INTRODUCED BY: Morgan

**A RESOLUTION APPROVING A REVISED FINAL PLAT FOR PHASE I

- A. Consistent with the proposed revised plat, approve reconfiguration of the lot lines for Lot Nos. 65, 66, 67, 68, 69, 72, 73 and 74 so as to be located outside of the flood plain, but maintain the 5,000 square foot minimum lot area required for each lot and approve the reduction of certain lot depths from 150 to 145 feet provided all minimum yard setback requirements are complied with upon the construction of homes on the lots;
- B. The City of Richmond Heights agrees to accept as grantee a conservation easement over the area shown on the plat for a limited term not to exceed September 1, 2008 and to execute a conservation easement agreement to that effect; and
- C. Deny the proposal to create a non-developed area designated as "Block Q" (the area formerly approved with a private street and townhouse lots).

WHEREAS, upon due consideration and consultation with DMD, this Council desires to approve the recommendation of the Planning and Zoning Committee of Council in furtherance of the public health, safety and general welfare of the residents of the City; and

WHEREAS, subsequent to the Council Committee's recommendation, DMD has agreed to replace the proposed Block Q shown on the proposed revised plat with the private street layout originally proposed for the plat of Phase I and the final development plan but with certain lots for townhomes being either reconfigured or eliminated in favor of a detached single-family home lot, as set forth on a modified revised plat document submitted to Council on April 8, 2008, and reviewed by the City Engineers Office;
