or summons for a violation of any section of the Traffic Code that indicates that the offender was distracted while committing the violation and that the distracting activity was a contributing factor to the commission of the violation, the offender may enter a written plea of guilty and waive the offender's right to contest the ticket, citation or summons in a trial provided that the offender pays the total amount of the fine established for the violation and pays the additional fine of one hundred dollars (\$100.00).

In lieu of payment of the additional fine of one hundred dollars (\$100.00), the offender instead may elect to attend a distracted driving safety course, the duration and contents of which shall be established by the Ohio Director of Public Safety. If the offender attends and successfully completes the course, the offender shall be issued written evidence that the offender successfully completed the course. The offender shall be required to pay the total amount of the fine established for the violation, but shall not be required to pay the additional fine of one hundred dollars (\$100.00), so long as the offender submits to the court both the offender's payment in full and such written evidence.

(2) If the offender appears in person to contest the ticket, citation or summons in a trial and the offender pleads guilty to or is convicted of the violation, the court, in addition to all other penalties provided by law, may impose the applicable penalty for the violation and may impose the additional fine of not more than one hundred dollars (\$100.00).

If the court imposes upon the offender the applicable penalty for the violation and an additional fine of not more than one hundred dollars (\$100.00), the court shall inform the offender that, in lieu of payment of the additional fine of not more than one hundred dollars (\$100.00), the offender instead may elect to attend the distracted driving safety course described in subsection (b)(1) of this section. If the offender elects the course option and attends and successfully completes the course, the offender shall be issued written evidence that the offender successfully completed the course. The offender shall be required to pay the total amount of the fine established for the violation, but shall not be required to pay the additional fine of not more than one hundred dollars (\$100.00), so long as the offender submits to the court the offender's payment and such written evidence.

307.06 Options upon notice of liability, administrative appeal.

307.07 Civil penalties.

307.08 Collection of civil penalties.

307.01 APPLICABILITY.

(a) Notwithstanding any other provision of this Traffic Code, there is hereby adopted a civil enforcement system for red-light violations and speed limit violations as outlined in this Chapter. The automated traffic control photographic system (ATCPS) imposes monetary liability on Vehicle Owner or Responsible Party for failure of an operator thereof to comply with traffic control indications in accordance with the provisions of this Chapter.

(b) The City of Richmond Heights Division of Police shall be solely responsible for administering the ATCPS. Specifically, that Division shall be authorized to install and operate the ATCPS within the City.

(c) Intersections in which an ATCPS is installed shall have visible postings upon approach of the intersection indicating that the intersection is equipped with an automated traffic control signal monitoring system.

Any citation for a violation of foregoing sections of the Traffic Code or the Ohio Revised Code issued personally by a Police Officer at an ATCPS location need not be issued in the manner described under this Chapter and shall instead be treated in the same manner as prescribed by applicable traffic or other rules.

(f) This Chapter shall not apply to violations involving vehicle or pedestrian collisions.

(Ord. 17-2013. Passed 4-9-13.)

 - (b) Prior to ATCPS implementation, the City or its designee shall post all required signs in the time and manner set forth in Ohio Revised Code Section 4511.094(B)(1) to provide notice that an ATCPS is being used to monitor traffic. - (Ord. 17-2013. Passed 4-9-13.)

307.04 OFFENSE.

(a) An officer employed by the Division of Police shall examine the images recorded by the ATCPS to determine whether an infraction of Sections 313.01, 313.03 and/or 333.03 of the Traffic Code or Ohio Revised Code Sections 4511.13 and/or 4511.21 has occurred. If the image recorded by the ATCPS shows an infraction, contains a date and time of the alleged violation, and shows the letter and numbers on the vehicle's license plate, as well as the state in which the license was issued, the officer may use any lawful means to identify the Vehicle Owner.

(b) The fact that a person or entity is the Vehicle Owner shall be prima facie evidence that said person or entity was operating the vehicle at the time of an infraction recorded by an ATCPS.

(c) A certified copy of the Notice of Liability alleging violation of this Section, sworn to or affirmed by a duly authorized Police Officer of the Division of Police, with the recorded images produced by an ATCPS, shall be prima facie evidence of the facts contained therein and shall be admissible in a proceeding for review of the Notice of Liability under this Chapter.

(d) Within thirty (30) calendar days of the infraction and upon identification of the Vehicle Owner, the City or its designee may issue and send by first-class United States Mail a Notice of Liability charging the Vehicle Owner with an infraction. Said Notice of Liability must be consistent with the requirements set forth in Section 307.05(a).

(e) A person or entity who receives a Notice of Liability shall be required to respond to it in one of the manners set forth in Section 307.06(a).

(f) The Vehicle Owner shall not be responsible for the violation if, within fifteen (15) calendar days after receipt of the Notice of Liability, the Vehicle Owner furnishes the Division of Police with:

- (1) Substantial and convincing evidence of the identity of the Responsible Party at the time of the violation, including, at a minimum, the Responsible Party's name and current address; or
- (2) An affidavit by the Vehicle Owner stating that at the time of the violation, the vehicle or the license plates of the vehicle involved were stolen or were in the care, custody, or control of some person or entity who did not have the Vehicle Owner's permission to use the vehicle. In order to demonstrate that the vehicle or the license plates were stolen before the violation occurred and were not under the control or possession of the owner at the time of the violation, the Vehicle Owner must submit proof that a police report about the stolen motor vehicle or license plates was filed prior to the violation or within 48 hours after the violation occurred; or
- (3) The name and address of the vehicle's lessee or renter at the time of the violation, if the Vehicle Owner is a "motor vehicle leasing dealer" or a "motor vehicle renting dealer" as defined in Ohio Revised Code Section 4511.092(A) and consistent with Section 4511.092(B).

- (g) If the vehicle involved in the violation is a commercial vehicle and the Notice of Liability is issued to a corporate entity, the corporate entity must provide to the Division of Police an affidavit, sworn to or affirmed by the statutory agent of the corporate entity, that:
- (1) States that the person or entity named in the Notice of Liability was not in operation of the vehicle at the time of the violation; and
 - (2) Provides the name, address, and driver's license identification number of the person who was in operation of the vehicle at the time of the violation.
- (h) Nothing in this Chapter shall be construed as limiting the liability or an operator of a vehicle for any violation of Sections 313.01, 313.03 and/or 333.03 of the Traffic Code or Sections 4511.13 and/or 4511.21. (Ord. 17-2013. Passed 4-9-13.)

307.05 NOTICE OF LIABILITY.

- (a) The Notice of Liability shall be processed by the City or its designee, and shall be served by regular United States Mail to the Vehicle Owner's address as given on the motor vehicle registration from the Bureau of Motor Vehicles of the state registered. The Notice of Liability shall include:
- (1) The name and address of the Vehicle Owner;
 - (2) The license plate number of the motor vehicle involved in the violation;
 - (3) The violation charged;
 - (4) The location of the intersection;
 - (5) The date and time of the violation;
 - (6) A copy of the recorded images(s);
 - (7) The amount of the civil penalty imposed and the date by which the civil penalty should be paid and where the payment should be made;
 - (8) A signed statement by a Police Officer that based on inspection of recorded images, the motor vehicle was being operated in violation of Section 307.04(a), and a statement that the recorded images are prima facie evidence of a violation Section 307.04(a);
 - (9) Information advising the person or entity alleged to be liable of the options as provided in Section 307.06;
 - (10) The time, place, and manner in which an administrative appeal can be initiated and a warning that failure to exercise the options provided under Section 307.06 in a timely manner is an admission of liability.
- (11) A copy of the image(s) that served as a basis for the Notice of Liability must accompany the Notice of Liability.
- (b) The City of Richmond Heights or its designee may serve by regular United States Mail a warning notice in lieu of a Notice of Liability under this Section.
- (c) Except as provided in Section 307.06(c), a Notice of Liability shall be mailed no later than fifteen (15) calendar days after the alleged violation.
- (d) Except as provided in Section 307.06(c), the Division of Police or its designee may not mail a Notice of Liability to a person or entity who is not the Vehicle Owner. (Ord. 17-2013. Passed 4-9-13.)

307.06 OPTIONS UPON NOTICE OF LIABILITY, ADMINISTRATIVE APPEAL.

- (a) A person or entity named in a Notice of Liability under this Section may do any one of the following:
- (1) Pay the civil penalty, in accordance with instructions on the Notice of Liability, thereby waiving the opportunity to contest the violation and admitting liability; or
 - (2) Within fifteen (15) calendar days, provide the Division of Police or its designee information as to the Responsible Party at the time of the violation; in the case of a "motor vehicle leasing dealer" or "motor vehicle renting dealer" as defined in Ohio Revised Code 4511.092, provide the Division of Police or its designee the name and address of the lessee or renter at the time of the violation; or
 - (3) Contest the Notice of Liability by filing both a written request for a hearing to review of the Notice of Liability and payment in the amount equal to the civil penalty as an administrative bond with the Division of Police or its designee. Said written request and bond payment must be filed within fifteen (15) calendar days after receipt of the Notice of Liability. Failure to request review and pay the bond amount within this time period shall constitute a waiver of the right to contest the violation, a waiver of all legal defenses that could have been asserted, and an admission of liability.
- (b) When a person or entity named in a Notice of Liability chooses to contest the Notice of Liability and timely completes the requirements in Section 307.06(a)(3), the following shall apply.
- (1) A Hearing Officer selected by the City of Richmond Heights shall hear reviews. A hearing shall be held within twenty-one (21) business days after filing of a written request for review and administrative bond as set forth in Section 307.06(a)(3). This time may be extended upon a written request for additional time.
 - (2) The hearing shall be open to the public, and a docket shall be posted in a conspicuous place near the entrance to the hearing room that shall identify, by respondent, the hearings scheduled for that day and the time of each hearing. More than one hearing may be scheduled for the same time to allow for such things as non-appearances or admissions of liability. The Hearing Officer shall determine whether a preponderance of evidence establishes that a violation of this section occurred and the person or entity requesting the review is liable. The Hearing Officer shall advise the person or entity on the day of the hearing of the Hearing Officer's decision.
 - (3) If the Hearing Officer finds sufficient evidence of a violation, but the person or entity named in the Notice of Liability is not liable, the Hearing Officer shall issue a written decision finding the individual not liable and submit it to the Division of Police or its designee.
 - (4) In determining whether the person or entity named in the Notice of Liability is liable, the Hearing Officer may consider any of the following as an affirmative defense of a violation:
 - A. That the vehicle passed through the intersection in order to yield the right-of-way to an emergency vehicle in accordance with Ohio Revised Code Section 4511.45, or to a funeral procession in accordance with Section 331.24 of the Traffic Code and Ohio Revised Code Section 4511.451.
 - B. That the motor vehicle or registration plates of the motor vehicle were stolen before the violation occurred and were not under the control or possession of the Vehicle Owner at the time of the violation. In order to demonstrate that the motor vehicle or the registration plates were stolen before the violation occurred and were not under the control or possession of the Vehicle Owner at the time of the violation, the Vehicle Owner must submit proof that a police report about the stolen motor vehicle or registration plates was filed prior to the violation or within 48 hours after the violation occurred.
 - C. That this Section is unenforceable because at the time and place of the alleged violation, the traffic control signal was not operating properly or the traffic control signal monitoring system was not in proper position and the recorded image is not legible enough to determine the information needed.
 - D. Substantial and convincing evidence that the Vehicle Owner or person or entity named in the Notice of Liability was not operating the vehicle at the time of the violation. To satisfy the evidentiary burden under this subsection, the Vehicle Owner or person or entity named in the Notice of Liability shall provide to the Hearing Officer evidence showing the identity of the Responsible Party at the time of the violation, including, at a minimum, the Responsible Party's name and current address, and any other evidence that the Hearing Officer deems pertinent.
- (c) If the Hearing Officer finds that the person or entity named in the Notice of Liability was not operating the vehicle at the time of the violation or receives evidence identifying the Responsible Party at the time of the violation, the Hearing Officer shall provide to the Division of Police or its designee within five (5) calendar days, a copy of any evidence substantiating who was operating the vehicle at the time of the violation.
- (1) Upon receipt of evidence of the identity of the Responsible Party, the Division of Police or its designee may issue a Notice of Liability to the Responsible Party.
 - (2) A Notice of Liability issued under this subsection (c)(2) shall be sent by regular United States Mail no later than five (5) business days after receipt of the evidence from the Hearing Officer or the Vehicle Owner. (Ord. 17-2013. Passed 4-9-13.)

307.07 CIVIL PENALTIES.

- (a) Unless the Vehicle Owner or Responsible Party received a citation from a Police Officer at the time of the violation, the Vehicle Owner or Responsible Party is subject to a civil penalty if the motor vehicle is recorded by an ATCPS while being operated in violation of this Chapter.
- (b) The civil penalty under this Chapter shall be determined as follows:
- (1) A violation of Sections 313.01 or 313.03 of the Traffic Code or Section 4511.13 of the Ohio Revised Code shall be subject to a civil penalty of \$100.00.
 - (2) A violation of Section 333.03 of the Traffic Code or Section 4511.21 of the Ohio Revised Code shall be subject to a civil penalty determined as follows:
 - A. One to twenty miles per hour above the applicable speed limit shall have a civil penalty of \$100.00.
 - B. Over twenty miles per hour above the applicable speed limit shall have a civil penalty of \$150.00.
 - C. Notwithstanding the provisions of Sections 307.07(b)(2)A. - C., if the violation occurred within a school zone, the civil penalty shall be \$150.00.
 - (c) Persons or entities who choose to pay the civil penalty without appearing before a Hearing Officer may do so in the manner indicated on the Notice of Liability. Persons or entities who fail to pay the civil penalty within fifteen (15) calendar days after either receiving a Notice of Liability (if not contesting it) or after a Hearing Officer's decision finding liability, shall be liable for an additional penalty in the amount of \$50.00.
 - (d) A violation for which a civil penalty is imposed under this section is not a moving violation for the purpose of assessing points under Ohio Revised Code Section 4507.021(16) for minor misdemeanor moving traffic offenses and shall not be recorded on the driving record of the owner or operator of the vehicle and shall not be reported to the Bureau of Motor Vehicles. (Ord. 17-2013. Passed 4-9-13.)

307.08 COLLECTION OF CIVIL PENALTIES.

If the civil penalty is not timely paid, the civil penalty imposed under the provisions of this Section shall be collectible, together with any interest and penalties thereon, by civil suit. (Ord. 17-2013. Passed 4-9-13.)

313.01 OBEDIENCE TO TRAFFIC CONTROL DEVICES.

(a) No pedestrian or driver of a vehicle shall disobey the instructions of any traffic control device placed in accordance with the provisions of this Traffic Code, unless at the time otherwise directed by a police officer.

No provisions of this Traffic Code for which signs are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official sign is not in proper position and sufficiently legible to be seen by an ordinarily observant person. Whenever a particular section of this Traffic Code does not state that signs are required, that section shall be effective even though no signs are erected or in place.

(b) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

If the offender commits the offense while distracted and the distracting activity is a contributing factor to the commission of the offense, the offender is subject to the additional fine established under Section 303.991 of the Traffic Code.

(ORC 4511.12)

313.02 THROUGH STREETS; STOP AND YIELD RIGHT-OF-WAY SIGNS.

(a) All State routes are hereby designated as through streets or highways, provided that stop signs, yield signs or traffic control signals shall be erected at all intersections with such through streets or highways, except as otherwise provided in this section. Where two or more State routes that are through streets or highways intersect and no traffic control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Ohio Department of Transportation, except as otherwise provided in this section.

Whenever the Ohio Director of Transportation determines on the basis of an engineering and traffic investigation that stop signs are necessary to stop traffic on a through highway for safe and efficient operation, nothing in this section shall be construed to prevent such installations. When circumstances warrant, the Director also may omit stop signs on roadways intersecting through highways under his jurisdiction. Before the Director either installs or removes a stop sign under this paragraph, he shall give notice, in writing, of that proposed action to the Municipality at least thirty days before installing or removing the stop sign.

(b) Other streets or highways or portions thereof, are hereby designated through streets or highways, if they are within the Municipality, if they have a continuous length of more than one mile between the limits of such street or highway or portion thereof, and if they have "stop" or "yield" signs or traffic control signals at the entrances of the majority of intersecting streets or highways. For purposes of this section, the limits of such street or highway or portion thereof, shall be a municipal corporation line, the physical terminus of the street or highway or any point on such street or highway at which vehicular traffic thereon is required by regulatory signs to stop or yield to traffic on the intersecting street, provided that in residence districts the Municipality may by ordinance designate such street or highway, or portion thereof, not to be a through highway and thereafter the affected residence district shall be indicated by official traffic control devices. Where two or more streets or highways designated under this subsection (b) intersect and no traffic control signal is in operation, stop signs or yield signs shall be erected at one or more entrances thereto by the Ohio Department of Transportation or by Council or the authorized local authority, except as otherwise provided in this section.

(c) Stop signs need not be erected at intersections so constructed as to permit traffic to safely enter a through street or highway without coming to a stop. Signs shall be erected at such intersections indicating that the operator of a vehicle shall yield the right of way to or merge with all traffic proceeding on the through street or highway.

(d) Council or the authorized local authority may designate additional through streets or highways and shall erect stop signs, yield signs or traffic control signals at all streets and highways intersecting such through streets or highways, or may designate any intersection as a stop or yield intersection and shall erect like signs at one or more entrances to such intersection.

313.03 TRAFFIC SIGNAL INDICATIONS.

Highway traffic signal indications for vehicles, and pedestrians shall have the following meanings:

(a) Steady Green Signal Indication:

- (1) A. Vehicular traffic facing a circular green signal indication is permitted to proceed straight through or turn right or left, or make a u-turn movement except as such movement is modified by a lane- use sign, turn prohibition sign, lane marking, roadway design, separate turn signal indication, or other traffic control device. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
 1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
- B. In addition, vehicular traffic turning left or making a u-turn movement to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (2) Vehicular traffic facing a green arrow signal indication, displayed alone or in combination with another signal indication, is permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
 - A. Pedestrians lawfully within an associated crosswalk.
 - B. Other traffic lawfully using the intersection.
- (3) A. Unless otherwise directed by a pedestrian signal indication, as provided in Section 313.05, pedestrians facing a circular green signal indication are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. The pedestrian shall yield the right-of-way to vehicles lawfully within the intersection or so close as to create an immediate hazard at the time that the green signal indication is first displayed.
- B. Pedestrians facing a green arrow signal indication, unless otherwise directed by a pedestrian signal indication or other traffic control device, shall not cross the roadway.

(b) Steady Yellow Signal Indication:

- (1) Vehicular traffic facing a steady circular yellow signal indication is thereby warned that the related green movement or the related flashing arrow movement is being terminated or that a steady red signal indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady circular yellow signal indication is displayed.
- (2) Vehicular traffic facing a steady yellow arrow signal indication is thereby warned that the related green arrow movement or the related flashing arrow movement is being terminated. The provisions governing vehicular operation under the movement being terminated shall continue to apply while the steady yellow arrow signal indication is displayed.
- (3) Pedestrians facing a steady circular yellow or yellow arrow signal indication, unless otherwise directed by a pedestrian signal indication as provided in Section 313.05 or other traffic control device, shall not start to cross the roadway.

(c) Steady Red Signal Indication:

- (1) A. Vehicular traffic facing a steady circular red signal indication, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, traffic shall stop before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, before then before entering the intersection; and shall remain stopped until a signal indication to proceed is displayed except as provided in subsections (c)(1), (2) and (3) of this section.
- B. Except when a traffic control device is in place prohibiting a turn on red or a steady red arrow signal indication is displayed, vehicular traffic facing a steady circular red signal indication is permitted, after stopping, to enter the intersection to turn right, or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (2) A. Vehicular traffic facing a steady red arrow signal indication shall not enter the intersection to make the movement indicated by the arrow and, unless entering the intersection to make another movement permitted by another signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, then before entering the intersection; and shall remain stopped until a signal indication or other traffic control device permitting the movement indicated by such red arrow is displayed.
- B. When a traffic control device is in place permitting a turn on a steady red arrow signal indication, vehicular traffic facing a steady red arrow indication is permitted, after stopping, to enter the intersection to turn right or to turn left from a one-way street into a one-way street. The right to proceed with the turn shall be limited to the direction indicated by the arrow, and shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (3) Unless otherwise directed by a pedestrian signal indication as provided in Section 313.05 or other traffic control device, pedestrians facing a steady circular red or steady red arrow signal indication shall not enter the roadway.
- (4) Local authorities by ordinance, or the Director of Transportation on State highways, may prohibit a right or a left turn against a steady red signal at any intersection, which shall be effective when signs giving notice thereof are posted at the intersection.

(d) Flashing Green Signal Indication: A flashing green signal indication has no meaning and shall not be used.(e) Flashing Yellow Signal Indication:

- (1) A. Vehicular traffic, on an approach to an intersection, facing a flashing circular yellow signal indication, is permitted to cautiously enter the intersection to proceed straight through or turn right or left or make a u-turn movement except as such movement is modified by lane-use signs, turn prohibition signs, lane markings, roadway design, separate turn signal indications, or other traffic control devices. Such vehicular traffic, including vehicles turning right or left or making a u-turn movement, shall yield the right-of-way to both of the following:
 1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
- B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (2) A. Vehicular traffic, on an approach to an intersection, facing a flashing yellow arrow signal indication, displayed alone or in combination with another signal indication, is permitted to cautiously enter the intersection only to make the movement indicated by such arrow, or other such movement as is permitted by other signal indications displayed at the same time. Such vehicular traffic, including vehicles turning right or left or making a u-turn, shall yield the right-of-way to both of the following:
 1. Pedestrians lawfully within an associated crosswalk;
 2. Other vehicles lawfully within the intersection.
- B. In addition, vehicular traffic turning left or making a u-turn to the left shall yield the right-of-way to other vehicles approaching from the opposite direction so closely as to constitute an immediate hazard during the time when such turning vehicle is moving across or within the intersection.
- (3) Pedestrians facing any flashing yellow signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing yellow signal indication is first displayed.
- (4) When a flashing circular yellow signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory or warning requirements of the other traffic control device, which might not be applicable at all times, are currently applicable.

(f) Flashing Red Signal Indication:

- (1) Vehicular traffic, on an approach to an intersection, facing a flashing circular red signal indication, shall stop at a clearly marked stop line; but if there is no stop line, before entering the crosswalk on the near side of the intersection; or if there is no crosswalk, at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection. The right to proceed shall be subject to the provisions that are applicable after making a stop at a stop sign.
- (2) Pedestrians facing any flashing red signal indication at an intersection, unless otherwise directed by a pedestrian signal indication or other traffic control device, are permitted to proceed across the roadway within any marked or unmarked associated crosswalk. Pedestrians shall yield the right-of-way to vehicles lawfully within the intersection at the time that the flashing red signal indication is first displayed.
- (3) When a flashing circular red signal indication is displayed as a beacon to supplement another traffic control device, road users are notified that there is a need to pay additional attention to the message contained thereon or that the regulatory requirements of the other traffic control device, which might not be applicable at all times, are currently applicable. Use of this signal indication shall be limited to supplementing stop, do not enter, or wrong way signs, and to applications where compliance with the supplemented traffic control device requires a stop at a designated point.

(g) General Application: In the event an official traffic-control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal.(h) Exception: This section does not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by Ohio R.C. 4511.61 and 4511.62. (ORC 4511.13)**313.04 LANE-USE CONTROL SIGNAL INDICATIONS.**

The pedestrian shall yield the right-of-way to vehicles lawfully within the intersection at the time that the walking person signal indication is first shown.
- (2) A flashing upraised hand signal indication, which symbolizes "don't walk", means that a pedestrian shall not start to cross the roadway in the direction of the signal indication, but that any pedestrian who has already started to cross on a steady walking person signal indication shall proceed to the far side of the traveled way of the street or highway, unless otherwise directed by a traffic control device to proceed only to the median of a divided highway or only to some other island or pedestrian refuge area.

 - (3) When driving upon a roadway divided into three or more marked lanes for traffic under the rules applicable thereon;
 - (4) When driving upon a roadway designated and posted with signs for one-way traffic;
 - (5) When otherwise directed by a police officer or traffic control device.
- (b) (1) Upon all roadways any vehicle proceeding at less than the prevailing and lawful speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane then available for traffic, and far enough to the right to allow passing by faster vehicles if such passing is safe and reasonable, except under any of the following circumstances:
 - A. When overtaking and passing another vehicle proceeding in the same direction;
 - B. When preparing for a left turn;
 - C. When the driver must necessarily drive in a lane other than the right-hand lane to continue on the driver's intended route.
- (2) Nothing in subsection (b)(1) of this section requires a driver of a slower vehicle to compromise the driver's safety to allow overtaking by a faster vehicle.
- (c) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic control devices designating certain lanes to the left of the center of the roadway for use by traffic not otherwise permitted to use the lanes, or except as permitted under subsection (a) (2) hereof.

- (3) When approaching within 100 feet of or traversing any intersection or railroad grade crossing.

When auxiliary yellow lines appear on both sides of the normal center line or marked lane line, drivers proceeding in either direction shall not drive across such auxiliary yellow lines to overtake and pass another vehicle proceeding in the same direction. No driver shall, at any other time, drive across the yellow auxiliary line when it appears in the driver's lane of travel, except to make a lawfully permitted left-hand turn under the rules governing such movement. No passing signs may also be erected facing traffic to indicate the beginning and end of each no passing zone.

- (2) The faster vehicle is capable of overtaking and passing the slower vehicle without exceeding the speed limit.

- (2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or when preparing for a left turn, or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is posted with signs to give notice of such allocation.
- (3) Official signs may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway, or restricting the use of a particular lane to only buses during certain hours or during all hours, and drivers of vehicles shall obey the directions of such signs.

- (4) Markers, buttons or signs may be placed within or adjacent to intersections and thereby require and direct that a different course from that specified in this section be traveled by vehicles turning at an intersection, and when such markers, buttons or signs are so placed, no operator of a vehicle shall turn such vehicle at an intersection other than as directed and required by such markers, buttons or signs.

(l) **Appeal Does Not Stay Operation of License Suspension.** If a person whose driver's or commercial driver's license or permit or nonresident operating privilege is suspended under this section files an appeal regarding any aspect of the person's trial or sentence, the appeal itself does not stay the operation of the suspension.

Twenty miles per hour in school zones during school recess and while children are going to or leaving school during the opening or closing hours, and when twenty miles per hour school speed limit signs are erected; except, that on controlled-access highways and expressways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by subsection (b) (4) hereof and on freeways, if the right-of-way line fence has been erected without pedestrian opening, the speed shall be governed by subsection (b)(7) hereof. The end of every school zone may be marked by a sign indicating the end of the zone. - (f) When a speed in excess of both a prima-facie limitation and a limitation in subsection (d) hereof is alleged, the defendant shall be charged in a single affidavit, alleging a single act, with a violation indicated of both subsections (b)(1)A. to (b)(6) hereof, or of a limit declared or established pursuant to this section by the Director or local authorities, and of the limitation in subsection (d) hereof. If the court finds a violation of subsection (b)(1)A. to (b)(6) hereof, or a limit declared or established pursuant to this section has occurred, it shall enter a judgment of conviction under such subsection and dismiss the charge under subsection (d) hereof. If it finds no violation of subsections (b)(1)A. to (b)(6) hereof or a limit declared or established pursuant to this section, it shall then consider whether the evidence supports a conviction under subsection (d) hereof.

- (e) The offense established under this section is a strict liability offense and Ohio R.C. 2901.20 does not apply. (d) Notwithstanding any provision of law to the contrary, no law enforcement officer shall cause an operator of an automobile being operated on any street or highway to stop the automobile for the sole purpose of determining whether a violation of subsection (b) hereof has been or is being committed or for the sole purpose of issuing a ticket, citation or summons for a violation of that nature or causing the arrest of or commencing a prosecution of a person for a violation of that nature, and no law enforcement officer shall view the interior or visually inspect any automobile being operated on any street or highway for the sole purpose of determining whether a violation of that nature has been or is being committed.

(e) All fines collected for violations of subsection (b) hereof shall be forwarded to the Treasurer of State for deposit as provided in Ohio R.C. 4513.263.

(f) (1) Subject to subsection (f)(2) of this section, the failure of a person to wear all of the available elements of a properly adjusted occupant restraining device in violation of subsection (b)(1) or (3) or the failure of a person to ensure that each minor who is a passenger of an automobile being operated by that person is wearing all of the available elements of a properly adjusted occupant restraining device, in violation of subsection (b)(2) of this section, shall not be considered or used by the trier of fact in a tort action as evidence of negligence or contributory negligence. But the trier of fact may determine based on evidence admitted consistent with the Ohio rules of evidence that the failure contributed to the harm alleged in the tort action and may diminish a recovery of compensatory damages that represents noneconomic loss, as defined in Ohio R.C. 2307.011 in a tort action that could have been recovered but for the plaintiff's failure to wear all of the available elements of a properly adjusted occupant restraining device. Evidence of that failure shall not be used as a basis for a criminal prosecution of the person other than a prosecution for a violation of this section; and shall not be admissible as evidence in a criminal action involving the person other than a prosecution for a violation of this section.

(2) If, at the time of an accident involving a passenger car equipped with occupant restraining devices, any occupant of the passenger car who sustained injury or death was not wearing an available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted, then, consistent with the Rules of Evidence, the fact that the occupant was not wearing the available occupant restraining device, was not wearing all of the available elements of such a device, or was not wearing such a device as properly adjusted is admissible in evidence in relation to any claim for relief in a tort action to the extent that the claim for relief satisfies all of the following:

A. It seeks to recover damages for injury or death to the occupant.

B. The defendant in question is the manufacturer, designer, distributor or seller of the passenger car.

C. The claim for relief against the defendant in question is that the injury or death sustained by the occupant was enhanced or aggravated by some design defect in the passenger car or that the passenger car was not crashworthy. (ORC 4513.263; A.O.)

C. Any sunscreening material or other product or material applied to the side windows to the immediate right or left the driver, so long as such material, when used in conjunction with the safety glazing materials of such windows, has a light transmittance of not less than fifty per cent plus or minus three per cent and is not red or yellow in color.

D. Any sunscreening material or other product or material applied to a window not otherwise listed in subsections (a)(1)A. to C. or E. of this section, except that outside left and right rear view mirrors are required if the sunscreening material is applied to the rear window and the sunscreening material, when used in conjunction with the safety glazing material of such window, has a light transmittance of less than fifty per cent plus or minus three per cent.

E. Any sunscreening material or other product or material applied along the top of the windshield and that does not extend downward beyond the AS-1 line or five inches from the top of the windshield, whichever is closer to the top, is not regulated by this section.

(2) No person shall install in any motor vehicle any glass or other material that fails to conform to the specifications of this section.

(3) No used motor vehicle dealer or new motor vehicle dealer, as defined in Ohio R.C. 4517.01, shall sell any motor vehicle that fails to conform to the specifications of this section.

(6) All motor vehicles, beginning with the 1990 model year, must be equipped with labels identifying sunscreening material. All sunscreening material must indicate the manufacturer's name and the percentage level of light transmission of the material permanently installed between the material and the surface to which the material is applied or affixed. Such label must be legible and must be placed in the lower left-hand corner of the vehicle window when viewed from the outside.

Chapter 4731 or an affidavit signed by an optometrist licensed to practice in this State under Ohio R.C. Chapter 4725 that states that the person has a physical condition that makes it necessary to equip such motor vehicle with sunscreening material which would be of a light transmittance and/or luminous reflectance in violation of this section. Such affidavit shall be in the possession of the person so afflicted or the driver at all times while in the motor vehicle;

The charge can be prorated into fifteen minute increments.

Signs shall be posted to apprise drivers of the limitations imposed by this section. Such signs shall be in accordance with the standards for traffic control devices of the State Department of Transportation. No driver shall disobey the instructions indicated on any such sign.

Violation of any of the limitations, terms or conditions of the permit granted by the Police Chief shall be cause for immediate revocation or suspension of such permit, and denial of request for any future permit. Such violation shall also subject the violator to the penalty prescribed by subsection (c) hereof.

 - (2) Uranium enriched in the isotope U-235 exceeding twenty-five atomic percent of the total uranium content, in quantities where the U-235 content exceeds one kilogram;
 - (3) Any elements with atomic number eighty-nine or greater, the activity of which exceeds twenty curies;
 - (4) Spent reactor fuel elements or mixed fission products associated with such fuel elements, the activity of which exceeds twenty curies;
 - (5) Larger quantity radioactive materials;
 - (6) Any quantity, arrangement and packaging combination of fissile material specified by the United States Nuclear Regulatory Commission as a "Fissile Class III" shipment in 10 CFR Part 71, entitled "Packaging of Radioactive Materials for Transport," Section 71.4(d)(3); or

- A. Except as otherwise provided in subsection (o)(2)A. hereof, in a manner so that the offense prohibits or is construed as prohibiting any pregnant woman or her physician from performing an abortion with the consent of the pregnant woman, with the consent of the pregnant woman implied by law in a medical emergency, or with the approval of one otherwise authorized by law to consent to medical treatment on behalf of the pregnant woman. An abortion that violates the conditions described in the immediately preceding sentence may be punished as a violation of Ohio R.C. 2903.01, 2903.02, 2903.03, 2903.04, 2903.05, 2903.06, 2903.08, 2903.11, 2903.12, 2903.13, 2903.14, 2903.21, or 2903.22, as applicable. An abortion that does not violate the conditions described in the second immediately preceding sentence, but that does violate Ohio R.C. 2919.12, division (B) of Ohio R.C. 2919.13, or Ohio R.C. 2919.151, 2919.17 or 2919.18, may be punished as a violation of Ohio R.C. 2919.12, division (B) of Ohio R.C. 2919.13, or Ohio R.C. 2919.151, 2919.17 or 2919.18, as applicable. Consent is sufficient under this subsection if it is of the type otherwise adequate to permit medical treatment to the pregnant woman, even if it does not comply with Ohio R.C. 2919.12.
- B. In a manner so that the offense is applied or is construed as applying to a woman based on an act or omission of the woman that occurs while she is or was pregnant and that results in any of the following:
1. Her delivery of a stillborn baby;
 2. Her causing, in any other manner, the death in utero of a viable, unborn human that she is carrying;
 3. Her causing the death of her child who is born alive but who dies from one or more injuries that are sustained while the child is a viable, unborn human;
 4. Her causing her child who is born alive to sustain one or more injuries while the child is a viable, unborn human;
 5. Her causing, threatening to cause, or attempting to cause, in any other manner, an injury, illness or other physiological impairment, regardless of its duration or gravity, or a mental illness or condition, regardless of its duration or gravity, to a viable, unborn human that she is carrying.

- (s) "School bus" has the same meaning as in Ohio R.C. 4511.01.

As used in the Codified Ordinances:

- (c) Any offense not specifically classified is a misdemeanor if imprisonment for not more than one year may be imposed as a penalty.
- (d) Any offense not specifically classified is a minor misdemeanor if the only penalty that may be imposed is one of the following:
 - (1) For an offense committed prior to January 1, 2004, a fine not exceeding one hundred dollars (\$100.00);

501.03 COMMON LAW OFFENSES ABROGATED.

- (a) No conduct constitutes a criminal offense against the Municipality unless it is defined as an offense in the Codified Ordinances or any other Municipal ordinance.
- (b) An offense is defined when one or more sections of the Codified Ordinances state a positive prohibition or enjoin a specific duty, and provide a penalty for violation of such prohibition or failure to meet such duty.
- (c) This section does not affect the power of a court to punish for contempt or to employ any sanction authorized by law to enforce an order, civil judgment or decree.

(ORC 2901.03)

501.04 RULES OF CONSTRUCTION.

- (a) Except as otherwise provided in subsection (c) hereof, sections of the Codified Ordinances defining offenses or penalties shall be strictly construed against the Municipality and liberally construed in favor of the accused.

- (c) Any provision of a section of the Codified Ordinances that refers to a previous conviction or plea of guilty to a violation of a section of the Codified Ordinances or Ohio Revised Code or of a division of a section of the Codified Ordinances or Ohio Revised Code shall be construed to also refer to a previous conviction or plea of guilty to a substantially equivalent offense under an existing or former law of this State, another state, or the United States or under an existing or former municipal ordinance.
- (d) Any provision of the Codified Ordinances that refers to a section, or to a division of a section, of the Codified Ordinances that defines or specifies a criminal offense shall be construed to also refer to an existing or former law of this State, another state, or the United States, to an existing or former municipal ordinance, or to an existing or former division of any such existing or former law or ordinance that defines or specifies, or that defined or specified, a substantially equivalent offense.

(ORC 2901.04)

501.05 CRIMINAL LAW JURISDICTION.

- (a) A person is subject to misdemeanor prosecution and punishment in this Municipality if any of the following occur:

- (1) The person commits an offense under the laws of this Municipality, any element of which takes place in this Municipality.
 - (2) While in this Municipality, the person attempts to commit, or is guilty of complicity in the commission of, an offense in another jurisdiction, which offense is an offense under both the laws of this Municipality or this State and the other jurisdiction, or, while in this Municipality, the person conspires to commit an offense in another jurisdiction, which offense is an offense under both the laws of this Municipality or this State and the other jurisdiction, and a substantial overt act in furtherance of the conspiracy is undertaken in this Municipality by the person or another person involved in the conspiracy, subsequent to the person's entrance into the conspiracy. In any case in which a person attempts to commit, is guilty of complicity in the commission of, or conspires to commit an offense in another jurisdiction as described in this subsection, the person is subject to criminal prosecution and punishment in this Municipality for the attempt, complicity, or conspiracy, and for any resulting offense that is committed or completed in the other jurisdiction.
 - (3) While out of this Municipality, the person conspires or attempts to commit, or is guilty of complicity in the commission of, an offense in this Municipality.
 - (4) While out of this Municipality, the person omits to perform a legal duty imposed by the laws of this Municipality, which omission affects a legitimate interest of the Municipality in protecting, governing or regulating any person, property, thing, transaction or activity in this Municipality.
 - (5) While out of this Municipality, the person unlawfully takes or retains property and subsequently brings any of the unlawfully taken or retained property into this Municipality.
 - (6) While out of this Municipality, the person unlawfully takes or entices another and subsequently brings the other person into this Municipality.
 - (7) The person, by means of a computer, computer system, computer network, telecommunication, telecommunications device, telecommunications service, or information service, causes or knowingly permits any writing, data, image, or other telecommunication to be disseminated or transmitted into this Municipality in violation of the law of this Municipality.
- (b) This Municipality includes the land and water within its boundaries and the air space above such land and water, and real property outside the corporate limits, with respect to which this Municipality has either exclusive or concurrent legislative jurisdiction. Where the boundary between this Municipality and another jurisdiction is disputed, the disputed territory is conclusively presumed to be within this Municipality for purposes of this section.
- (c) When an offense is committed under the laws of this Municipality, and it appears beyond a reasonable doubt that the offense or any element of the offense took place either in this Municipality or in another jurisdiction or jurisdictions, but it cannot reasonably be determined in which it took place, the offense or element is conclusively presumed to have taken place in this Municipality for purposes of this section.
- (d) When a person is subject to criminal prosecution and punishment in this Municipality for an offense committed or completed outside of this Municipality, the person is subject to all specifications for that offense that would be applicable if the offense had been committed within this Municipality.
- (e) Any act, conduct, or element that is a basis of a person being subject under this section to criminal prosecution and punishment in this Municipality need not be committed personally by the person as long as it is committed by another person who is in complicity or conspiracy with the person.
- (f) This section shall be liberally construed, consistent with constitutional limitations, to allow this Municipality the broadest possible jurisdiction over offenses and persons committing offenses in, or affecting, this Municipality.
- (g) For purposes of subsection (a)(2) of this section, an overt act is substantial when it is of a character that manifests a purpose on the part of the actor that the object of the conspiracy should be completed.
- (h) As used in this section, "computer", "computer system", "computer network", "information service", "telecommunication", "telecommunications device", "telecommunications service", "data", and "writing" have the same meaning as in Ohio R.C. 2913.01.

(ORC 2901.11)

501.06 LIMITATION OF CRIMINAL PROSECUTION.

- (a) Except as otherwise provided in this section, a prosecution shall be barred unless it is commenced within the following periods after an offense is committed:
- (1) For misdemeanor other than a minor misdemeanor, two years;
 - (2) For a minor misdemeanor, six months.
- (b) If the period of limitation provided in subsection (a) hereof has expired, prosecution shall be commenced for an offense of which an element is fraud or breach of a fiduciary duty, within one year after discovery of the offense either by an aggrieved person, or by their legal representative who is not themselves a party to the offense.
- (c) (1) If the period of limitation provided in this section has expired, prosecution shall be commenced for the following offenses during the following specified periods of time:
- A. For an offense involving misconduct in office by a public servant at any time while the accused remains a public servant, or within two years thereafter;
 - B. For an offense by a person who is not a public servant but whose offense is directly related to the misconduct in office of a public servant, at any time while that public servant remains a public servant, or within two years thereafter.
- (2) As used in this subsection:
- A. An "offense is directly related to the misconduct in office of a public servant" includes, but is not limited to, a violation of Ohio R.C. 101.71, 101.91, 121.61 or 2921.13, division (F) or (H) of Ohio R.C. 102.03, division (A) of Ohio R.C. 2921.02, division (A) or (B) of Ohio R.C. 2921.43, or division (F) or (G) of Ohio R.C. 3517.13, that is directly related to an offense involving misconduct in office of a public servant.
 - B. "Public servant" has the same meaning as in Section 525.01 .
- (d) An offense is committed when every element of the offense occurs. In the case of an offense of which an element is a continuing course of conduct, the period of limitation does not begin to run until such course of conduct or the accused's accountability for it terminates, whichever occurs first.
- (e) A prosecution is commenced on the date an indictment is returned or an information filed, or on the date a lawful arrest without a warrant is made, or on the date a warrant, summons, citation or other process is issued, whichever occurs first. A prosecution is not commenced by the return of an indictment or the filing of an information unless reasonable diligence is exercised to issue and execute process on the same. A prosecution is not commenced upon issuance of a warrant, summons, citation or other process, unless reasonable diligence is exercised to execute the same.
- (f) The period of limitation shall not run during any time when the corpus delicti remains undiscovered.
- (g) The period of limitation shall not run during any time when the accused purposely avoids prosecution. Proof that the accused absented themselves from this Municipality or concealed their identity or whereabouts is prima-facie evidence of his purpose to avoid prosecution.
- (h) The period of limitation shall not run during any time a prosecution against the accused based on the same conduct is pending in this State, even though the indictment, information or process that commenced the prosecution is quashed or the proceedings on the indictment, information or process are set aside or reversed on appeal.
- (i) The period of limitation for a violation of any provision of this General Offenses Code that involves a physical or mental wound, injury, disability or condition of a nature that reasonably indicates abuse or neglect of a child under eighteen years of age or of a child with a developmental disability or physical impairment under twenty-one years of age shall not begin to run until either of the following occurs:
- (1) The victim of the offense reaches the age of majority.
 - (2) A public children services agency, or a municipal or county peace officer that is not the parent or guardian of the child, in the county in which the child resides or in which the abuse or neglect is occurring or has occurred has been notified that abuse or neglect is known, suspected, or believed to have occurred. (ORC 2901.13)

- (j) This section shall not apply to prosecutions commenced within the period of limitations set forth in Ohio R.C. 718.12(B) for violations of the Municipal income tax ordinance.

501.07 REQUIREMENTS FOR CRIMINAL LIABILITY.

- (a) Except as provided in subsection (b) hereof, a person is not guilty of an offense unless both of the following apply:
- (1) The person's liability is based on conduct that includes either a voluntary act, or an omission to perform an act or duty that the person is capable of performing;
 - (2) The person has the requisite degree of culpability for each element as to which a culpable mental state is specified by the language defining the offense.
- (b) When the language defining an offense does not specify any degree of culpability, and plainly indicates a purpose to impose strict criminal liability for the conduct described in the section, then culpability is not required for a person to be guilty of the offense. The fact that one subsection of a section plainly indicates a purpose to impose strict liability for an offense defined in that subsection does not by itself plainly indicate a purpose to impose strict criminal liability for an offense defined in other subsections of the section that do not specify a degree of culpability.
- (c) (1) When language defining an element of an offense that is related to knowledge or intent or to which mens rea could fairly be applied neither specifies culpability nor plainly indicates a purpose to impose strict liability, the element of the offense is established only if a person acts recklessly.
- (2) Subsection (c)(1) of this section does not apply to offenses defined in the Traffic Code.
- (3) Subsection (c)(1) of this section does not relieve the prosecution of the burden of proving the culpable mental state required by any definition incorporated into the offense.
- (d) Voluntary intoxication may not be taken into consideration in determining the existence of a mental state that is an element of a criminal offense. Voluntary intoxication does not relieve a person of a duty to act if failure to act constitutes a criminal offense. Evidence that a person was voluntarily intoxicated may be admissible to show whether or not the person was physically capable of performing the act with which the person is charged.
- (e) As used in this section:
- (1) Possession is a voluntary act if the possessor knowingly procured or received the thing possessed, or was aware of the possessor's control of the thing possessed for a sufficient time to have ended possession.
 - (2) Reflexes, convulsions, body movements during unconsciousness or sleep, and body movements that are not otherwise a product of the actor's volition, are involuntary acts.
 - (3) "Culpability" means purpose, knowledge, recklessness or negligence, as defined in Section 501.08.
 - (4) "Intoxication" includes, but is not limited to, intoxication resulting from the ingestion of alcohol, a drug, or alcohol and a drug. (ORC 2901.21)

501.08 CULPABLE MENTAL STATES.

- (a) A person acts purposely when it is the person's specific intention to cause a certain result, or when the gist of the offense is a prohibition against conduct of a certain nature, regardless of what the offender intends to accomplish thereby, it is the offender's specific intention to engage in conduct of that nature.
- (b) A person acts knowingly, regardless of purpose, when the person is aware that the person's conduct will probably cause a certain result or will probably be of a certain nature. A person has knowledge of circumstances when the person is aware that such circumstances probably exist.
- When knowledge of the existence of a particular fact is an element of an offense, such knowledge is established if a person subjectively believes that there is a high probability of its existence and fails to make inquiry or acts with a conscious purpose to avoid learning the fact.
- (c) A person acts recklessly when, with heedless indifference to the consequences, the person perversely disregards a substantial and unjustifiable risk that the person's conduct is likely to cause a certain result or is likely to be of a certain nature. A person is reckless with respect to circumstances when, with heedless indifference to the consequences, the person perversely disregards a substantial and unjustifiable risk that such circumstances are likely to exist.
- (d) A person acts negligently when, because of a substantial lapse from due care, the person fails to perceive or avoid a risk that the person's conduct may cause a certain result or may be of a certain nature. A person is negligent with respect to circumstances when, because of a substantial lapse from due care, the person fails to perceive or avoid a risk that such circumstances may exist.
- (e) When the section defining an offense provides that negligence suffices to establish an element thereof, then recklessness, knowledge or purpose is also sufficient culpability for such element. When recklessness suffices to establish an element of an offense, then knowledge or purpose is also sufficient culpability for such element. When knowledge suffices to establish an element of an offense, then purpose is also sufficient culpability for such element. (ORC 2901.22)

501.09 ATTEMPT.

- (a) No person, purposely or knowingly, and when purpose or knowledge is sufficient culpability for the commission of an offense, shall engage in conduct that, if successful, would constitute or result in the offense.
- (b) It is no defense to a charge under this section that, in retrospect, commission of the offense that was the object of the attempt was either factually or legally impossible under the attendant circumstances, if that offense could have been committed had the attendant circumstances been as the actor believed them to be.
- (c) No person who is convicted of committing a specific offense or of complicity in the commission of an offense, shall be convicted of an attempt to commit the same offense in violation of this section.
- (d) It is an affirmative defense to a charge under this section that the actor abandoned the actor's effort to commit the offense or otherwise prevented its commission, under circumstances manifesting a complete and

voluntary renunciation of the actor's criminal purpose.

(e) Whoever violates this section is guilty of an attempt to commit an offense. An attempt to commit a drug abuse offense for which the penalty is determined by the amount or number of unit doses of the controlled substance involved in the drug abuse offense is an offense of the same degree as the drug abuse offense attempted would be if that drug abuse offense had been committed and had involved an amount or number of unit doses of the controlled substance that is within the next lower range of controlled substance amounts than was involved in the attempt. An attempt to commit any other misdemeanor is a misdemeanor of the next lesser degree than the misdemeanor attempted. In the case of an attempt to commit an offense other than a violation of Ohio R.C. Chapter 3734 that is not specifically classified, an attempt is a misdemeanor of the first degree if the offense attempted is a felony under the Ohio Revised Code, and a misdemeanor of the fourth degree if the offense attempted is a misdemeanor. An attempt to commit a minor misdemeanor is not an offense under this section.

(f) As used in this section, "drug abuse offense" has the same meaning as in Ohio R.C. 2925.01.

(ORC 2923.02)

501.10 COMPLICITY.

- (a) No person, acting with the kind of culpability required for the commission of an offense, shall do any of the following:
- (1) Solicit or procure another to commit the offense;
 - (2) Aid or abet another in committing the offense;
 - (3) Cause an innocent or irresponsible person to commit the offense.
- (b) It is no defense to a charge under this section that no person with whom the accused was in complicity has been convicted as a principal offender.
- (c) No person shall be convicted of complicity under this section unless an offense is actually committed, but a person may be convicted of complicity in an attempt to commit an offense in violation of Section 501.09.
- (d) If an alleged accomplice of the defendant testifies against the defendant in a case in which the defendant is charged with complicity in the commission of or an attempt to commit an offense, an attempt to commit an offense or an offense, the court when it charges the jury, shall state substantially the following:

The testimony of an accomplice does not become inadmissible because of their complicity, moral turpitude or self-interest, but the admitted or claimed complicity of a witness may affect their credibility and make their testimony subject to grave suspicion, and require that it be weighed with great caution.

"It is for you, as jurors, in the light of all the facts presented to you from the witness stand, to evaluate such testimony and to determine its quality and worth or its lack of quality and worth."

(e) It is an affirmative defense to a charge under this section that, prior to the commission of or attempt to commit the offense, the actor terminated their complicity, under circumstances manifesting a complete and voluntary renunciation of their criminal purpose.

(f) Whoever violates this section is guilty of complicity in the commission of an offense, and shall be prosecuted and punished as if they were a principal offender. A charge of complicity may be stated in terms of this section, or in terms of the principal offense.

(ORC 2923.03)

501.11 ORGANIZATIONAL CRIMINAL LIABILITY.

- (a) An organization may be convicted of an offense under any of the following circumstances:
- (1) The offense is a minor misdemeanor committed by an officer, agent or employee of the organization acting in its behalf and within the scope of the officer's, agent's or employee's office or employment, except that if the section defining the offense designates the officers, agents or employees for whose conduct the organization is accountable or the circumstances under which it is accountable, those provisions shall apply.
 - (2) A purpose to impose organizational liability plainly appears in the section defining the offense, and the offense is committed by an officer, agent or employee of the organization acting in its behalf and within the scope of the officer's, agent's or employee's office or employment, except that if the section defining the offense designates the officers, agents or employees for whose conduct the organization is accountable or the circumstances under which it is accountable, those provisions shall apply.
 - (3) The offense consists of an omission to discharge a specific duty imposed by law on the organization.
 - (4) If, acting with the kind of culpability otherwise required for the commission of the offense, its commission was authorized, requested, commanded, tolerated or performed by the board of directors, trustees, partners or by a high managerial officer, agent or employee acting in behalf of the organization and within the scope of such a board's or person's office or employment.
- (b) If strict liability is imposed for the commission of an offense, a purpose to impose organizational liability shall be presumed, unless the contrary plainly appears.
- (c) In a prosecution of an organization for an offense other than one for which strict liability is imposed, it is a defense that the high managerial officer, agent or employee having supervisory responsibility over the subject matter of the offense exercised due diligence to prevent its commission. This defense is not available if it plainly appears inconsistent with the purpose of the section defining the offense.
- (d) As used in this section, "organization" means a corporation for profit or not for profit, partnership, limited partnership, joint venture, unincorporated nonprofit association, estate, trust or other commercial or legal entity. "Organization" does not include an entity organized as or by a governmental agency for the execution of a governmental program.

(ORC 2901.23)

501.12 PERSONAL ACCOUNTABILITY FOR ORGANIZATIONAL CONDUCT.

(a) An officer, agent or employee of an organization as defined in Section 501.11 may be prosecuted for an offense committed by such organization, if he acts with the kind of culpability required for the commission of the offense, and any of the following apply:

- (1) In the name of the organization or in its behalf, he engages in conduct constituting the offense, or causes another to engage in such conduct, or tolerates such conduct when it is of a type for which he has direct responsibility;
 - (2) He has primary responsibility to discharge a duty imposed on the organization by law, and such duty is not discharged.
- (b) When a person is convicted of an offense by reason of this section, he is subject to the same penalty as if he had acted in his own behalf. (ORC 2901.24)

501.13 CONSPIRACY.

(a) No person, with purpose to commit or to promote or facilitate the commission of aggravated murder, murder, kidnapping, abduction, compelling prostitution, promoting prostitution, trafficking in persons, aggravated arson, arson, aggravated robbery, robbery, aggravated burglary, burglary, engaging in a pattern of corrupt activity, corrupting another with drugs, a felony drug trafficking, manufacturing, processing or possession offense, theft of drugs, or illegal processing of drug documents, the commission of a felony offense of unauthorized use of a vehicle, illegally transmitting multiple commercial electronic mail messages or unauthorized access of a computer in violation of Ohio R.C. 2923.421 or the commission of a violation of any provision of Ohio R.C. Chapter 3734, other than Ohio R.C. 3734.18, that relates to hazardous wastes, shall do either of the following:

- (1) With another person or persons, plan or aid in planning the commission of any of the specified offenses;
 - (2) Agree with another person or persons that one or more of them will engage in conduct that facilitates the commission of any of the specified offenses.
- (b) No person shall be convicted of conspiracy unless a substantial overt act in furtherance of the conspiracy is alleged and proved to have been done by the accused or a person with whom the accused conspired, subsequent to the accused's entrance into the conspiracy. For purposes of this section, an overt act is substantial when it is of a character that manifests a purpose on the part of the actor that the object of the conspiracy should be completed.
- (c) When the offender knows or has reasonable cause to believe that a person with whom the offender conspires also has conspired or is conspiring with another to commit the same offense, the offender is guilty of conspiring with that other person, even though the other person's identity may be unknown to the offender.
- (d) It is no defense to a charge under this section that, in retrospect, commission of the offense that was the object of the conspiracy was impossible under the circumstances.
- (e) A conspiracy terminates when the offense or offenses that are its objects are committed or when it is abandoned by all conspirators. In the absence of abandonment, it is no defense to a charge under this section that no offense that was the object of the conspiracy was committed.
- (f) A person who conspires to commit more than one offense is guilty of only one conspiracy, when the offenses are the object of the same agreement or continuous conspiratorial relationship.
- (g) When a person is convicted of committing or attempting to commit a specific offense or of complicity in the commission of or attempt to commit the specific offense, the person shall not be convicted of conspiracy involving the same offense.

- (h) (1) No person shall be convicted of conspiracy upon the testimony of a person with whom the defendant conspired, unsupported by other evidence.
 - (2) If a person with whom the defendant allegedly has conspired testifies against the defendant in a case in which the defendant is charged with conspiracy and if the testimony is supported by other evidence, the court, when it charges the jury, shall state substantially the following:
"The testimony of an accomplice that is supported by other evidence does not become inadmissible because of the accomplice's complicity, moral turpitude, or self-interest, but the admitted or claimed complicity of a witness may affect the witness' credibility and make the witness' testimony subject to grave suspicion, and requires that it be weighed with great caution.
It is for you, as jurors, in light of all the facts presented to you from the witness stand, to evaluate such testimony and to determine its quality and worth or its lack of quality and worth".
- (3) "Conspiracy", as used in subsection (h)(1) of this section, does not include any conspiracy that results in an attempt to commit an offense or in the commission of an offense.
- (i) The following are affirmative defenses to a charge of conspiracy:
- (1) After conspiring to commit an offense, the actor thwarted the success of the conspiracy under circumstances manifesting a complete and voluntary renunciation of the actor's criminal purpose.
 - (2) After conspiring to commit an offense, the actor abandoned the conspiracy prior to the commission of or attempt to commit any offense that was the object of the conspiracy, either by advising all other conspirators of the actor's abandonment, or by informing any law enforcement authority of the existence of the conspiracy and of the actor's participation in the conspiracy.
- (j) Whoever violates this section is guilty of conspiracy, which is a misdemeanor of the first degree, when the most serious offense that is the object of the conspiracy is a felony of the fifth degree.
- (k) This section does not define a separate conspiracy offense or penalty where conspiracy is defined as an offense by one or more sections of this Code, other than this section. In such a case, however:
- (1) With respect to the offense specified as the object of the conspiracy in the other section or sections, subsection (a) hereof defines the voluntary act or acts and culpable mental state necessary to constitute the conspiracy;
 - (2) Subsections (b) to (i) hereof are incorporated by reference in the conspiracy offense defined by the other section or sections of this Code.
- (l) (1) In addition to the penalties that otherwise are imposed for conspiracy, a person who is found guilty of conspiracy to engage in a pattern of corrupt activity is subject to divisions (B)(2) and (3) of Ohio R.C. 2923.32, division (A) of Ohio R.C. 2981.04 and division (D) of Ohio R.C. 2981.06.
- (2) If a person is convicted of or pleads guilty to conspiracy and if the most serious offense that is the object of the conspiracy is a felony drug trafficking, manufacturing, processing or possession offense, in addition to the penalties or sanctions that may be imposed for the conspiracy under subsection (j) hereof and Ohio R.C. Chapter 2929, both of the following apply:
- A. The provisions of divisions (D), (F) and (G) of Ohio R.C. 2925.03, division (D) of Ohio R.C. 2925.04, division (D) of Ohio R.C. 2925.05, division (D) of Ohio R.C. 2925.06 and division (E) of Ohio R.C. 2925.11 that pertain to mandatory and additional fines, driver's or commercial driver's license or permit suspensions, and professionally licensed persons and that would apply under the appropriate provisions of those divisions to a person who is convicted of or pleads guilty to the felony drug trafficking, manufacturing, processing, or possession offense that is the most serious offense that is the basis of the conspiracy shall apply to the person who is convicted of or pleads guilty to the conspiracy as if the person had been convicted or pleaded guilty to the felony drug trafficking, manufacturing, processing or possession offense that is the most serious offense that is the basis of the conspiracy.
 - B. The court that imposes sentence upon the person who is convicted of or pleads guilty to the conspiracy shall comply with the provisions identified as being applicable under subsection (l)(2) of this section, in addition to any other penalty or sanction that it imposes for the conspiracy under subsection (j) of this section and Ohio R.C. Chapter 2929.
- (m) As used in this section:
- (1) "Felony drug trafficking, manufacturing, processing or possession offense" means any of the following that is a felony:
 - A. A violation of Ohio R.C. 2925.03, 2925.04, 2925.05, or 2925.06;
 - B. A violation of Ohio R.C. 2925.11 that is not a minor drug possession offense.

501.99 PENALTIES FOR MISDEMEANORS.

(a) **Financial Sanctions.** In addition to imposing court costs pursuant to Ohio R.C. 2947.23, the court imposing a sentence upon an offender for a misdemeanor committed under the Codified Ordinances, including a minor misdemeanor, may sentence the offender to any financial sanction or combination of financial sanctions authorized under this section and, if the offender is being sentenced for a criminal offense as defined in Ohio R.C. 2930.01, shall sentence the offender to make restitution pursuant to this section and Ohio R.C. 2929.281. If the court, in its discretion or as required by this section, imposes one or more financial sanctions, the financial sanctions that may be imposed pursuant to this section include, but are not limited to, the following:

- (1) Restitution.

- A. Unless the misdemeanor offense could be disposed of by the traffic violations bureau serving the court under Traffic Rule 13, restitution by the offender to the victim of the offender's crime or the victim's estate, in an amount based on the victim's economic loss. The court may not impose restitution as a sanction pursuant to this section if the offense could be disposed of by the traffic violations bureau serving the court under Traffic Rule 13. If the court requires restitution, the court shall order that the restitution be made to the victim in open court or to the adult probation department that serves the jurisdiction or the clerk of the court on behalf of the victim.
- B. The court shall determine the amount of restitution to be paid by the offender. The victim, victim's representative, victim's attorney, if applicable, the prosecutor or the prosecutor's designee, and the offender may provide information relevant to the determination of the amount of restitution. The amount the court orders as restitution shall not exceed the amount of the economic loss suffered by the victim as a direct and proximate result of the commission of the offense. If the court imposes restitution for the cost of accounting or auditing done to determine the extent of economic loss, the court may order restitution for any amount of the victim's costs of accounting or auditing provided that the amount of restitution is reasonable and does not exceed the value of property or services stolen or damaged as a result of the offense. If the court decides to or is required to impose restitution, the court shall hold an evidentiary hearing on restitution if the offender, victim, victim's representative, victim's attorney, if applicable, or victim's estate disputes the amount of restitution. The court shall determine the amount of full restitution by a preponderance of the evidence.
- C. All restitution payments shall be credited against any recovery of economic loss in a civil action brought by the victim or the victim's estate against the offender. No person may introduce evidence of an award of restitution under this section in a civil action for purposes of imposing liability against an insurer under Ohio R.C. 3937.18.
- D. The court may order that the offender pay a surcharge, of not more than five percent (5%) of the amount of the restitution otherwise ordered, to the entity responsible for collecting and processing restitution payments.
- E. The victim, victim's attorney, if applicable, or the attorney for the victim's estate may request that the prosecutor in the case file a motion, or the offender may file a motion, for modification of the payment terms of any restitution ordered. If the court grants the motion, it may modify the payment terms as it determines appropriate but shall not reduce the amount of restitution ordered, except as provided in Ohio R.C. 2929.281(A).
- (2) Fines. A fine in the following amount:
- A. For a misdemeanor of the first degree, not more than one thousand dollars (\$1,000);
- B. For a misdemeanor of the second degree, not more than seven hundred fifty dollars (\$750.00);
- C. For a misdemeanor of the third degree, not more than five hundred dollars (\$500.00);
- D. For a misdemeanor of the fourth degree, not more than two hundred fifty dollars (\$250.00);
- E. For a minor misdemeanor, not more than one hundred fifty dollars (\$150.00).
- (3) Reimbursement of costs of sanctions.
- A. Reimbursement by the offender of any or all of the costs of sanctions incurred by the government, including, but not limited to, the following:
- All or part of the costs of implementing any community control sanction, including a supervision fee under Ohio R.C. 2951.021 and the costs of global positioning system device monitoring;
 - All or part of the costs of confinement in a jail or other residential facility, including, but not limited to, a per diem fee for room and board, the costs of medical and dental treatment, and the costs of repairing property damaged by the offender while confined.
- B. The amount of reimbursement ordered under subsection (a)(3)A. of this section shall not exceed the total amount of reimbursement the offender is able to pay and shall not exceed the actual cost of the sanctions. The court may collect any amount of reimbursement the offender is required to pay under that subsection. If the court does not order reimbursement under that subsection, confinement costs may be assessed pursuant to a repayment policy adopted under Ohio R.C. 2929.37. In addition, the offender may be required to pay the fees specified in Ohio R.C. 2929.38 in accordance with that section.
- (ORC 2929.28)
- (b) Jail Terms.
- (1) Except as provided in Ohio R.C. 2929.22 or 2929.23 of the Revised Code, and unless another term is required or authorized pursuant to law, if the sentencing court imposing a sentence upon an offender for a misdemeanor elects or is required to impose a jail term on the offender pursuant to this General Offenses Code, the court shall impose a definite jail term that shall be one of the following:
- A. For a misdemeanor of the first degree, not more than one hundred eighty days;
- B. For a misdemeanor of the second degree, not more than ninety days;
- C. For a misdemeanor of the third degree, not more than sixty days;
- D. For a misdemeanor of the fourth degree, not more than thirty days.
- (2) A. A court that sentences an offender to a jail term under this section may permit the offender to serve the sentenced in intermittent confinement or may authorize a limited release of the offender as provided in Ohio R.C. 2929.26(B). The court retains jurisdiction over every offender sentenced to jail to modify the jail sentence imposed at any time, but the court shall not reduce any mandatory jail term.
- B. 1. If a prosecutor, as defined in Ohio R.C. 2935.01, has filed a notice with the court that the prosecutor wants to be notified about a particular case and if the court is considering modifying the jail sentence of the offender in that case, the court shall notify the prosecutor that the court is considering modifying the jail sentence of the offender in that case. The prosecutor may request a hearing regarding the court's consideration of modifying the jail sentence of the offender in that case, and, if the prosecutor requests a hearing, the court shall notify the eligible offender of the hearing.
2. If the prosecutor requests a hearing regarding the court's consideration of modifying the jail sentence of the offender in that case, the court shall hold the hearing before considering whether or not to release the offender from the offender's jail sentence.
- (3) If a court sentences an offender to a jail term under this section and the court assigns the offender to a county jail that has established a county jail industry program pursuant to Ohio R.C. 5147.30, the court shall specify, as part of the sentence, whether the offender may be considered for participation in the program. During the offender's term in the county jail, the court retains jurisdiction to modify its specification regarding the offender's participation in the county jail industry program.
- (4) If a person is sentenced to a jail term pursuant to this section, the court may impose as part of the sentence pursuant to Ohio R.C. 2929.28 a reimbursement sanction, and, if the local detention facility in which the term is to be served is covered by a policy adopted pursuant to Ohio R.C. 307.93, 341.14, 341.19, 341.21, 341.23, 753.02, 753.04, 753.16, 2301.56, or 2947.19 and Ohio R.C. 2929.37, both of the following apply:
- A. The court shall specify both of the following as part of the sentence:
- If the person is presented with an itemized bill pursuant to Ohio R.C. 2929.37 for payment of the costs of confinement, the person is required to pay the bill in accordance with that section.
 - If the person does not dispute the bill described in subsection (b)(4)A.1. of this section and does not pay the bill by the times specified in Ohio R.C. 2929.37, the clerk of the court may issue a certificate of judgment against the person as described in that section.
- B. The sentence automatically includes any certificate of judgment issued as described in subsection (b)(4)A.2. of this section.
- (ORC 2929.24)
- (c) Organizations. Regardless of the penalties provided in subsections (a) and (b) hereof, an organization convicted of an offense pursuant to Section 501.11 shall be fined, in accordance with this section. The court shall fix the fine as follows:

Type of	Maximum
<u>Misdemeanor</u>	<u>Fine</u>
First degree	\$ 5000.00

Third degree	3000.00
Fourth degree	2000.00
Minor	1000.00
Misdemeanor not specifically classified	2000.00
Minor misdemeanor not specifically classified	1000.00

- When an organization is convicted of an offense that is not specifically classified, and the section defining the offense or penalty plainly indicates a purpose to impose the penalty provided for violation upon organizations, then the penalty so provided shall be imposed in lieu of the penalty provided in this subsection (c).
 - When an organization is convicted of an offense that is not specifically classified, and the penalty provided includes a higher fine than the fine that is provided in this subsection (c), then the penalty imposed shall be pursuant to the penalty provided for the violation of the section defining the offense.
 - This subsection (c) does not prevent the imposition of available civil sanctions against an organization convicted of an offense pursuant to Section 501.11, either in addition to or in lieu of a fine imposed pursuant to this subsection (c).
- (ORC 2929.31)
- (d) Forfeiture. In addition to any other sanction imposed upon an offender for violation of Chapter 549, Weapons and Explosives, of these Codified Ordinances, the court shall order the forfeiture of any property that is an instrumentality that is used or intended to be used in the commission of the offense, in accordance with the provisions of Ohio Revised Code Chapter 2981, as is now or may be hereafter enacted. (a) (1) The municipal court that has territorial jurisdiction over the residence of the owner, keeper, or harborer of a dog shall conduct any hearing concerning the designation of the dog as a nuisance dog, dangerous dog, or vicious dog.

519.01 SHORT TITLE.

This chapter may be cited as the Richmond Heights Clean Indoor Air Ordinance.

(Ord. 143-93. Passed 3-8-94.)

519.02 FINDINGS; INTENT.

(a) Council finds that tobacco smoke is a major contributor to indoor air pollution and that smoking in enclosed areas is detrimental to the health, welfare, comfort and environment of nonsmokers; that exposure to secondhand smoke is acutely harmful to nonsmokers with cardiovascular or respiratory disease; that the United States Surgeon General has determined that involuntary smoking is a cause of disease, including lung cancer, in healthy nonsmokers; that smoking in certain enclosed areas is a public nuisance and a cause of material annoyance, discomfort and physical irritation to nonsmokers; that nonsmokers who suffer ill effects of breathing secondhand smoke may experience a loss of job productivity and may be prevented from using commercial establishments and other public places; that smoking is a major cause of fires, as well as burns and ash stains on merchandise and fixtures that cause losses to businesses in the City; that courtesy and voluntary smoking restrictions are not sufficient in all cases to adequately resolve concerns relating to secondhand smoke; and that nonsmokers presently have no adequate means to protect themselves from the damage inflicted upon them when they involuntarily inhale smoke emitted from cigarettes, cigars, pipes and other smoking materials.

(b) Council intends that the restrictions and limitations of this chapter be viewed as minimum standards and should not be construed as limiting in any way the authority of the persons in charge of public places or places of employment from entirely prohibiting smoking within their establishments or any part thereof. It is not the intent of Council to prohibit smoking or the sale of tobacco products, but rather to affirm the right of nonsmokers to breathe clean air.

(Ord. 143-93. Passed 3-8-94.)

 - (4) Enforcement. Smokers shall be affirmatively directed to designated smoking areas and persons smoking in violation of this chapter shall be requested to stop.
 - (5) Resolution of disputes. In any dispute arising under this chapter, the rights of the nonsmokers shall be given preference over consideration of the smoker.
- (Ord. 143-93. Passed 3-8-94.)

519.05 SMOKING IN PLACES OF EMPLOYMENT.

(c) Responsibilities of Employers. The employer in charge of a place set forth in subsection (a) or (b) hereof shall utilize his or her best efforts to ensure that the following provisions are met with regard to such places:

- (1) Smoking policy. Within one week of the effective date of this section, each employer of ten or more employees shall adopt, implement and maintain a written smoking policy which contains, at a minimum, the restrictions in this section, the rights and responsibilities of employees and actions that will be taken to ensure that the policy is effective. The policy shall be communicated to all employees within three weeks of its adoption and at least yearly thereafter. All employers shall supply a written copy of the smoking policy to any prospective employee who so requests and to all new employees within one week of commencing their employment. This paragraph shall not be interpreted or construed to exempt employers of fewer than ten employees from any other requirement of this chapter.
 - (2) Signs.  - (6) Work areas. If, due to the proximity of smokers, size of the work area, poor ventilation or other factors, the restrictions in this section do not reduce the effects of smoke in an employee's work area to the satisfaction of the employee, the employer shall make additional accommodation by reassigning the employee to a different work area, by further restricting smoking in the place of employment or by implementing other measures reasonably designed to minimize or eliminate the effects of smoke on the employee.
 - (7) Nondiscrimination. No employer shall discharge, refuse to hire or in any manner discriminate against any employee or applicant for employment because such employee or applicant exercises on behalf of himself, herself or others any rights afforded him or her by the employer's smoking policy or by this chapter.

- (Ord. 143-93. Passed 3-8-94.)

519.07 DESIGNATION OF SMOKING AREAS.

Smoking areas may be designated in accordance with this Section by proprietors or employers in charge of places set forth in Sections 519.04(b) and 519.05(b), except in places in which smoking is otherwise prohibited by law. Where smoking areas are designated, signs indicating that smoking is permitted shall be posted pursuant to Sections 519.04(c)(1) and 519.05(c)(2).

- (a) Number and Size. Not more than fifty percent (50%) of the total floor space of any establishment, or portion thereof, within Section 519.04(b) or 519.05(b) may be designated as a smoking area. In the case of establishments consisting of a single room, not more than fifty percent (50%) of the room may be designated as a smoking area. In the case of establishments consisting of more than one room, not more than fifty percent (50%) of the rooms may be designated as smoking areas. Rooms with a total floor space of fewer than 2,500 square feet may not be separated into smoking and no-smoking areas, except

that this restriction does not apply to eating establishments.

- (b) **Barriers and Ventilation.** Smoking areas may be designated using existing barriers and ventilation systems to the maximum extent practicable, consistent with good engineering practices, to minimize the migration of smoke to adjacent no-smoking areas. Where modifications are made to existing establishments for other reasons, barriers shall be consistent with good engineering practices to further minimize the migration of smoke to adjacent no-smoking areas, provided that persons undertaking such modification shall not be required to incur any expense to meet the requirements of this subsection. Where new establishments are constructed, barriers and ventilation systems shall be designed and operated to the maximum extent practicable, consistent with good engineering practices, to minimize the migration and recirculation of smoke to no-smoking areas.
- (c) **Placement.** A smoking area may not be designated adjacent to an indoor service line or between a no-smoking area and the source of fresh air. Where practicable, smoking areas shall not be designated such that nonsmokers would be required to pass through such areas on a routine basis in order to perform job duties, to patronize an establishment or to reach a no-smoking area. Special consideration shall be given to individuals with a hypersensitivity to tobacco smoke.
- (d) **Prohibition Permitted.** This section shall not be interpreted or construed to require persons in charge of places set forth in Section 519.04(b) or 519.05(b) to provide smoking areas. Notwithstanding any other provision of this chapter, any proprietor or employer in charge of an establishment may declare the entire establishment as a no-smoking area.

(b) No person shall smoke in any area restricted by this chapter.

(c) Whoever violates any provisions of this section is guilty of a minor misdemeanor. A separate offense shall be deemed committed each day during or on which a violation occurs or continues. Punishment shall be as provided in Section 501.99.

(a) Establish a telephone number through which all complaints by citizens relating to violations of this chapter may be directed or referred;

(b) Require, while an establishment is undergoing otherwise mandated inspections, a "self-certification" from the owner, manager, operator or other person having control of such establishment that all requirements of this chapter have been complied with. Other Municipal departments conducting otherwise mandated inspections shall cooperate with the Fire Department in obtaining such self-certifications.

(c) For establishments found out of compliance with this chapter or receiving repeated citizen complaints:

(1) Provide to the proprietor or employer a copy of this chapter and such advisory assistance to rectify future violations as may be necessary to achieve compliance with this chapter;

(2) Follow up such investigation and advice with a written directive explaining, in detail, the steps required in order to achieve future compliance with this chapter; and

(Ord. 143-93. Passed 3-8-94.)

519.10 EDUCATION.

The Fire Department shall engage in a continuing program to inform and clarify the purposes of this chapter to citizens affected by it, and to guide proprietors and employers in their compliance. The Fire Department shall prepare guidelines for the designation of smoking areas, including, but not limited to, the number, size, barriers, ventilation and placement of such areas, and shall encourage proprietors and employers to utilize the guidelines in designating such areas.

(Ord. 143-93. Passed 3-8-94.)

519.11 COOPERATION BY GOVERNMENTAL AND EDUCATIONAL AGENCIES.

The Mayor shall annually request such governmental and educational agencies not under the jurisdiction of the City, having offices within the City, to establish local operating procedures to cooperate and comply with this chapter, and shall urge enforcement of their existing smoking restrictions.

(Ord. 143-93. Passed 3-8-94.)

If the information deciphered by the transaction scan performed under subsection (b)(2)A. of this section fails to match the information printed on the driver's or commercial driver's license or identification card presented by the card holder, or if the transaction scan indicates that the information so printed is false or fraudulent, neither the seller nor any agent or employee of the seller shall sell, give away or otherwise distribute any cigarettes, other tobacco products, or alternative nicotine products to the card holder.
- C. Subsection (b)(2)A. of this section does not preclude a seller or an agent or employee of a seller from using a transaction scan device to check the validity of a document other than a driver's or commercial driver's license or identification card, if the document includes a bar code or magnetic strip that may be scanned by the device, as a condition for selling, giving away or otherwise distributing cigarettes, other tobacco products, or alternative nicotine products to the person presenting the document.
- (3) Rules adopted by the Registrar of Motor Vehicles under Ohio R.C. 4301.61(C) apply to the use of transaction scan devices for purposes of this subsection (b) and subsection (c) of this section.
- (4) A. No seller or agent or employee of a seller shall electronically or mechanically record or maintain any information derived from a transaction scan, except for the following:

- D. - (5) Nothing in this subsection (b) or subsection (c) of this section relieves a seller or an agent or employee of a seller of any responsibility to comply with any other applicable local, state or federal laws or rules governing the sale, giving away or other distribution of cigarettes, other tobacco products, or alternative nicotine products.
- (6) Whoever violates subsection (b)(2)B. or (b)(4) of this section is guilty of engaging in an illegal tobacco product or alternative nicotine product transaction scan, and the court may impose upon the offender a civil penalty of up to one thousand dollars (\$1,000) for each violation. - A. A card holder attempting to purchase or receive cigarettes, other tobacco products, or alternative nicotine products presented a driver's or commercial driver's license or an identification card.
- B. A transaction scan of the driver's or commercial driver's license or identification card that the card holder presented indicated that the license or card was valid.
- C. The cigarettes, other tobacco products, or alternative nicotine products were sold, given away or otherwise distributed to the card holder in reasonable reliance upon the identification presented and the completed transaction scan.
- (2) In determining whether a seller or an agent or employee of a seller has proven the affirmative defense provided by subsection (c)(1) of this section, the trier of fact in the action for the alleged violation of subsection (a) of this section shall consider any written policy that the seller has adopted and implemented and that is intended to prevent violations of subsection (a) of this section. For purposes of subsection (c)(1)C. of this section, the trier of fact shall consider that reasonable reliance upon the identification presented and the completed transaction scan may require a seller or an agent or employee of a seller to exercise reasonable diligence to determine, and that the use of a transaction scan device does not excuse a seller or an agent or employee of a seller from exercising reasonable diligence to determine, the following:
- A. Whether a person to whom the seller or agent or employee of a seller sells, gives away or otherwise distributes cigarettes, other tobacco products, or alternative nicotine products is twenty-one years of age or older;
- B. Whether the description and picture appearing on the driver's or commercial driver's license or identification card presented by a card holder is that of the card holder.
- (3) In any criminal action in which the affirmative defense provided by subsection (c)(1) of this section is raised, the Registrar of Motor Vehicles or a Deputy Registrar who issued an identification card under Ohio R.C. 4507.50 to 4507.52 shall be permitted to submit certified copies of the records of that issuance in lieu of the testimony of the personnel of or contractors with the Bureau of Motor Vehicles in the action.

- (3) If the property is not covered under subsection (a)(1) hereof, and the physical harm is such that the property cannot be restored substantially to its former condition, the value of the property, in the case of personal property, is the cost of replacing the property with new property of like kind and quality, and in the case of real property or real property fixtures, is the difference in the fair market value of the property immediately before and immediately after the offense.

(b) As used in this section, "fair market value" has the same meaning as in Section 545.02(c)(3).
